## Patronage Racket Is Denounced

Smith Urges Appointments  
On Merit Basis At  
Newton Forum

Congressman Thomas V. Smith of Illinois denounced the "patronage racket" among politicians in an address on the "Higher Sportsmanship in Politics," at the third meeting of the Newton Community Forum on Sunday at the high school before an audience of about 700 persons. The patronage racket is "the most serious menace to the democratic form of government," he said, adding that a great many politicians are engaged in it. As a remedy he advocated the appointment of persons to governmental office on a merit basis and their employment under civil service.

He upheld the righteousness of politicians in general and declared that they have a "higher sense of sportsmanship."

Congressman Smith offered a unique definition of a politician, saying, "He is a man who can compromise an issue without compromising himself and who can give an issue clean away without giving himself away."

The speaker is an example of the professor in politics, being a member of the faculty of the University of Chicago. He is an independent Democrat and the author of "The Democratic Way of Life" and "The Legislative Way of Life." He distinguished himself for his battle with the Kelly-Nash machine in Chicago.

Professor Kirtley F. Mather, president of the Forum, introduced the speaker and presided at the question period. The next session of the Forum will be on Sunday, Dec. 14, after which there will be no session until January 4, due to the holiday season.

## CITY EMPLOYEES ASK RAISE IN PAY

### More Mock Air Raids Sunday

Over 1300 Air Raid Wardens To Participate In Widespread "Bombing" Exercises Here

Incidents To Be Marked By Red Flags and Flares

Thirteen hundred and fifty wardens of the Newton Air Raid Preparations services will engage in a "bombing" exercise throughout Newton on Sunday, December 7, between 1:30 and 8:00 p. m. in order to test the efficiency of the organization. While air raid precaution demonstrations have been held in many communities, it is believed that this mock raid in Newton is the most comprehensive rehearsal ever to be attempted in this country.

The mock air raid will not take place simultaneously over the entire city but two or more villages will be subjected to the raid each hour and every warden in Newton some time during the day will hear over his telephone the "yellow warning" which is the preliminary warning that sends him hurrying to his post headquarters. After the grim red warning is received at the Post, which indicates that a raid is imminent, each warden will go to his or her individual area for an hour of duty and action if "bombs" fall in that particular area. Not one of Newton's wardens will know in advance exactly when he will be called to duty nor will he know when to expect an incident to occur when he is on duty.

Nearly every one of the 1350 wardens in Newton will have a "bombing" or an "incident," as it is called in A. R. P. language, occur in his area but Newton should not be severely damaged as the bombs in this mock raid will consist of pieces of red cloth during the daylight hours and red flares after dark. A tag will be attached to each piece of cloth or flare showing the type of bomb, the number of casualties, the amount of damage and whether fire has resulted. High explosives, incendiaries and deadly war gas will be indicated by these tags. The tags and markers will be placed at the scenes of "incidents" by specially appointed workers who will act without the prior knowledge of the wardens.

The warden will quickly make out his report and send it to his Post either by telephone or by messenger and the post-warden will relay it to the telephone room of the Newton A. R. P. Report Center. The authorities at the Report Center, which brings together all of the safety services of Newton, would immediately send out needed equipment to the scene of the disaster if this were an actual raid but this first mock raid practice ends with the receipt of the report at the Report Center.

## Christmas Vespers Service

High School Groups In Annual Musicales

The annual Christmas Vesper Service of the Newton High School will be held in the High School auditorium Sunday, December 7, at 4 p. m. Groups participating will be the Verse Speaking Choir, the Girls' Chorus, the Boys' Chorus, the Glee Club, and a Brass Ensemble. All are invited to attend.

The program arranged by James H. Remley, director of music in the Newton schools, includes offerings by a brass ensemble, the verse-speaking choir, boys' and girls' choruses and the glee club. Members of the school faculty will direct the various groups. William Winston will direct the brass ensemble, Miss Helen E. Nute the verse-speaking choir, J. Collins Lingo and Vincent Jurgielewicz the choruses and Mr. Remley the glee club. Allan Booth will be the organist, Miss Gladys Cunningham, soloist, and Mrs. George H. Hardy the accompanist.

"Silent Night" and other carols will be sung with the program closing with "Adeste Fidelis."

## Canvassers on Campaign For Newton Churches

Over seven hundred of the nine hundred canvassers, committee-men and clergymen of the Newton United Every Member Canvassers gathered at the First Baptist Church last Thursday evening. The meeting was preceded by a dinner at the Newton Centre Woman's Clubhouse. Stuart C. Rand, former head of the Boston Community Fund Campaign, was the speaker of the evening. He stressed the value of working together in a common cause.

Mr. Rand expressed the belief that the churches are taking a strong forward step in coordinating their campaigns in such a canvass.

James B. Melcher, general chairman of the United Every Member Canvassers, urged every worker to prove the value of the united effort by being confident and unafraid to ask people to give more than ever; to regard it not as a casual duty but a great privilege to come ahead of all others. He reminded the workers that the new venture is being watched from all parts of the country as it was the first such effort of its kind and that all had a personal stake in its success in order to show all citizens that the churches of America can lead the way in preserving national unity in a common cause.

Rev. Charles O. Farrar, president of the Newton Ministers' Association, reported that his associates were pleased by the intensive interest shown by the laymen of the churches. Over 100 men served on the several committees of the organization and detail, while members of various churches met in "mailing bees" to prepare printed matter for the mails.

Those present at the head table included: Stuart C. Rand, Mayor Paul M. Goddard, Maynard Hutchinson, manager, Greater Boston

Board 114 (Wards 6 and 7): Erwin Starr, 142 Hobart rd.; and Alexander Kevorkian, 26 Eastbourne rd.

Board 114 has been notified to send one man and in addition to send Alexander Kevorkian as a registrant of a board in Cleveland, Ohio, where he had been living at the time of registration. Board 113 also notified Paul Akana of 114 Hancock St., Auburndale, who is now in New York, to report for examination at an induction station there.

The men will report at city hall and will be transported to the Army induction station where they will be given physical examinations and then return to their homes. Those who pass the physical examinations will be inducted into the service in January.

## Glee Club In Annual Concert

Outstanding Contralto Is Guest Soloist

Comprising nearly a hundred voices, the Highland Glee Club of Newton will present its 73rd concert next Tuesday evening, December 9th, in the auditorium of Newton High School.

For its guest artist, the Highland Glee Club will bring to Newton, Louise Bernhardt, an outstanding young contralto, winner of a national music contest, who

has sung with the Chicago Opera Company under Polacco and is currently appearing with "The New Opera Company" of New York. Miss Bernhardt in her transatlantic tour received enthusiastic praise from music critics from coast to coast.

Dr. Ralph MacLean, conductor of the Highland Glee Club, has assembled a program of richness, power, change of pace and strong appeal, that again testifies to his commanding skill. Into a program marked by religious dignity and classical expression have been added European peasant and Negro work songs and an entirely new group of Christmas carols.

Sung for the first time will be a composition dedicated to the Highland Glee Club of Newton by its composer Harry Davies. In memory of the late Karl Switzer, for fifteen years its beloved accompanist, the Club will sing Brahms "How Lovely Is Thy Dwelling Place." The concert will begin at 8:15 o'clock.

## Want Land in Factory Zone

Nearly 50 residents of the Newton Upper Falls section of the city have endorsed a petition of the Saco-Lowell Shops for a change of land near the plant from a zone of private residence to one of manufacturing status. The area concerned in the requested change was described as bounded by the Charles River, the railroad, manufacturing land adjacent to the railroad and Sweet St., unzoned land at the end of Sweet St., by Butts St., and the land of Guido and by lands formerly of the Saco-Lowell Shops between Butts St. and the river.

Residents endorsing the petition describe themselves as tenants and property owners of Butts, Oak, Saco, Sweet and Williams sts., and Williams court. The zoning petition was signed by the Saco-Lowell Shops and the endorsing petition headed by Stowe & Woodward.

## Delegation Visits Mayor With Petition Signed By 300 Employees of Several Depts.

"Wanna Buy a Duck?"

The popular saying of a few years ago is now the slogan of the Newton Recreation Department although possibly the word "buy" is not the proper designation of the results sought by that division. "George" is the duck—and George is out of luck for a winter home unless some tender-hearted person comes to the assistance of the Recreation Dept.

One of about two score ducks which have inhabited Bullough's pond during the past summer George is left alone. His companions have "gone to Florida" for the winter as many Newton residents are wont to do. But George cannot go. His wings were clipped at some time and he is unable to "take off" into the stratosphere. The residents around the pond have become fond of George and Recreation Commissioner F. Ewing Wilson has issued an appeal for some person to give the duck a winter home with the understanding that it will be replaced in the pond next spring.

## Auxiliary Police To Be Named

Defense Unit Must First Be Made Legal

There being no provision in the city ordinances for the appointment of an auxiliary police force, the Newton Board of Aldermen will be asked to enact the necessary legislation in order to legalize the formation of an auxiliary unit formed to aid in defense work. Chief Michael T. Hughes of the regular police force has obtained badges for the members of the auxiliary force of 150 which has been formed but will not issue the insignia until the new ordinance is effective. City Solicitor Joseph W. Bartlett ruled that there is no provision for the appointment of the auxiliary force.

Under the direction of State Representative Douglass B. Francis and Chief Hughes, the men selected for the auxiliary force will start training for traffic duty in the event of an emergency. A list of traffic posts and detours to be used if the need arises has been drawn up. Members of the auxiliary force will take part in the air raid demonstration to be held throughout the city next Sunday.

## Annual Senior Play at Newton High School

The senior class of the Newton High School presents "The Taming of the Shrew," as its annual production on Friday afternoon and Saturday evening of this week in the school auditorium. The setting of the production will be of the present time and costumes will be in modern dress, although the play was written by William Shakespeare.

Miss Irene Haworth of the English department has coached the cast which will have Jerry Downs as "Petruchio" and Marion Mallon as "Katharina" in the leads. A strong supporting cast promises a well-portrayed and hilarious entertainment.

## Ask 20 Percent to Meet Higher Living Costs

Asking a twenty per cent increase in wages to meet the increased costs of living some three hundred employees of various city departments have presented to Mayor Goddard a petition. A delegation of fifteen members of the Newton City Employees Union headed by Thomas Moran, president, visited the chief executive this week. The delegation represented laborers and mechanics of the sewer and highway divisions of the Street Department, the Recreation department, the Water department, and the chauffeurs and janitors of the Library department.

Accompanying the petition was a letter signed by President Moran quoting the U. S. Bureau of Labor as stating that the cost of living had risen 55 per cent. The period covered by this increase was not stated. Attached to the petition was also a newspaper clipping stating that living costs were 5.3 per cent higher in October of this year than in the same month of 1940.

Mayor Goddard assured the delegation that the request would be taken under consideration and studied. The request is the first of city employees for increased wages for the coming year. Several weeks ago the school committee in discussing the new salary schedule adopted at that time pointed out that the schedule was based upon a revision of the principles of a salary schedule and gave no consideration to increased living costs. It was further pointed out that the question of increased salaries due to higher living costs was a matter which would affect all municipal employees.

The request is similar to those made in other cities and towns throughout the state in recent weeks.

## Henry B. Day Dies in W. Newton

Henry B. Day of 321 Chestnut St., West Newton, senior partner of R. L. Day & Co., Boston bankers, and president of the Day Trading Company, died suddenly on Monday morning, December 1. He was taken ill at the West Newton railroad station while waiting for a train and died before reaching the Newton Hospital.

Mr. Day was born in West Newton on July 20, 1882, the son of Robert Lansing Day and Mary Ann (Goddard) Day. He attended the Framingham High School, the School of Mechanical Arts (an adjunct of the Massachusetts Institute of Technology) and the Bryant & Stratton School.

In 1880 he joined the staff of R. L. Day & Co. which had been founded by his father in 1865, and in 1889 became a partner in the firm. He became a member of the New York Stock Exchange in March of 1914 and had been president of the Day Trust Company since it was organized in 1929. He was a member of the corporation of the Warren Institution for Savings, an incorporator of the West Newton Savings Bank, a trustee of the Newton Y. M. C. A., a member of the board of sinking fund commissioners of Newton, and was formerly a trustee of Mt. Holyoke College. He served on the Newton Board of Aldermen in 1902 and 1903.

He was active in the formation of the Brae Burn Country Club and served as its president from 1921 to 1928, was a member of the Wianno Club, of which he was president from 1934 to 1937 and

### Recent Weddings

#### REW-LIMING

Miss Elizabeth Liming, daughter of Mr. and Mrs. Melville D. Liming of 48 Ballard st., Newton Centre, was married to Robert E. Rew, Jr., son of Mr. and Mrs. Robert E. Rew of Spring Valley, New York, on Saturday evening, November 29, in Trinity Church, Newton Centre. Rev. Edward T. Sullivan, D.D. performed the ceremony at 8 o'clock. White candles, chrysanthemums and asparagus fern formed the decorations at the church. A reception followed at the home of the bride's parents where the decorations were of white chrysanthemums.

The bride wore a princess gown of ivory satin with a veil of tulle and old duchess lace caught to a cap of orange blossoms. She carried white orchids and bouvardia. Miss Alfreda B. Dempsey, the maid of honor, wore lime green faille and carried chrysanthemums. The bridesmaids, Miss Betty Stone and Mrs. Norman W. Dow, wore gowns of gold and bronze faille and carried chrysanthemums of matching shades. The bride's mother wore a gown of gray-green crepe and the groom's mother wore dark red velvet.

John W. Enell was the best man. The ushers were Robert W. Liming, Howard J. Potter, Richard N. Ball, Philip E. Parker and Julian A. Wilhelm.

The bride attended Miami University, Oxford, Ohio, Wellesley College and the Boston School. The groom was graduated from the Lawrenceville School, Yale University and the Harvard Law School. He is now on active duty with the U. S. Naval Reserve.

#### McMULLEN-JOYCE

Miss Alice Cecelia Joyce, daughter of Mr. Joseph Joyce of 43 Gilbert st., West Newton, was married to William James McMullen of 160 Chestnut st., Waltham, on Saturday morning, November 29, in St. Bernard's Church, West Newton. Rev. Patrick O'Hara of Silver Spring, Maryland, a cousin of the groom, performed the ceremony. A reception followed at the Woodland Country Club.

The bride wore a princess gown of white satin and lace with a tulle veil which fell from a coronet of satin and seed pearls. Her bouquet was of carnations and white carnations. Miss Mary C. Joyce, sister of the bride, was the maid of honor. She wore gold faille and carried yellow and bronze pompons. The bridesmaids, Miss Adelaide McDewitt of Waban and Miss Mary C. Cummings of Waltham, wore gowns of the bride, wore gowns of bronze faille and carried gold and bronze pompons. Henry D. McMullen, brother of the groom, was the best man. The ushers were James McMullen and Arthur McMullen, brothers of the groom.

On their return from a trip to Florida Mr. and Mrs. McMullen will reside at 43 Gilbert st., West Newton.

The bride was graduated from the Newton High School and the groom from St. Charles High School in Waltham.

### Legion Band Sees 'A Yank in the R.A.F.'

As guests of the West Newton Theatre to see the feature "A Yank in the R.A.F." the American Legion Band of Newton Post No. 48 paraded from Newtonville to the theatre. Led by attractive Drum Major, Charlotte Shork, recently elected, the band received much applause along the route and in front of the theatre.

Ross Denison, manager of the band, is making plans for the band to attend the National Convention in New Orleans next fall. Drum Major, Charlotte Shork, the daughter of Professor and Mrs. John W. L. Shork, cut a very fancy figure in the parade, as she likewise did in the recent Santapan parade in Boston. Miss Shork, a student at Newton High is also a baton swinger in the High School Band.

#### FOWLER-HANSON

Miss Helga Hanson of Waltham was married to Paul Gordon Fowler of Boston, on Sunday evening, November 30, at the home of her aunt, Mrs. Carl Frederickson of 31 Falmouth rd., West Newton. Rev. G. Erik Hagg of the First Lutheran Church of Waltham, performed the ceremony at 7 o'clock.

The bride wore a gown of white crepe with a corsage of white gardenias. She was attended by her aunt, Mrs. Frederickson, who wore rose taffeta with a corsage of sweetheart roses. William Fowler, brother of the groom, was the best man.

On their return from a wedding trip to New York Mr. and Mrs. Fowler will reside in Boston.

#### BAILEY-KILEY

Miss Elizabeth F. Kiley, daughter of Mr. and Mrs. Maurice D. Kiley of 40 Union st., Watertown, was married to Royal M. Bailey, son of Mr. and Mrs. Earl M. Bailey of 71 Tolman st., West Newton, at 7:30 on Saturday evening, November 29, in the parsonage of the Immanuel Methodist Church, Waltham. Rev. Edson G. Waterhouse performed the ceremony.

Miss Emily Kiley of Watertown was the maid of honor and Richard I. Knowles of Waltham was the best man.

Following a wedding trip to New York Mr. and Mrs. Bailey will reside at 197 School st., Waltham.

#### SEARS-HOLMAN

Miss Clare Louise Holman, daughter of Mr. and Mrs. Frank P. Holman of Westview terrace, West Newton, was united in marriage to Mr. Zenas Sears, son of Mr. and Mrs. Charles M. Sears, of Cambridge and Dorset, Vermont, on Saturday, November twenty-ninth. The ceremony took place at 7:30 p. m. at the All Saints Church, Atlanta, Georgia. Many guests were present from New England and the South. The bride wore a gown of old ivory moire, with a long train, and a tulle veil with coronet of orange blossoms. She carried a white prayer book decorated with ribbons and flowers. After the ceremony a reception was held at the Women's Club of Atlanta, where the bride and groom were assisted in receiving by their respective parents.

After December fifteenth Mr. and Mrs. Sears will be at home at 163 Fourteenth st., Atlanta, Ga.

#### MARZILLI-D'ANTONIO

Miss Joanne Elaine D'Antonio, daughter of Mr. and Mrs. Parisso D'Antonio of 407 Langley rd., Newton Centre was married to Alfred Marzilli of 215 Adams st., Newton on Saturday morning, November 29, in the Sacred Heart Church, Newton Centre. Rev. Bernard Winn performed the ceremony at 10 o'clock.

The bride wore an Empress Eugenie gown of white brocade duchess satin and a long veil caught to a cap of matching satin trimmed with orange blossoms. Her bouquet was of roses and sweet peas. She was attended by her sister, Miss Mary D'Antonio, who wore sapphire blue taffeta fashioned on medieval lines with a matching turban and carried yellow chrysanthemums and blue bachelor buttons. The bridesmaids were Miss Mary Ann Corrado of Newton Centre, a cousin of the bride, Miss Lydia DiMatteo of Newton Centre, Miss Anne Tocci of Newtonville, Miss Mary Ferrara of Needham Heights, Miss Doris Cormay of Auburndale and Miss Gloria Marchioni of Jamaica Plain. They wore gowns of fuchsia taffeta on medieval lines with shirred sleeves and inserted yokes, with halos matching their gowns, and carried bouquets of yellow and fuchsia chrysanthemums.

Joseph D. Magli of Newton was the best man. The ushers were Joseph and Rocco Marzilli, brothers of the groom, Nicholas Tedeschi, Daniel Cedrone, Victor Colantonio, all of Newton and Albert Volante of Allston.

A reception was held at Gardner Manor, Brookline from six to twelve in the evening.

On their return from a wedding trip to New York and Washington Mr. and Mrs. Marzilli will be at home after December 15 at 215 Adams st., Newton.

The bride is a graduate of the Newton High School and the Franklin Institute.

Elizabeth Kelley as maid of honor. The bridesmaids were Miss Priscilla Hope Chapple of Newton Highlands, Miss Mary Elizabeth Cryan of Newtonville, Miss Ilce Rice of Waban and Mrs. Gardner Herbert Reynolds of Chestnut Hill.

Edgar Center, brother of the groom, was the best man. The ushers were Gardner Herbert Reynolds and George Robert Reynolds, brothers of the bride, Clavin Cronan and Gordon Bond.

The bride is a granddaughter of Mrs. George W. Reynolds of Newton Highlands. She attended Penn Hall in Chambersburg, Pa., and the Kathleen Dell School.

Mr. and Mrs. Center will reside on Warren st. in Needham.

#### CALNAN-CONNELL

Miss Christine A. Connell, daughter of Mr. and Mrs. Patrick F. Connell of 332 Elliot st., Newton Upper Falls was married to Joseph G. Calnan, son of Mrs. Hannah Calnan of 31 Paul st., Newton Centre on Saturday afternoon, November 29, at 3:30 in Mary Immaculate of Lourdes Church, Newton Upper Falls. Rev. William J. O'Connell performed the ceremony. A reception followed at the home of the bride's parents.

The bride wore a gown of powder blue rabbits' hair wool with matching hat and a corsage of tea roses. She was attended by Miss Katherine Connell who wore blue crepe with a matching hat and a corsage of pink roses. Daniel Calnan of Newton Centre was the best man.

Mr. and Mrs. Calnan will make their home in New London, Conn. after December 15.

The bride was graduated from the Newton High School and the groom from the Sacred Heart High School.

#### FATHER AND SONS NIGHT

Central Club holds its annual Father and Sons night Friday evening, Dec. 5, at Central Church, Newtonville. It will have as its special guests one of Harvard's football coaches, and several of the Harvard varsity football stars, such as Peabody, Forte, Frannie Lee, Miller and McVie. There will be slow motion pictures of several of the big Harvard games. Those who find it difficult to follow football strategy as these fast moving plays develop, will find it extremely interesting to see the plays work out through these easily followed pictures. The fathers are requested to bring their sons, and if members have no boy available, one will be provided for each of the men. It will be a historic evening for the boys to meet these big fellows of the football world.

#### LUCY JACKSON CHAPTER, D. A. R.

Lucy Jackson Chapter, D. A. R., is holding a Christmas Sale and 45th Birthday Party on Monday, December 8 from 10 a. m. to 5 p. m. at the Chapter House in Newton Lower Falls. Luncheon will be served at 12:15 by Mrs. Otho L. Schofield and her committee. Members are asked to bring their gifts for the Veterans' Christmas box.

## Take a tip from the Old-Timers

TRAVELING around town here, you'll find Buicks that are still in service after six, eight, ten or even more years.

It's worth noting that these sturdy old Buicks are still serving faithfully and well, for several reasons.

They have the same basic type of engine as the sleek 1942 Buick—a rugged, long-lived, extra-efficient valve-in-head, though it is now made better by FIREBALL combustion.

They have the same dependable drive—a stout torque tube encasing a sturdy steel shaft stretching its unbroken length from transmission to rear axle.

Frames are fundamentally the same now as then; brakes, though hydraulic now, use the same, efficient, self-energizing action.

All the factors that make for strength and long life are still present—plus such further advances as all-coil springs, Domite pistons that squeeze more good from gasoline, Compound Carburetion that spells peak economy with unmatched reserve power.

There's more comfort, more convenience, more beauty, more value in these '42 models.

But what counts is that they're still Buicks—tough, rugged and dependable.

Take a look at what your next car is likely to be up against and ask yourself if that isn't the kind of car it's smart to buy right now.

Available at slight extra cost on Buick Special models, standard on all other series.

### Higher Living Costs

The rapidly increasing cost of living is a direct result of increased governmental spending and the huge expenditures necessary to promote our national defense. It is true that the rapid expansion of many industries allied with the defense work has provided employment for many who have found it difficult in the past decade to make both ends meet. Senator George points out that the national debt is reaching such proportions that of necessity it will have to be amortized over a period of years that will probably touch on three generations, possibly even beyond that. There seems to be no end in sight.

Locally there has been a request for ad-

vanced wages to municipal employees who note the increased cost of living. The situation is one which is of grave concern to all and one which requires careful study. To this end the so-called St. Paul plan, which has been in operation for many years, has come to the forefront as a possible solution. This plan provides a sliding scale of municipal wages and salaries following the trend of living costs based upon formulae which, over a period of years, has apparently proved sound. It deserves and undoubtedly will receive proper consideration before any action is taken. Every citizen, whether he be a taxpayer, tenant, private or public employee, has much at stake.

### Christmas Health Seals

Some 13,000 Newton residents last week received letters announcing the opening of the annual Christmas Health Seal Sale which has done an immeasurable amount of good in preventing and controlling tuberculosis among Newton residents. It should be remembered that all income from the sale of these seals is directed toward local use. As in the past Newton will respond generously in aiding the work which is of such lasting benefit to the health of the community.

### Eligible For Foremen Jobs

The list of eligible men for positions as highway, sewer and water foremen in the City of Newton were announced this week by the State Division of Civil Service.

The five eligible for the highway foreman position are Thomas J. Moran, 14 Phillips lane (veteran); Frederick W. Purcell, 287 Tremont st.; Frank R. Wuest, 53 Churchill st.; Walter F. Murphy, 213 Pearl st.; and Alfred R. Guzzi, 144 Waltham st.

Only one name, that of Joseph

J. Cotter of 167 Melrose st., Auburndale, was certified for sewer foreman.

Two names, Whitman T. Kempton of 168 Elliot st., disabled veteran, and Thomas J. Quinn, 40 Kensington st., Newtonville were listed for water foreman.

Moran was also certified as eligible for the position of state highway foreman and both Kempton and Quinn for the positions of state water foreman.

### Auburndale

—Mrs. H. J. Berg has returned home from a visit to her daughter in Ellsworth, Maine.

### Shop and Mail Early

The Christmas season is rapidly approaching. The postal department has issued its annual request for the early mailing of packages and other Christmas mail in order to expedite and facilitate the handling of the millions of pieces which pass through its offices. Already the time has passed when mail must be sent to many places in order to be delivered before Christmas day. In another week the deadline will be approaching for the mailing of parcels to the far western states and before one realizes it the holiday will be at hand. Do your Christmas shopping and mailing early. And shop in Newton stores.

### Old Things That Explode

Among the odd things that have exploded with considerable violence and noise are freshly mined diamonds, suddenly chilled elephant ivory and the ignited dust of dried milk, declares Collier's.

### Plymouth Rock Split

In 1774, while Plymouth Rock was being raised to be consecrated to liberty, it split in two, an incident regarded as an omen of the separation of the Colonies from England.

### Some Class

## Newton Families

Photo by Bachrach

Another interesting Newton family is the Gardiners who live at 365 Cabot st., Newtonville. It consists of Mrs. Frank D. Gardiner, Nancy, thirteen, and Guy Gibson, ten.

Nancy, who is in the eighth grade at the Day Junior High School, has a full program, even with home work left out of consideration. She plays baseball and basketball, and takes piano

lessons, and goes to the dancing assemblies.

Guy is a member of the fifth grade at the Claffin School. He is one of the drummers in the school band, taking lessons in drumming in his spare time. In addition, he plays on the school and neighborhood football teams, and swims so well that he won his intermediate pin at Crystal Lake 'st summer.

### Nutrition Is Important Phase of Defense Work

Mrs. Robert S. Homans and Prof. Curtis M. Hilliard of the Massachusetts Committee on Public Safety will be the featured speakers at a one-day nutrition conference sponsored by the Newton Committee on Public Safety and Newton Chapter, American Red Cross, to be held in War Memorial Auditorium, Newton City Hall, Friday, Dec. 5, from 10 a. m. to 4 p. m.

Mrs. Homans, director of the Women's Division of the Massachusetts Committee on Public Safety, will describe the impor-

tance of women in the civilian defense picture. Prof. Hilliard, chairman of the Health Division of the state committee and instructor of biology and public health at Simmons College, will discuss Nutrition in the Massachusetts Emergency Program. Mayor Paul M. Giddard of Newton will extend the greetings of the city at the opening session. A feature of the conference will be the demonstration canteen lunch prepared and served by the Newton Women American Red Cross canteen disaster squadron.

### Want Parking On Austin St. Limited to Hour

A public hearing will be held by the Traffic Committee of the Newton Board of Aldermen on Wednesday evening, Dec. 10th, on a request by residents of Austin st., Newtonville, for relief from parking congestion in that vicinity. The plea, signed by 13 residents, seeks a 1-hour parking limit on the south side of the street between Lowell ave. and Walnut st. from 7 a. m. to 6 p. m.

The Traffic Committee, considering a more restrictive measure, announced that the hearing would also cover the possibility of prohibiting parking on the north side of the street. This move would extend the ban on parking on the north side now effective for a short distance from Walnut st., the entire length of the street to Lowell ave.

At present parking on the south side of Austin st. is unlimited except for a short distance from Walnut st. to a point beyond the Red Cross headquarters where it is restricted to an hour.

The residents state in their petition that the street is used for all-day parking and that frequently cars are found blocking driveways. Signers of the petition, all residents of Austin st., include Alice E. Knight, Alfred E. and Gertrude T. Fuller, Lilla G. Taylor, Warren P. Skilton, Francis H. Adams, Mr. and Mrs. E. T. Studley, Elisabeth and Margaret Larrabee, and Jessie E., Albert J. Sr., Albert J. Jr., and Marjorie Shire.

### Newton

### Rotary Club Has Football Squad as Guests

The Monday meeting of the Newton Rotary Club was observed as "Football Day" when the club was host to the Newton High football squad and coaches at Brae Burn. Paul N. Swaffield, well-known football official in the East was the principal speaker. Charles Brickley, famous Harvard drop kicker, also spoke. Guests of honor included Raymond A. Green, principal of the high school; Victor Knappman, new head coach, Warren Huston, former Newton High star and newly appointed assistant coach, and C. E. Johnson, assistant football coach.

Group singing was led by Larry Fredericks with Lou Heffernan at the piano. Dwight Colburn introduced the speaker.

Mr. Swaffield related many interesting experiences in officiating at games of leading colleges, stating that moving pictures often back up the referee's decisions.

He stated that officials have a Rules Book of 80 pages with 115 Sections, 160 Articles, 53 Questions and Answers and a list of 73 Penalties which they are expected to follow. There is also a Manual of Operating consisting of 48 pages which shows various positions and plays. In big games there are as many as 150 plays and over 3000 movements. For press box and radio operators there are 19 different signals which are given by officials on the field.

He spoke of the game as one of the most widely played of any of the leading sports as it is played from coast to coast while big league baseball is limited to the East and Middle West.

Football is one of the best teachers of democracy that the country could possibly have.

Two new members were inducted into the club, C. Ellwood Drake and Gerald A. Foley.

### NEW CARROLL STORE IN NEWTON CENTRE

Carroll's Cut Rate Store will open another shop in this city at 1235 Centre st., Newton Centre on Saturday, December 6th.

The new store will be under the management of Miss Ruth Walters, who is thoroughly experienced in this line of business. The store has been decorated in tea rose and powder blue, and the latest model fluorescent lighting has been installed. Of special interest to women is a completely equipped Perfume Bar, where may be found perfumes from every corner of the globe.

Nationally advertised brands of patent medicines, perfumes and cosmetics will be stocked including products of Helena Rubenstein, Yardley, Coty, Harriet Hubbard Ayer and Early America.

### Vote Against Billboards

The Newton Kiwanis Club, by unanimous vote, went on record at their meeting last Tuesday as being opposed to the erection of additional billboards on New England through highways. The opinion was expressed that small signs at business locations were entirely in order, but that the large signs on our through highways would definitely discourage the valuable New England tourist traffic.

Mr. Frank Perkins was presented by President Raymond A. Green with a reward pin covering thirteen years of perfect attendance. For many years Mr. Perkins was secretary of the local club and is at present chairman of the important Inter-Club Relations Committee. Mr. Perkins is receiving the congratulations of his friends and fellow club members.

Mr. Benjamin F. Louis of the Newton Savings Bank was inducted as a new member of the club. Induction ceremonies were in charge of George White, Chairman of the Membership Committee. Mr. Louis was immediately appointed as a member of the Reception Committee by President Green, and was welcomed as a member of that committee by Chairman Burt Rich.

Leo Noel, Treasurer, reported net profits from the recent Pop Concert of \$107. This fund will be used by the Kiwanis Club in aiding underprivileged children of Newton.

The speaker of the day was Fire Chief Allen, Chief of the Brookline Fire Department. Chief Allen is also a Kiwanian and a member of the Brookline Kiwanis Club. Chief Allen gave a most interesting talk and also showed two reels of moving pictures. He said that years ago the job of firemen was to put out fires, but today, more than anything else, firemen are trained not only to put out fires more quickly and effectively, but they also do a lot of work in preventing fires.

### Form Permanent Committee for Hallowe'en

Permanent organization of a committee of prominent Newton citizens to extend the program of community Hallowe'en parties successfully carried out this year into a more widespread activity was completed recently. The program, which this year undertook 18 parties attended by 1,600 children, will next year take in nearly 70 parties at a score or more places in the city with an expected total attendance of about 4,000.

Sponsored by the Newton Recreation department, the parties were carried out with the co-

operation of the Police Department and the Newton Chamber of Commerce together with a citizens' group. The permanent committee will select local chairmen who in turn will name their assistants. Alderman Theodore Lockwood was chosen chairman of the permanent committee which also includes Alderman Howard Whitmore, Mrs. David E. Goldich, City Clerk Frank M. Grant, Captain Nicholas Vedeucio of the police department, Rupert C. Thompson, secretary of the Chamber of Commerce; Alderman Joseph B. Jamieson, Alderman Edward A. Fahy, Roy S. Edwards, Mrs. Raymond Capobianco, Mrs. Ragna Hovgaard of the recreation department, Mrs. Lincoln Alvord, Supt. of Schools Julius E. Warren, Arthur Swanson, Francis P. Frazier, the School Committee, Winslow Cobb, Jr., Alderman Maxwell Gaddis, and Recreation Commissioner F. Ewing Wilson.

### New Naval Flying Cadet

His preliminary flight training completed at Squantum, Naval Aviation Cadet Arnold H. Burroughs, the son of Mr. and Mrs. Rudolph Burroughs, 80 Dorset rd., Waban, has been assigned to a southern training field for advanced instruction.

PINI; Daniel Pini of 167 Chapel st. and Volia Fantasia of Woburn on Nov. 20 at Watertown by Rev. James T. Smith.

### Building Here Shows Drop

Figures issued by the Newton Public Buildings Department this month reveal a drop in the total valuation of buildings in Newton for eleven months in comparison with a similar period of a year ago. Thus far this year 931 permits have been issued for projects aggregating \$2,609,599 in value compared with \$290 permits having a value of \$2,631,360 last year and \$79 permits valued at \$2,786,775 in 1939.

The largest drop occurred in November when 90 permits were issued valued at \$176,124 against the identical number of permits valued at \$264,996 in November of 1940. Last month there were 22 single dwelling permits and three double dwelling permits issued. The drop is believed largely due to the fear of non-delivery of materials because of shortages resulting from the national defense program.

### MORE OLD SPECTACLES NEEDED

Will you collect all the old, unused eye-glasses and spectacles you and your friends own, and send, or bring them to Mrs. H. C. Fraser, 48 Eldridge st., Newton, or leave them at Hudson's Drug Store, in the square.

As a result of my last appeal, over three hundred pairs were contributed, but there is a great need for more. Surely there are many more in Newton homes that could be doing a great deal of good. Every pair helps.

These old glasses are sent to Mrs. Arthur Terry of Short Hills, N. J., who heads a project to convert these unused articles into money to pay for eye examinations by eye specialists and for new glasses as prescribed for the individual for those who sorely need glasses, but cannot afford them.

Old fitted frames in good condition, are filled with new lenses and the metal frames are melted down and the resulting "optical scrap" is sold. With this money the new glasses are bought.

Save this notice for reference and begin today to collect old glasses to convert into "New Eyes for the Needy."

If you have, or know of, any hearing aids for the deaf, there are not being used will you please send them in and they will be re-conditioned and distributed where they are most needed.

MRS. H. C. FRASER, 48 Eldridge St., Newton.

## We Suggest a Stainless Steel Sink Unit for Christmas

The two pictures show how a kitchen can be transformed with a stainless steel sink unit.

Just imagine what a change a new stainless steel sink would make in your kitchen.

We agree that a kitchen sink is a unique idea for a Christmas gift. But if your family has been using an old-fashioned sink for years there is no gift that they would appreciate more.

The soft lustre of stainless steel makes the sink a thing of beauty—and many conveniences can be incorporated in the cabinets.

Stainless steel sinks will be available for another two or three months—we doubt whether we can get any more after next March.

Call us for an estimate.

### Coming Events

#### Newton Community Club

For the benefit of the philanthropic fund Mrs. Philip H. Germain will sell Christmas corsages to the members of Newton Community Club at their meeting in the Underwood school hall on Thursday, December 11, at 2 p.m. There will be a display of dolls which have been dressed, and will be given to children at the club Christmas party on December 18. Mrs. H. Clayton Pearson, President of Newton Federation, will be the guest of honor. Edna Merritt, contralto, accompanied at the piano by Wilfred Churchill, will present "The Christmas Story in Song and Verse." During the social hour Miss Florence Bacon will serve coffee assisted by Mrs. Louis J. Hunter, Mrs. John L. MacNeil, Mrs. Leo E. Davison, and Mrs. George P. Maxim.

#### C. L. S. C.

Mrs. Helen Ward will entertain the Newton Highlands C. L. S. C. on Monday, Dec. 8, when a program of "Modern Poetry" will be presented by Mrs. Emery Clark.

#### Newtonville Woman's Club

One of the most gratifying philanthropies of the Newtonville Woman's Club is the Children's Christmas Party given each year for about fifty underprivileged children. This will take place on Tuesday, December 9, at 2:30 p.m. at the club house. Santa Claus will be on hand to welcome the children and a lovely Christmas tree will add to their delight. A substantial meal will be served and in addition to toys each child will receive brand new articles of clothing made by members of the club.

John E. Hines, play actor and reader will entertain the children with several of their well-loved stories.

Mrs. James A. Brickett, chairman of this event, cordially invites club members to attend but requests that they do not bring their own children as space will not permit.

Mrs. Walter S. Marder, chairman of the Educational Committee, will read the second in the series of Book Reviews by Alice Dixon Bond on Friday, December 12, at 10:00 a.m. at the club house. Coffee will be served at 9:30.

#### West Newton Women's Educational Club

President's Day will be observed by the West Newton Women's Educational Club on Friday afternoon, December 12, at the Second Church Parish House.

Dessert will be served at 1:15 by Mrs. Karl Boegner and the hospitality committee, following a reception honoring the past presidents of the club and the presidents and their secretaries of all the Women's Clubs in the Twelfth District. Guests of honor will be Mrs. Herbert F. French, first vice president of the State Federation; Mrs. James Dunlop, twelfth district director; and Mrs. H. Clayton Pearson, president of the Newton Federation. Mrs. Gordon S. Heath, president of the Educational Club, will preside.

In keeping with the festive season the hall will be hung with Christmas garlands and wreaths created by Mrs. Raymond O. Littlefield who also provides colorful evergreen corsages for each guest and member.

Mrs. C. Warren Howe, program chairman, offers an afternoon of unusually pleasing entertainment. Nan Lagerstadt, who is truly a one woman theater, presents "Brilliant Sketches from the East" and Mr. Franklin G. Field, popular baritone soloist, will be accompanied on the piano by Mr. Harry E. Rogers.

The Travel Class of the West Newton Women's Educational Club will meet with Mrs. William E. Herrick, 129 Randlett park, West Newton, on Monday, December 8th, at 2 p.m. Mrs. Frederick E. Waring will be the assisting hostess. A paper on "Lace" will be given by Mrs. Wm. I. Keefe, and Mrs. Edna Wilson will read a paper on "Old Masters in a New Washington, D. C., gallery."

#### Social Science Club of Newton

Following a business meeting of the Club on Wednesday morning, December 10th, at 10:15 a.m., Miss Olga Owens will entertain members and guests with a survey of Books for Christmas in the parlors of Channing Church. The hostesses will be Mrs. Herbert C. Hardy and Mrs. William F. Hollings.

#### Newton Centre Woman's Club

Martena Tenney in "Character Vignettes" will be presented by the Newton Centre Woman's Club on Friday, December 12, at 3 p.m. at the Club House. Martena Tenney is one of the six leading monologists in the country.

At the social hour preceding the program, Mrs. Harold R. Keller and Mrs. H. Gordon MacDougall will be hostesses.

The conservation and garden committee will have samples of Christmas wreaths on display and they will be very glad to take your order.

### Recent Events

#### Newtonville Woman's Club

"That music hath charm" was clearly demonstrated on Friday evening, November 28, at Newton High School when a capacity audience listened to a concert given by The Trapp Family Singers and sponsored by the Newtonville Woman's Club.

This unique and talented group offered a varied program of folk songs, religious selections, yodels, mountain calls, Christmas carols and instrumental pieces. Baroness Von Trapp introduced her five daughters, two sons and the Baron to the audience and reminded them that there were three more at home who would soon be old enough to join the group. Trained in their ancestral home in Austria to sing as a family for pure enjoyment they radiated a naturalness and simplicity that was warmly felt by the audience. Their voices were sweet and their tones delicate. They sang difficult four and five part music in perfect harmony and with a technique that was amazing. Dressed in colorful native costumes they were pleasing and refreshing to look at. Baroness Von Trapp gave the legendary background of each group of songs. These were told with a personal charm that was fascinating and helped the audience to keener appreciation and understanding of them.

One of the most interesting parts of the program was the demonstration of several ancient musical instruments. Among them were woodwinds, recorders, virginals and viola de gambas. These instruments were never intended for large public halls and their tones reminded one of bird calls and other sounds of nature.

A scene depicting the keeping of Christmas in their native Austria and the singing of many of the most loved carols brought to a close this inspiring program.

An informal reception in the gymnasium followed the concert. Mrs. Raymond A. Green, club president, assisted The Trapp Family in receiving the many friends who had enjoyed their songs. Refreshments were served and Mrs. Paul M. Goddard and Mrs. Irving O. Palmer poured.

This concert was an outstanding financial and social success and the Newtonville Club feels that in bringing The Trapp Family to Newton it has contributed to the prestige and culture for which it is noted.

Much of the credit for the success of this affair is due Mrs. Raymond A. Green, Club President, and Mrs. Howard C. Thomas, Chairman of the Ways and Means Committee, for the time and effort they devoted to its organization.

The following committees worked with them:

Candy—Mrs. Edwin P. McGill. Mrs. Frank M. Simmons assisted by members of the Newtonville Junior Woman's Club.

Decorating—Mrs. Raymond Scribner, Mrs. Henry W. Farnham, Mrs. William H. Fish and Mrs. Carl B. Horton.

Patrons—Mrs. Edwin P. Crawe, Mrs. George L. Curtis, Mrs. Austin H. Deatour, Mrs. Randolph S. Merrill, Mrs. E. Morris, Mrs. Ernest L. Nichols and Mrs. Raymond Tucker.

Program—Mrs. Clarence A. Wentworth and Mrs. Harold W. McKusick.

Publicity—Mrs. Harold S. Rice and Mrs. Lucius P. Jones.

Reception—Mrs. Ralph W. Conant.

Tickets—Mrs. Frank A. Wightman, Mrs. Alfred A. Alexander, Mrs. George W. Hinman, Mrs. Harold L. Stillman, Mrs. C. Edgar Thyng and Mrs. Frank W. Warren.

The following club members served as ushers: Mrs. Edward J. Ovington, Mrs. Clyde J. Allen, Mrs. Kenneth A. Bernard, Mrs. Walter F. Burt, Mrs. John R. Clark, Miss Theresa Cram, Mrs. George A. Edwards, Mr. Richard R. Fischer, Mr. Merwin S. Giles, Mrs. Wallace Jose, Mrs. John P. Kobrock, Mrs. Ernest W. Kuebler, Mrs. Clinton W. Kyle, Mrs. Walter S. Marder, Mrs. Lewis E. Moore, Mrs. Frank E. Morris, Mrs. Henry B. Nickerson, Mrs. H. Clayton Pearson, Mrs. E. Pettys, Mrs. Walter P. Phillips, Mrs. Ernest P. Railsback, Mrs. Herbert F. Rich, Mrs. George B. Rowlings, Mrs. Mathew F. Ruane, Mrs. George W. Taylor, Jr., Mrs. Thomas G. Walter, Mrs. Eaton Webber and Mrs. J. Cooke White.

#### The Auburndale Review Club

Mrs. Wickliffe J. Spaulding of Volcott st. was hostess for the meeting of the Review Club on Tuesday morning, and an unusually large number of members and guests were present.

Mrs. James G. Patterson, president of the club, was in charge, and during the business meeting, spoke with praise of the work done by the club members during the week before when they were joint hostesses with the Auburndale Woman's Club.

Mrs. Arthur Robinson announced a sale and exhibition of rare Chinese paintings and other articles suitable for gifts which would be held at the Missionary Home, 144 Hancock st., on Friday and Saturday, the proceeds to go towards Chinese relief.

Mrs. Ernest F. Drew, chairman of the Auburndale group of workers at the Benefit Shop, told of the work done by this auxiliary of the Newton Hospital Aid Association, and asked for donations, both for the window display and for the general stock which included clothing, especially children's, and sporting goods. Sleds, skis, skat and sport clothing is in great demand at present, and toys including dolls, games and books would find a ready sale at the present holiday season. She said that December was the month in which Auburndale concentrated on getting contributions, each of the Newtons having a specified one, and she urged the village go over the top this time.

Mrs. Richard O. Walter was chairman of the morning and opened the program with a review of Repplier's book "Mere Marie of the Ursulines." She told of the work of this fascinating woman, called the patron saint of young girls, who with a band of workers, braved the severity of

Canadian winters to teach and help French and Indian children. Mrs. Drew followed with a paper on the founding of several of the Canadian cities which owed their beginnings to the exodus of the Tories after the War of the American Revolution, to Canada.

Miss Alice Dike brought the program to a close with a paper which dealt with the many British possessions including Eire, Gibraltar, India, Union of South Africa, Australia, New Zealand and the minor states. She spoke briefly of the relationship between them and the mother country, and showed how their status was changing to meet present conditions.

The meeting adjourned at noon to meet two weeks later with Mrs. William Tenney, 256 Woodland rd.

#### Newton Junior Community Club

"Ten Rounds," a marital skit, was given by Mr. and Mrs. Fred Dauten, who took the part of the husband and wife, and Mr. William J. Ford, acting as butler and referee, at the meeting of the Newton Junior Community Club, last Monday evening. Mrs. Dauten also reviewed A. J. Cronin's book "Keys of the Kingdom."

Plans were made to hold a Christmas party at the home of

the president, Mrs. Ivan K. Hoyt, 28 Buswell park, Newton, on Tuesday, December 16th, at 8. Gifts will be exchanged and members will donate provisions for Christmas baskets to be distributed to needy families. Miss Marjorie W. Aldrich and Miss Ruth W. Aldrich will assist the hostess in making the arrangements.

A doll has been dressed by each member of the Club to be given to children at the Christmas party at the Underwood School, sponsored by the Newton Community Club for underprivileged children.

## Boiler Parts Have Arrived

The long anticipated arrival of parts for the new boilers in the Newton high school heating plant has resulted in preparations to begin their immediate installation. Preliminary work was done during the summer months in making ready for the new system but the delayed delivery of the boiler parts due to the national defense program has held up further work for many weeks. The boilers were ordered last spring when the city appropriated \$75,000 for the project. Parts for two of the three new boilers have arrived. Commissioner Arthur Campbell of the Public Buildings Department stated that the work of installing the new boilers would start as soon as parts for one had been delivered. While one of the boilers is being replaced the building will be heated by the other two.

## Nonantum Fire Causes \$5000 Loss

Awakened by smoke early Tuesday morning Lieut. William Fanning of the Newton Fire Department at the Nonantum station, discovered a fire in the Colonial Meat Shop at 375 Washington st., adjacent to the fire station. The fire caused damage to stock and fixtures estimated at \$5000 before it was extinguished after a two hour battle.

Smoke poured from the burning structure into the second story of the fire station. Lieut. Fanning aroused the crew and were later joined by firemen of Engine 1 and Ladder 3 from Newton Corner responding to the alarm. Forcing a rear door the firefighters were greeted by huge volumes of smoke. The fire was believed to have started from a portable oil burner in a small room at the rear of the establishment. The store is conducted by Dominic Totaro of 26 Beecher pl. The building is one story and owned by the estate of Morgan Mahoney. Although the exterior showed little signs of the fire the interior was badly burned.

Firemen were also called out Monday night for two chimney fires, one at the home of Philip Balbo at 26 Beach st., and the other at the Warren Apartments at 337 Washington st., Newton.

## —Air Raids

(Continued from Page 1)

Center and no equipment actually will be sent out. It is hoped that by spring all of the civilian defense forces in the city will have progressed far enough in their training so that full scale mock raids may be held which coordinate all branches of civilian defense.

This first mock raid is designed to test three phases of A. R. P. work and organization: It will determine the time required to get the A. R. P. organization on each post and village on duty after the yellow warning is sent out, it will show the efficiency of wardens in reporting damage and the time required to transmit the reports to the Report Center; it will test the capacity of the telephone facilities at the Report Center which will be required to handle a report about every 25 seconds for the entire eight hour period. From the records that will be carefully maintained during the mock raid, much data will be gathered as to the necessary time for the alarms, the time required to transmit reports and the accuracy of wardens' reports. This data will be of value in formulating the program for future training in Newton and should be a great aid to other communities that are less than well from Newton in civilian defense.

Every effort will be made to inconvenience the general public as little as possible on Sunday, December 7. The telephone will be subjected to some strain, however, it will delay the use of the telephone to essential conversations on Sunday between the hours of 1:30 and 8:00 p. m. has been asked by the A. R. P. authorities. The air raid warning will be spread by a fan-telephone system which will delay the receipt of the warning by many others. For this reason telephone subscribers, particularly those having party lines, are asked to cooperate by leaving the lines as clear as possible during the raid hours.

For many days, a number of preparations have been going forward in every village and post in the city under the supervision of deputy chief warden L. A. Bruce and of village warden Alexander Standish of Lake ave.

## Officials Walk Newton Boundary

Interesting facts were revealed by members of the Board of Aldermen serving as a committee to perambulate the Newton-Boston boundary last Friday. Under the law the boundaries must be perambulated every five years. The Newton party consisted of Aldermen George A. Bacon and Joseph B. Jamieson, City Clerk Frank M. Grant and City Engineer Ernest H. Harvey.

One of the bound stones was found to form part of the front gate of the residence of Jack Sharkey, former world's heavyweight champion, at Stone ave. and Beacon st. Sharkey's property is all located in Newton. A series of bounds also form part of a fence along property of Boston College. Other stones were found in the roadbed of tracks at the Lake st. yards and in the cemetery at the West Roxbury line.

### Christmas Seal Sale Ahead of Last Year

The returns of the first weeks of the 1941 Christmas Seal Sale find results running ahead of those of last year, according to Miss Adelaide B. Ball, general chairman.

The sale as a whole cannot be judged by the first week's results, but the watchful committees are always eager at least to match the previous year's results.

Christmas Seal Committees in all parts of the country feel that they must exert greater effort this year to insure the success of the drive for anti-tuberculosis funds. If you have not already sent in your contribution or returned the seals will you do so promptly?

### Many Attend Glee Club Concert

A large audience of nearly a thousand persons attended the 73rd concert of the Highland Glee Club of Newton at the high school auditorium on Tuesday evening. The guest soloist was Louise Bernhardt, contralto, who sang two groups of selections and generously responded with several encores.

The Glee Club of nearly one hundred voices conducted by D. Ralph McLean rendered an unusually fine program. A memorial to the late Karl Switzer, club accompanist for 14 years who died recently, was sung, "How Lovely Is Thy Dwelling Place" was the selection. Sung for the first time and dedicated to the club and Mr. McLean by the composer was "Eldorado." The soloist was Edgar Randall. Incidental solos of other numbers were sung by Paul Thayer and Ernest Upton. James Gray was the club accompanist.

## NEWTON PREPARES FOR DEFENSE

### Will Equip Auxiliary Firemen

#### Aldermen Vote \$444 To Outfit Twenty-Four Men at Once—Will Also Buy Seven New Police Cars

##### Other Sums Appropriated For Street Repair Work

An appropriation of \$444 for the equipment of twenty-four members of the auxiliary fire force was granted to the department of Municipal Defence by the Board of Aldermen on Monday night. The money will purchase firemen's helmets, rubber coats and boots. Alderman Carl F. Schipper, chairman of the finance committee, explained that the sum was to have been included in the departmental budget of next year but it was decided to purchase the equipment now when there was an opportunity to do so at a more favorable price. Other equipment will be purchased after the 1942 budget is passed.

Alderman Warner E. Eustis paid tribute to the "foresight and planning" of the defense committee in view of the possibility that "we might be attacked tomorrow." He asked, however, that the equipment be properly marked as the property of the city as there had been instances of city-owned equipment having disappeared. He was prepared to offer a motion to that effect but was prevailed upon to withdraw it after President Charles B. Floyd expressed a preference that the legislative department refrain from imposing such a requirement on the executive department. He expressed his sentiment in favor of the purpose of the proposed motion and made a personal guarantee to Alderman Eustis that the equipment would be properly "cared for, marked and accounted for."

##### New Police Cars

The Board also appropriated the sum of \$3,600 for use of the police department in the immediate purchase of seven new police cars to replace the existing vehicles. It was explained that this would be a necessary item on the 1942 budget but that by making the sum available immediately, the city could be obtained and possible price advantage found. The cars are to be stored by the dealer until the department is ready to use them.

##### Street Appropriations

The board appropriated \$10,000 for the resurfacing of streets out of the \$50,000 bond issue authorized earlier this year for such purposes. Streets to be reconstructed are Chestnut st., \$8000, and Lake ave., \$2000. An appropriation of \$2000 was voted for the construction of a sewer in Busser Park, Newton but a request for \$6200 for the curbing and street construction was withheld. This matter was the subject of a recent public hearing at which a difference of opinion of property owners was revealed. The street item was opposed on the expectation of the fulfillment of a promise by the building contractor who erected houses on the street, that he would provide the street.

The sum of \$1500 was voted to rebuild an 8-inch sewer on Oakleigh rd., Newton, connecting with the Metropolitan sewer on Charlesbank rd. The project was necessary to insure the discharge of sewage into the trunk line sewer. The police department was granted the sum of \$4725 for the (Continued on page 8)

#### Practice Raid Kills 2000 Here

##### 3000 Injured In Six-Hour Drill on Sunday

The six-hour demonstration and practice air raids for the Newton A. R. P. wardens was carried out on Sunday while real bombs were falling in Honolulu and American possessions in the Pacific. Approximately 1,350 members of the city's air raid forces participated in the raids which reported 2000 "killed" and 8,000 "injured." About 1,400 bombs were dropped, causing 1,300 fires. As the afternoon wore on news of the Japanese attack injected grim reality into the possibilities of the work being carried on. Starting at 1:30 p. m. the raids continued until 8 o'clock.

Newtonville and Waban carried on their raids between 1:30 and 3 p. m.; Newton and Oak Hill were under fire between 2:30 and 4 p. m.; Auburndale and Lower Falls from 3:30 to 5; Newton Highlands and Upper Falls, 4:30 to 6; West Newton and Norantum, 5:30 to 7; and Newton Centre, Chestnut Hill and Waban Hill, 6:30 to 8.

##### Boy Falls Through Thin Ice

##### Rescued For Drowning In Silver Lake

An 11-year-old boy attempting to cross the thin ice off Silver Lake on his way home from school Tuesday afternoon broke through and was rescued from drowning by the efforts of a policeman, neighbors and passing truck. The boy, Arthur Giroux, 19 Barre court, ventured on the ice after his dog had safely crossed. About 40 feet from shore he broke through. His struggles were observed by Frank Quinn, an elderly man living on Watertown st. near the lake. He hastened to the rescue and threw several planks out to the victim. The boy clung to one awaiting further assistance. Meanwhile another boy, John Rousseau 14, of Adams st., started out on the ice to reach the struggling boy but broke through himself. The water was shallow at that point and he made his way back to shore unaided.

##### To Sing Handel's "Messiah" At Central Church

#### Families Flee Two Home Fires

##### Two Two-Alarm Blazes At Newton Centre Cause Much Damage

Two two-alarm fires gave Newton firemen a number of busy hours early Sunday morning and on Monday evening resulting in extensive damage to the homes of Harold P. Carver at 177 Homer st., and a large dwelling occupied by three families at 187 Cypress st., both in Newton Centre.

The fire at the Carver residence was discovered shortly after 2:30 a. m. Sunday morning when Edward M. Waters, 24, colored chauffeur of the family, was awakened in his basement bedroom by smoke and flames. He escaped in the nick of time and roused members of the family. Mr. and Mrs. Carver and their three children, Margaret Gay, 10; David, 8; and Douglas, 4, fled from the house.

Carver and his chauffeur returned to remove valuable papers and in doing so they received a severe cut on the arm when he broke a window to pass some of the papers to Carver. He also suffered from smoke inhalation and was taken to the Boston City Hospital for treatment.

The blaze started in the basement and spread through partitions to the second floor and causing extensive damage also to the outside rear wall of the house. Firemen worked three and a half hours before extinguishing the flames, succeeding in confining the flames to the basement and first floor. The house was so damaged that the Carver family was forced to find temporary refuge with friends.

##### Mr. Carver is president of the Newton Community Council.

**\$10,000 Damage**  
The two-alarm fire on Monday night caused \$10,000 damage to the property on Cypress st. and caused three families to flee. The fire started under the back piazza of the apartment of Mrs. Gertrude Bravman on the first floor and the flames swept rapidly up the back of the house and spread into the interior. Mrs. Bravman, her son Herbert, 21; her daughter, Margery, 17, and a visitor Lloyd Grimes of Newtonville carried out household possessions with Grimes risking his life in repeated returns to the burning house.

Prescott Brown of West Newton, a spectator, entered the house at the height of the fire to carry out two glass cases containing tropical fish but his efforts went for naught when the fish perished after a short exposure to the low temperature.

Mr. and Mrs. Joseph Goodine, who occupied a second floor apartment fled to safety as did Mr. and Mrs. Wilfred Elwyn, their sons, Fred and John and two sisters of Mrs. Elwyn, occupants of the other side of the duplex house. The two occupants had barely enough time to leave before the building was enveloped in flames. The fire was spectacular and could (Continued on page 4)

#### Community Chest Appeal

##### Urges Increased Efforts In Calamitous Times

The present state of war makes it imperative now for citizens to protect and maintain their own community life.

In a statement issued from the Newton Community Chest Campaign Headquarters, 93 Union st., Newton Centre, Neil Leonard, Campaign Chairman, 1942 Newton Community Chest Campaign, said: "Every man, woman and child in America is outraged by the dastardly, unprovoked attack of Japanese air and sea forces last Sunday on our island territory in the Pacific Ocean."

**NEIL LEONARD**  
Chairman, Newton Community Chest 1942 Campaign

"With grim determination the country has instantly responded to the war challenge. United behind our President and our Congress we have changed over night from a peaceful nation, hoping and working to avert war in our own land, to a people intent on fighting to the finish in defense of our country, our homes, and our rights."

Dedicated to the task before us no matter how hard it may be, each one asks in his heart, "What can I do for my country now that it has been attacked?"

##### Help Your Community

"Boys flock to the recruiting stations; mothers and fathers send them with their blessing. We buy more Defense Bonds. We stand ready as volunteers and as servicemen to defend our country now and to meet the challenge of Americans worthy of our heritage."

"There is something else vital we can and must do immediately right here at home in Newton. We can defend those institutions for which we are determined to fight and willing to die. Through the Newton Community Chest we can unite effectively to maintain the American way of life and to uphold the tradition of charity, good will, respect for the individual which is the very soul of our democracy."

"We can begin now to work for the success of the 1942 United Campaign of the Greater Boston Community Fund and the U. S. O. of which the Newton Community Chest is an important part."

Mr. Leonard declared that each one of us can do more than we did last year. We can work harder in the ranks as Village captains and solicitors of the various divisions. We must work swiftly and faithfully to meet our goal in this campaign and to go over the top victoriously so that our Newton agencies will be ready to meet whatever emergency and suffering result from the state of war that has been thrust upon our country.

We can give more as individuals, he said, than we ever gave before.

### Air Raid Report Centre To Be On Full Time Duty For Duration Of The War

#### Instructions to Householders

##### The following arrangements should be made as far as possible by each household:

1. Clear all attics of inflammable material at once.
2. See that attic is made accessible, so that it can be entered by stair or ladder in case of fire.
3. Have 3 or 4 buckets filled with dry sand available to fight incendiary bombs.
4. Have a scoop or shovel handy to sand, also a short or long-handled axe.
5. Two or three buckets filled with water, a stirrup pump or hand fire pump for water should be available. Keep bathtub filled with water to replenish buckets quickly.
6. Procure some type of fire-resistant paint, which can be used all over the attic, including rafters, joists, doors and other woodwork.
7. If garden hose is available, store at foot of attic stairs. Be sure nozzle will give a fine spray as well as a jet of water. This is excellent for fighting incendiary bombs. There must be a faucet to attach hose, and this should be installed if not available.
8. If not already familiar with fighting an incendiary bomb, ask your air raid warden for instructions. This may mean the saving of your home.

#### Install New Siren To Warn Citizens

Since the "yellow warning" signal of a possible air raid was received on Tuesday afternoon the air raid report center at Newton has been on a 24-hour schedule of operation. It was announced Tuesday evening by Chairman John M. Bierer of the Newton Committee on Public Safety that the report center will be on duty in shifts for the duration of the war. The report center was fully manned on Tuesday a short time after the initial warning was received. Two women were on duty at the time and rapidly spread the alarm by telephone.

Representatives of fire, police, public works, gas and electric companies reported at headquarters in readiness to direct the services under the respective controls if necessary. Many of the 1350 local air raid wardens were at work in Boston when summoned to their assigned posts. They remained in readiness until the all-clear signal was given. It was estimated that about 900 wardens were standing by.

Members of the night platoon of the police force were notified to remain at home to await further orders while all firemen off duty were called to their stations by the sounding of the fire bells in each village.

Following receipt of the air raid warning Signal of Schools Julius E. Warren ordered the dismissal of all school children which included the high school and the four junior high schools of the city. It being Tuesday afternoon the elementary schools were not in session.

#### Reject Plea For New Market

##### Aldermen Turn Down Zoning Petition At Newtonville

The petition for changing the zoning status of land near the Newtonville business section to permit the erection of a new large chain store market was unanimously rejected by the Board of Aldermen on Monday night. The action followed the report of the Claims and Rules committee against the changing of real estate on Highland ave. from general residential to business district. The petition had been filed by Mrs. Mary Warren Barrow, owner of the property at 9 Highland ave., near Walnut st., and was the subject of a public hearing two weeks ago at which many strenuous protests were introduced by nearby property owners.

At the hearing it was stated that if the petition were granted a market would be erected with a parking area on adjacent land. Chairman George E. Rawson explained the attitude of the committee in rejecting the petition in view of the many protests.

Alderman Temperley remarked that the board had recently voted to change the zoning status of land on Langley rd. Newton Centre for a similar purpose. Alderman Rawson replied that in the Langley rd. case the abutters did not object.

##### Reject Prefabricated Buildings

The board also voted to reject the petition of Benjamin Zakon seeking amendment to the building code to allow for the stressed plywood covering principle of wall and floor construction as developed by the United States Department.

##### Fire Bell System

The fire department has a system to summon help in an emergency. Ten whistles call for the mobilization of the members of the American Legion, 12 for the Boy Scouts, 14 for the police force, and 15 for the State Guard. Followed by the sounding of a Box number the location of the mobilization center is indicated, as for instance, if the assistance was desired at the State Armory, Box 311 would be sounded.

##### Arrest Jap Servant

A Japanese manservant in Newtonville Tuesday was taken into custody on suspicion and turned over to the F.B.I. He confessed to having "jumped ship" at Baltimore in 1923 and that he had been illegally in this country for 18 years. He was arrested by Patrolmen William Condrin and Charles Marden. For the past five years he has been employed as a butler in the home (Continued on page 4)

##### Test New Siren

On Wednesday morning many residents in the vicinity of City Hall became alarmed at the sounding of a siren signal. The signal sounding like a fog horn was being tested to determine how far the sound would carry and to map the location of other signals in the city that might be necessary in order that all citizens could be warned. The signal is operated by compressed air.

## West Newton Man Is New Edison Head

James V. Toner of West Newton, treasurer of Boston Edison Company since 1937, and its executive vice-president since 1938, was elected president of the company by the directors this week as the successor to the late Frank D. Comerford.

JAMES V. TONER

A close friend and business adviser to Mr. Comerford for many years, Mr. Toner has had the leading part in the reorganization of Boston Edison, in its financing problems, and in the expansion of its generating and distribution facilities during Mr. Comerford's presidency.

Mr. Toner became a part of the Boston Edison organization in April 1937, when he was elected auditor of the company. In May of that year he was named as assistant treasurer, and following the death of Thomas K. Cummins a month later, Mr. Toner was elected treasurer.

In September 1937, following the resignation of Sidney Hosmer as vice-president and director, Mr. Toner was elected vice-president, director, and member of the executive committee, and continued to serve as treasurer. In October 1938, he was designated as executive vice-president of the company.

For many years prior to his association with Boston Edison, Mr. Toner had established a reputation in the reorganization and rebuilding of many types of business, notably in Boston, Providence and Attleboro. Prior to 1937, he was one of the nationally known leaders in the manufacturing jewelry business, and had served as president of the New England Manufacturing Jewelers and Silversmiths Association.

A native of North Attleboro, Mr. Toner prepared for college at LaSalle Academy. He received his A.B. degree from Holy Cross College in 1912, and his M.A. in 1927. He received a B.B.A. from Boston University in 1921, in the same year was qualified as a certified public accountant, and joined the staff of Boston University as an instructor in business subjects. Prior to taking up his residence in Boston in 1920, Mr. Toner was a teacher in the schools of Providence and New Bedford, and coached football, basketball and baseball.

In the accounting field, Mr. Toner built up a national reputation as author and co-author of several books on accounting and finance. In 1927, he spent several months in Puerto Rico, establishing the School of Business Administration at the University of Puerto Rico.

In 1927 he moved from Boston to Attleboro, where he became a directing force in the revitalizing of a number of industries in that region. He served as president of the Attleboro Chamber of Commerce, and as a councillor in the city government. In 1933, he was named a member of the Code Committee for manufacturing jewelers and silversmiths. For some years before he joined the Boston Edison Company, he was a director of the Attleboro Steam & Electric Company, a subsidiary of New England Power Association.

Mr. Toner was married in 1914 to Miss Mary Zilch of Plainville, and they have seven children. The older boy, James V. Toner, Jr., is now a first lieutenant in the United States Army Air Corps, stationed at Wheeler Field, Hawaii Islands. The oldest daughter, Mary, was married a few months ago to Ensign James A. Couzens, now attached to the North Atlantic patrol. The other children are Elizabeth, Catherine, Jane, John and Patricia. The Toner home is in Lockwood rd., West Newton.

Mr. Toner is a member of the American Institute of Accountants, and a number of national trade associations. He has served as vice-president of the University Club of Boston and is now a director. He is also a member of the Algonquin Club, the Boston City Club and the Weston Golf Club.

**BUICK BUILDS FOR DEFENSE**  
Our assignments: Building Pratt & Whitney valve-in-head aircraft engines for defense use.

ANY way you look at it, there's a long, long trail ahead of the next car you buy.

So in spite of all the sleek good looks and trim beauty this Buick has to recommend it, we frankly say: Better look a little deeper than sheer appearance.

The type of engine your next car has will have a lot to do with how efficiently you use the gasoline you buy.

And Buick's engine is not only more efficient because it is a valve-in-head, but also because it's a FIREBALL straight-eight that squeezes extra power from every rationing of fuel.

Here's a drive-shaft that is a simple,

sturdy steel rod, encased all the way from transmission to axle in a stout torque tube.

Buick springs—all-coil springs—never lose their liveliness.

Buick connecting rods are sturdier. Buick main bearings go twice as long under equal loads. Even Buick wheels help get maximum mileage out of tires.

In a word, here's an out-of-the-ordinary car for out-of-the-ordinary times.

So don't be satisfied to look—don't even be content to listen; go try this Buick—thoroughly!

These days you need the best you can buy—and these days that's Buick.

## DOES THE WAR AFFECT YOUR LIFE INSURANCE?

All of the policies which you now own, unless they were obtained recently, are free from restrictive war clauses.

Many companies have adopted war clauses which become part of the policy contract on all policies which are now being issued. Some of these clauses are more restrictive than others but it is likely that they will all be made generally uniform within the next few days.

It is not as yet known how inclusive this uniform war clause will be but it can be stated as a certainty, I believe, that it will go beyond the war clauses of 1917. It will in all probability cover **Civilian Defence Workers**, such as **Air Raid Wardens, Fire Wardens, Spotters**, etc.

If you are contemplating the purchase of additional life insurance, I suggest that it would be advisable to submit your application promptly. **The Northwestern Mutual Life Insurance Co. will accept applications for policies with absolutely no restrictive clauses up to December 24th.** The medical examination must be made before that date.

The Northwestern is one of the oldest and largest companies with an enviable reputation for sound management, service to policyholders and low cost. Over half of our business each year is repeat business from satisfied policyholders.

### Numecs Open Season With Win

The "Numecs" basketball club representing the Newtonville Methodist Church started off their season last Friday night in grand style defeating the strong Waltham City Club of Waltham, 57-40, led by Bob Davidson and Wayne Underhill on the offense and Big Bill McCormick and John Brown on the defense. Cooper Eastman, Harlow Dolber and Ray Holmes also showed up well. The "Numecs" have compiled a great record over the past five years, and in addition to winning the church league titles of Newton have also won many laurels in independent basketball, playing some of the outstanding teams throughout the state.

This year's senior team is last year's junior team. The juniors this year are all very young and have some very promising material. They took the Newton Centre into camp last Friday night by a score of 31-17, with Bob Buddington, Bob Taylor, Leverett Brimblecom and Tom Carr each scoring six apiece. Arvin Teschner, Warren Underhill, Chester Brimblecom, Bill Hanson and Russell Crosby are expected to get into action this week against the very strong Newton Shamrocks.

In addition to the Newton Church League, in which Newtonville will have a team in each league, 16 games apiece, Newtonville will play the following scheduled home games: Senior games to be played on Wednesday nights and junior games to be played on Saturday afternoons:  
Dec. 12, College Ave. of Somerville.  
Dec. 19, Boys' Clubs of Waltham.  
Dec. 20, Brockton at Brockton.  
Dec. 29, Somerville at Somerville.  
Jan. 2, Braintree at Newton.  
Jan. 9, Foxboro at Newton.  
Jan. 16, North Easton T. T. at Newton.  
Jan. 23, Everett at Newton.  
Jan. 30, Gordon College of Boston at Newton.  
Feb. 6, M. I. T. Independents at Newton.  
Feb. 13, Boston University at Newton.  
Feb. 20, Newton Royals at Newton.  
Feb. 27, Weymouth Collegians at Newton.  
March 6, Andover Newton at Newton.  
March 13, Taunton Atlantics at Newton.  
March 20, Wollaston T. T. at Newton.  
March 27, Boston Y. M. C. A. at Newton.

In addition to the above schedule, home games will be played with all of the above teams; also Pawtucket Y. M. C. A., Lowell, and a few others will be booked. The "Numecs" play in Foxboro tonight and will meet Somerville in the Newtonville gym on Friday night at eight. Harry Gray will handle the whistle.

### American Flags Should Be Displayed In Crisis

During this crisis of U. S. entry into war the American Flag should be flown on all public buildings, churches, schools, and residences whenever possible. The Home Specialties Company, Inc. of Newton Centre, Massachusetts, of which John M. Walker is president, has complete stock of flags, poles, and necessary equipment for display purposes and it has also made a specialty for many years of entering to the needs of the modern home with such present-day necessities as shades, Venetian blinds, awnings, screens, weatherstrips, storm windows, etc.

### High School Seniors Give Annual Play

Large audiences on Friday afternoon and Saturday evening gathered at the High School auditorium to witness the annual Senior Play. This year the Class of 1942 presented "The Taming of the Shrew" by William Shakespeare with the setting taking place in New Mexico in modern dress and as it might be portrayed in the present.

Jerry Downs cleverly carried the leading role of "Petruchio" with Marion Malley as "Katherine," the shrew. Their wedding and the subsequent taming of the ill-tempered bride together with the up-to-date humorous lines of "Gremio," played by Walter N. Howe, provided much mirth and entertainment. The romance of Bianca (Georgiana R. Guarente), sister of Katherine, and Lucentio, played by James F. Stewart, and his attendant difficulties was a chief element in the success of the production. Others in the cast whose acting gave ample support to the production were Dorothy Dammun as "Curtis," the elderly servant; Lewis E. Coffin as the father of the sisters; Herbert B. Colcord, Tom McRobbie, Norman Stead as a companion of Lucentio; Loring W. Kiddier, Marshall F. Aronson as "Gremio," Petruchio's off-berated servant; William M. Powers, Jacqueline R. Levant, Helene E. Shannon, Peggy A. Cedrone, Jean Moore, Paul T. McCarthy, Robert A. Cunningham, Richard Brennan and Louis I. Weinman. Members of the cast who took the parts of guests at the wedding of Katherine were Janice Bail, John Belton, Bradley Bowen, Jeanne Casswell, Carmela Cellucci, Paul Brine, Helen Imrie, Rosalie Padden, Edward O. Proctor, and Arthur H. Whitcomb.

Music was provided between the acts by the Newton High School orchestra under the direction of Mr. James H. Remley, conductor. Miss Irene Haworth was the director and coach of the production with A. C. Johnson, both of the High School faculty, as general managers. Posters were by the pupils of Mrs. Cornell's art class. Joanne Reiman served as prompter.  
Other members of the senior class serving on various committees were as follows:  
Senior Play Committee: Patty Hoover, chairman; Herbert Colcord, Harriet Dodge, Barbara Donnellan, Bill Jassett, Lois Jenks, Ellena Mart, Paul Zappert.  
Publicity Committee: Paul Zappert, chairman; Bill Fagan, Robert Koller, Beatrice Pearson, Joanne Reiman, Norman Stead, Jean Stinson, Charles Thomas, James Weston, Adviser, Miss Richardson.

## KITCHEN SINKS BUILT TO SIZE

The modern idea of a kitchen sink is a unit built to exactly fit the space available.

The top is factory built to exact specifications. This permits a choice of linoleum colors and choice of size and location of bowl by the customer.

Also, the customer may choose the type of cabinets desired under the sink and on the wall.

If you are considering a new sink, let us submit a sketch and estimate. Prices start at \$99.50 for 60-inch sink unit, complete with cabinets.

## Women's Club Activities

### Coming Events

The Newton Federation of Women's Clubs

**BUY ONLY TAGGED CHRISTMAS TREES.** This is the slogan of the Conservation of Natural Resources department of the Newton Federation again this year. The chairman of the committee, Mrs. Edward B. Gray, and her helpers from each of the clubs are urging that the women particularly, who are usually the buyers of decorations for home use, insist that trees, wreaths and bunches of holly, laurel, etc., bear a tag issued by the Massachusetts Department of Agriculture. Seven reasons are given by the department for the use of these tags: 1, to prevent bootlegging and stealing; 2, to protect the taxpayer and benefit the land owner to get additional revenue from his land; 3, to conserve the fast disappearing varieties of Christmas greens; 4, to prevent wholesale and retail destruction of such material; 5, to encourage the reforestation of our woodland; 6, to further the planting of holly, laurel and Christmas trees for the market; 7, to be in step with other states who are officially tagging Christmas greens.

In certain districts, it has become a common occurrence to have wreaths and roping stripped from a home. Under this ruling the thief would experience great difficulty in reselling his spoils.

The New England Wildflower Association heartily approve of the step taken by the Conservation department, and also suggests that since holly, laurel and ground pine have been wastefully used, substitutes should be made. Roping of balsam, also wreaths, are most satisfactory, and dried or preserved cones and pods may be added for decoration. Artificial berries may be used for holly.

It is the duty of each citizen purchasing greens to demand these tagged goods. If your merchant has not fallen in line, explain that it means your patronage, and see the result.

### Community Service Club

At the December 17th meeting of the Community Service Club of West Newton Miss Barbara Tower, the exceptionally talented daughter of a former president, Mrs. Frank S. Tower, will play the piano and Mr. Rand Smith, baritone, will sing. He is the Massachusetts and New England winner of the contest held by the National Federation of Music Clubs, and can always be counted upon to give a delightful program. Mrs. Edward S. Abbott is in charge of the social hour, which follows the business meeting, which will be in charge of the president Mrs. W. S. Rallsback.

### Waban Woman's Club

"The Decorative Value of Christmas Wreaths and Garlands" will be the subject of Mrs. Chester Cook's talk at the Waban Woman's Club on Monday, December 15th, at 2:30 p. m. Mrs. Harcourt Davis will preside at the business meeting. The hospital chairman for the day is Mrs. Emmet LaCrosse. The tea tables will be decorated with small Christmas trees and the pouters will be Mrs. Rawson R. Cowen and Mrs. Howard G. Musgrave. The final lecture by Miss Marie J. Carroll of the Bureau of World Peace Foundation, will be given Tuesday morning at 10:30 a. m. at the home of Mrs. Phillip Warren, 60 Waban ave. Miss Carroll will talk on "Our Job of Planning for the Post-War World." Reception will be served by the International Relations Committee at 10:15 a. m.

### LASELL JUNIOR COLLEGE

Miss Marjorie Stackhouse read Dickens' Christmas Carol to the students on Monday morning. Character portrayals were given at the Tuesday assembly by Miss June Hamblin. All of the students and faculty brought gifts of toys to this assembly to make up Christmas boxes for the Newton Family Welfare and individual groups.

The Christmas dinner was served in Medieval fashion on Tuesday evening. In the evening a medieval village Christmas scene depicting the full Christmas story was portrayed at Winslow Hall by the Modern Dance Group, Glee Club, and Orphean Club.

Students at Hawthorne and Draper were at home to the faculty and students on Thursday afternoon.

The Music Department presented a pupils' recital at Winslow Hall on Wednesday evening. The Christmas vacation will begin on Friday afternoon. Classes will be resumed on Jan. 5.

### New Type of Building

#### Service For Homeowners

A new type of building service, designed to make it easier for consumers to buy new homes and home improvements, will be the basis of a 5-day training course to be held at Boston next week (December 15-19 inclusive) and attended by John Scott of the Sales Dept. of Peck Lumber Co.

Special emphasis at the school, to be held under the auspices of Johns-Manville, will be placed on the Housing Guild system of consumer service and selling. Mr. Cady K. Peck of the Peck Lumber Co. said, "The basic idea behind the plan, according to Mr. Peck, is the co-ordination of the varied services of the building industry so that its products, ranging all the way from a small repair job to a complete new home, can be bought as a unit or 'package' in the same manner that automobiles, radios and other products are purchased.

The program will be given by Nan Lagerstedt in "Brilliant Sketches From Life" and Franklin Field baritone, accompanied by Harry Rogers.

On Tuesday, Dec. 16th, the Hobby Club will hold a Christmas party at the home of Mrs. A. E. Herrington, 154 Randlett park. Mrs. Percival Waters will assist the hostess.

### Social Science Club of Newton

Members and guests are anticipating pleasure in listening to the lecturer, Mr. Herbert C. Barrows, Jr., on "Satire from Thackeray Through Huxley." The meeting will be held on Wednesday morning, Dec. 17th, at ten o'clock, in the parlors of Channing Church. The hostesses will be Mrs. Donald V. Baker and Miss Florence L. Heard.

### The Auburndale Review Club

Two papers on Canada and a talk on Current Events will be given by club members when the Review Club meets on Tuesday morning, Dec. 16, with Mrs. William Tenney, 276 Woodland rd. Mrs. James G. Patterson, president of the club, will preside at the business session at ten o'clock and will then turn the morning over to Mrs. John I. Heibek, chairman of the day. Her topic, "The Honorable Company," will open the program followed by one on "Resources and Industries" by Miss Cora MacKenzie. The monthly talk on Timely Topics will be given by Mrs. Susan F. Tuttle.

### Newtonville Woman's Club

"The Christmas Story in Song and Verse" will be presented at a meeting of the Newtonville Woman's Club on Tuesday, Dec. 16, at the club house. Edna Merritt, contralto, will be guest artist and her program will be a refreshing and appropriate one for this time of stress. Miss Merritt has a beautiful singing and speaking voice, and this program, offered in a soft candlelight setting, is indeed inspiring.

There will be an attractive display of Christmas decorations during the social hour.

Coffee and dessert will be served from 1:30 to 2:15. The second Alice Dixon Bond Book Review will be given on Friday, Dec. 12, at 10:00 a. m., at the club house. Coffee will be served at 9:30.

## Shopping Hounds sniffin' about

Wow! Wow! Christmas comes but once a year . . . so shop for those who are most dear!

**Stearns Newton Centre Shop** . . . Wish upon a star for Christmas . . . then tell dear old Santa on the second floor in Stearns just what that wish may be . . . If you're a little girl—how would you like a Sonja Henie Skating Doll (\$5) . . . or Sleepy-Head Rayon Plush Doll with Zipper back where you can tuck your "nightie" inside (\$1.95-\$5.00)

My Sisters and Me are three little dolls of different sizes—all dressed in either blue or red gingham at \$1.25-\$2.75 and \$3.95 . . . The Life Size Country Cousin Doll (\$5.00)—that actually wears year-old baby clothes—is hopefully waiting . . . There are many other beautiful dolls—including the Dolls of the Season—to choose from . . . A delightful completely furnished cardboard Doll House, with attached garage and car is only \$2.00 . . . Many unusual dollar items to select from, too . . . for example—a metal Kitchen Cabinet set or a Little Play Nurse set.

If you're a boy I bet you'd like an Electric Hockey, Baseball and Football Game (\$2.00) . . . A Gilbert Chemistry Set—maybe some Soldiers and a Fort . . . If you're 10 years old or over you'll certainly enjoy "Problems in Puzzle Peg" (50c) and Hobby Craft for moulding objects . . . Maybe you like to read . . . have you read "Bambi's Children" (\$1) by Felix Salter—or "Make Way for the Ducklings" (\$2) by Robert McCloskey?

Santa wants you to think hard and help him select what you think your tiny brother or sister might like best . . . Be sure to look at the Victrola

West Newton Women's Educational Club

The American Home Class of the West Newton Women's Educational Club held its December meeting in the home of Mrs. B. Howard Lester, 203 Mt. Vernon st., Dec. 3, 1941. After a delectable luncheon served by Mrs. Frank A. Hannon and her able committee, the Leader, Mrs. Maxwell Jaddis, conducted a business meeting. Mrs. William D. Keefe gave an interesting talk on "Christmas Traditions and Customs, Their Origin and Use in Our Modern Homes." Presents for each member from a gaily lighted and decorated tree ended a most enjoyable meeting.

The next meeting of the class will be held Jan. 7, 1942 at the home of Mrs. C. David Gordon, 33 Lindbergh ave., West Newton.

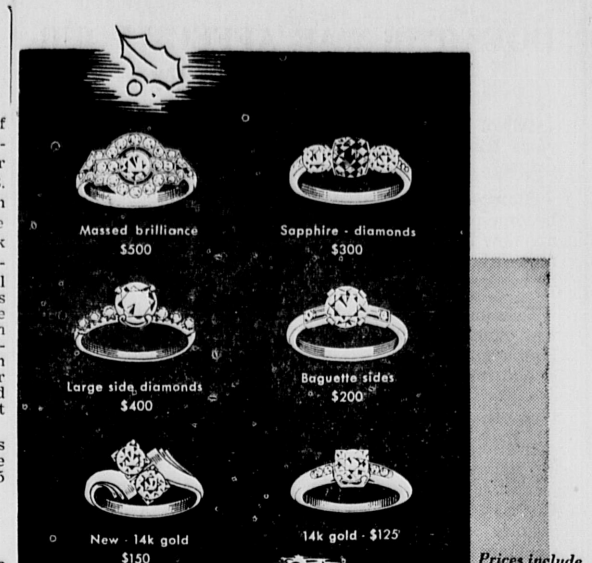

### Newtonville Woman's Club

The walls of the Newtonville Woman's Club rang with childish laughter on Tuesday, Dec. 9, when about fifty underprivileged children were given a delightful Christmas Party. These children were selected from all parts of Newton and were given transportation by club members or their respective teachers. John Hines, play actor, told several familiar stories and was so dramatic and realistic in his telling that the children sat with wide eyes and open mouths. "The Three Little Pigs" and "The Three Bears" seemed to fascinate them most.

A beautifully decorated tree full of good things was waiting for them and since most of the children were five-year-olds, they were delighted to find Santa Claus sound asleep under it. Miss Marion D. Bassett, who has been Santa for so many years, again impersonated this jolly fellow.

After refreshments the gifts were distributed. Each little girl received a knitted cap and mittens, a new dress, stockings and candy. Each little boy received a polo shirt, underwear, stockings, cap and mittens and candy. Much of this clothing was made by club members.

Mrs. James A. Brickett was chairman of this event and the following committee worked with her: Mrs. Clyde J. Allen, Miss Marion Drew Bassett, Mrs. Frank R. Clark, Mrs. Hartley Gardner, Miss Elizabeth S. Harshbarger, Mrs. Walter F. Hodges, Mrs. Andrew C. Linberg, Mrs. Chester S. Merrill, Mrs. Herman Pohlman and Mrs. Leon L. White.

cost of entry fees and targets for members of the pistol shooting team in matches held out of the state.

An appropriation of \$103 was made to the accounting department, for the pension of Patrolman Frank P. Dow, retired. The Health department was granted \$75 for purchase of equipment.

Action on two items of \$500 for maintenance of apparatus and \$200 for care of buildings in the fire department was withheld.

### NEWTON HIGHLANDS GARDEN CLUB

The regular meeting of the Newton Highlands Garden Club will be held in the home of Mrs. Norman E. Dupee, 8 Holly rd., Waban, Mass., on December 16th at 8:00 p. m.

A Christmas program arranged by members of the club will be offered. Christmas interior decorations will be on exhibition, and a paper on the life of Peter Henderson will be read.

**Merry Christmas**  
In the Early Nineties

How the youngsters in this group would thrill to see a life movie today of their Christmas 50 years ago!

Home movies were not then available, but now you can own your own movie outfit at low cost, and capture for the future the merriment of this Christmas.

### Group Confers With Mayor; Assured Equal Consideration Of Workers In All Departments

Goddard To Take Up  
Matter With Aldermen

Late last week a delegation of  
city employees representing num-  
erous municipal departments held  
an informal conference with  
Mayor Paul M. Goddard relative  
to the granting of increase in sal-  
aries to offset the higher costs of  
living. Previously the Newton  
City Employees Union presented a  
petition asking for a 20 per cent  
increase in wages for city laborers  
and mechanics.

Mayor Goddard assured repre-  
sentatives of the workers that  
equal consideration would be given  
to all. The mayor is expected to  
discuss the salary question with  
members of the Board of Alder-  
men whose approval would be nec-  
essary in passing the 1942 city  
budget in the early months of next  
year. Were an increase granted  
the mayor would recommend the  
same in his estimates to be pre-  
sented to the board.

In addition to representatives of  
various departments at city hall  
the police and fire departments  
were also represented in last  
week's conference. The question  
of increases in salaries of teachers  
in the schools is being considered  
separately by the School Commit-  
tee although it is probable that  
favorable action would only be  
taken if all city departments re-  
ceived similar consideration.

### Warn Merchants Of "Ad" Racket

Newton merchants were warned  
this week by police to beware of  
a confidence man posing as a col-  
lector of advertising bills by the  
name of a publication. The man  
entered the Fay Payne Beauty Sal-  
on at Newton Centre this week,  
produced a copy of a local shop-  
ping guide in which the proprietor  
had inserted an advertisement and  
said that he was sent to col-  
lect payment. He received \$2.10  
and departed.

The proprietor later learned that  
the man was an impostor and not-  
ified the police. He was described  
as about 24 years old, tall, and  
slim, having dark hair and a light  
complexion, and being well dressed.

### Laymen In Debate On Peace Plan

Church Clubs In Joint  
Meeting At Newton

Channing Church Men's Club of  
Newton, at its regular meeting  
on Monday, was host at supper  
to the Eliot Church Men's Club,  
also of Newton. Dr. Ray A. Eus-  
den gave the benediction and Rev.  
Mr. Murray presided over the  
meeting which followed. Special  
feature of the meeting was to  
debate as between organizations  
the proposition: "Should the  
United States Join an Association  
of Nations to Preserve Peace and  
Enforce International Law at the  
Conclusion of the Present War." For  
the affirmative, Channing Church  
Men's Club; debaters, Mr. Philip  
Nichols, Boston attorney, and  
Mr. Arthur J. Mansfield, pub-  
lisher. For the negative (repre-  
sented Eliot Men's Club) were  
Mr. Charles Frederick MacGill,  
of the MacGill Associates, and Mr.  
Edward J. Pease, District Mgr., of  
Sun Oil Company.

The timely and eternal topic  
of debate was brought home to  
hearers by the presence of a num-  
ber of military men stationed in  
the neighborhood, guests as well  
of the resident club. In talent  
and the sympathies of the audi-  
ence, the affirmative made a brave  
showing; and in talent and intelli-  
gence at a disadvantage, the nega-  
tive exhibited as courageous a re-  
sponse as could be expected. So  
much so, that Reverend Mr. Mur-  
ray as moderator left the final de-  
cision for the indefinite future.

Major weight was placed on the af-  
firmative side by the eventualities  
of the World War after 1918, and  
on the negative side by the doc-  
trines of past leaders of the Ameri-  
can people. A question period  
before the end of the program  
allowed questions from the floor to  
the debaters. Although the pro-  
gram was well attended, the turn-  
out of events that have made the  
dawn of peace again so dear to Ameri-  
can hearts, it was notable that  
no argument had to be altered or  
censored to fit the temper of the  
times. Such discussion of a seri-  
ous subject, before thoughtful peo-  
ple under present strain of con-  
cern as to war and peace, loses  
nothing in value of interest or  
entertainment.

The occasion was one of the  
first in which civilians and soldiers  
were privileged to associate, and  
showed possibilities for great  
good to come from an understand-  
ing between soldiers and home  
folks that their common interests  
are many and dangers very similar.  
The future of the USO will  
be of mutual help to those who  
showed interest in the evening was  
also of interest in showing how  
much neighboring social groups  
can benefit by friendly rivalry.  
Announcement was made of the

### Enlarge Fund To Include War Needs

Newton To Join in  
Raising Millions

The uniting of an appeal for war  
relief funds with the appeals of  
the annual Greater Boston Com-  
munity fund was undertaken this  
week and announced by Neil Le-  
onard, chairman of the 1942 cam-  
paign. The fund to be known  
as the Greater Boston War Fund  
in which Newton will join with  
other communities will have a  
total of \$7,600,000. The fund will  
include an appeal of the Red Cross,  
the United Service Organizations  
(U.S.O.), the Boston Soldiers Rec-  
reation Committee, and the Great-  
er Boston Community Fund which  
includes the Newton Community  
Chest. Dates for the campaign  
have been set for Jan. 22nd to  
Feb. 11th.

In announcing Newton's partici-  
pation in the additional appeal  
Chairman Leonard declared that  
Newton is proud to accept the  
challenge. "Our Newton Chest is  
proud to undertake the added re-  
sponsibility of uniting an appeal  
of the Red Cross with our an-  
nual appeal for our agencies and  
for those of the Greater Bos-  
ton Community Fund." Announ-  
cing the change, made impera-  
tive by the war, came Friday, Dec.  
12th at a mass meeting at Com-  
munity Fund headquarters where  
500 representatives heard brief  
addresses from Red Cross and  
other officials including Maynard  
Hutchinson, 1942 chairman of the  
Greater Boston Community Fund  
Campaign.

It was further stated that all  
plans being carried out in New-  
ton for the fund campaign will go  
forward according to schedule.  
The only change will be the ad-

### Russia To Spurn Peace Plea

Dr. Colton Tells Forum  
Stalin "Never on Side  
With Germany"

The audience at the Newton  
Community Forum on Sunday af-  
ternoon at the high school audi-  
torium was informed by Dr. Ethan  
Colton, world traveler, lecturer  
and member of several interna-  
tional missions to Europe and Russia  
that the latter country will spurn  
any peace offers from Hitler. He  
declared that Stalin and his coun-  
trymen know that a German dic-  
tated peace would "put them out  
of business" and that they also  
know "Japan would take Siberia."  
He asserted that, despite the  
pact between Russia and Germa-  
ny after the war broke out that  
"Russia was never on Germany's  
side." He stated that a promi-  
nent Frenchman informed him  
that "France fell because its peo-  
ple wanted to be too happy" and  
they were not willing to make the  
necessary sacrifices nor willing to  
pay taxes.

In other countries vicious mi-  
norities have seized the govern-  
ment because the existing gov-  
ernments were "supine" and he  
warned of the danger in this coun-  
try of "letting some minority arm  
itself and bully us around." He  
likened Democracy to a raft—"It  
is in the water all the time but  
never sinks."

"I have lived under the swastika  
and the hammer and sickle and I  
recommend we keep the old raft,"  
he averred. Referring to social  
changes in this country Dr. Col-  
ton declared that the middle class  
always gets "soaked" during eco-  
nomic changes. He predicted that  
economic control after the war  
would "lessen middle class income."

### Knights Templar Vesper Service

The annual Christmas Vesper  
Service of Gethsemane Commu-  
nity, Knights Templar, will be  
held at 8:45 on Sunday afternoon,  
Dec. 28th at Masonic Temple,  
Newtonville. Rev. Ashley Day  
Leavitt, D.D., of the Harvard  
Church of Brookline will deliver  
the address, "Love Never Faleth."  
Commander Walter C. Weidig will  
open the vesper with a word of  
greeting. Harry E. Rodges will  
be at the console and the Weber  
Male quartet will sing. Prelate  
Edwin O. Childs will read the  
scriptures and Rev. Livingston H.  
Lomas of the First Baptist Church  
of Needham will offer prayer.  
Commander Weidig will offer a  
tribute to the flag and the sing-  
ing of the national anthem will  
precede the benediction.

The vesper service committee  
includes George H. Tracy, chair-  
man, Harold L. Burr, Harry W.  
Twigg, Chesterfield DeBridges, and  
Carleton F. Buddington. The com-  
mittee announces that the eleva-  
tor installed recently at the Ma-  
sonic Temple will be available to  
the public.

#### Raid Test Shows Need of Phones

The training of auxiliary police  
units for emergency service in  
time of air raids began last eve-  
ning at Newton Centre when the  
unit of that village met at the Col-  
lins auto. salesroom. The police  
traffic bureau will conduct  
the instruction. Arrangements for  
the training of units of other vil-  
lages are also being completed.  
The Newton auxiliary firemen's  
force tonight will complete a pre-  
liminary training course and will  
soon undertake an advance course  
in fighting bombs and gases.

Douglas B. Francis is commis-  
sioner of both the police and fire  
auxiliaries with Arnold C. Barker  
as deputy commissioner of fire and  
Henry T. Goodnough as deputy  
commissioner of police. Members  
of both units will be fingerprinted  
and photographed and provided  
with identification certificates.

The auxiliary police force will  
not be uniformed nor carry arms.  
Their duties will be limited to the  
control of traffic in emergencies  
as the force has not been set up  
to suppress or detect crime. The  
police force will consist of 157 of-  
ficers and men who will be under  
the control of Chief Michael T.  
Hughes and his staff of the regu-  
lar police department. Each com-  
manding officer has set up a unit  
for his respective village with  
alert posts and a manual for  
emergency traffic control. In the  
event of a disaster within the city  
limits the auxiliary police will be  
required to take first aid in-  
struction for a distance of a mile  
from the scene and all moving  
traffic within the disaster area will  
be routed away from the centre of  
trouble. Supervised main roads  
will be kept open for fire, police,  
ambulance and service companies.

The auxiliary police force will  
be equipped with white traffic  
cross belts, night sticks and  
badges. After a three months  
training in tactical problems in  
their respective villages all units  
will be required to take first aid  
instruction of at least ten hours.

#### Firemen Training

The auxiliary fire department  
will start its advanced course with  
Captain John L. Keating, drill-  
master of the Fire department as  
instructor. Captain Keating has  
just completed a special course of  
training at the United States  
Army Chemical Warfare School  
at Edgewood Arsenal, Maryland,  
where he received instructions in  
technical features of civilian pro-  
tection under air attack.

The auxiliary fire department is  
composed of 10 companies of from  
10 to 12 men each. They have  
been drilling every Thursday  
night since September under Chief  
Clarence W. Randlett.

During the advanced training  
period a 500-gallon pumper truck  
and two 500-gallon trailer pump-  
ers, which are on order, will be  
used with each member of the  
force being trained to operate the  
equipment. If no emergency ex-  
ists the equipment will be used by  
the regular fire department. The  
auxiliary firemen will also be re-  
quired to take a ten hour course  
in first aid instruction after com-  
pleting their fire fighting course.

## Recent Weddings

### MURRAY—MARSH

Miss Harriet Marsh, daughter of Dr. Daniel L. Marsh, president of Boston University, and Mrs. Marsh, was married to Robert H. Murray, son of Mr. and Mrs. Thomas F. Murray of 584 Centre st., Newton, on Friday evening, December 12, at the home of her parents. Dr. Marsh performed the ceremony assisted by Rev. William R. Leslie, pastor of St. Mark's Methodist Church, Brookline.

The bride wore a princess gown of velvety-lure satin and a tulle veil trimmed with lace caught to a tulle of seed pearls. She was attended by her sister, Miss Mary Marsh, as maid of honor. The bridesmaids were Miss Eleanor Jones of Watertown, and Miss Cynthia Stanley of Melrose. They wore gowns of Christmas red with velvet bodices and tulle skirts and carried poinsettia bouquets.

David N. Murray of Quincy, brother of the groom, was the best man. The ushers were Dr. L. Harold DeWolf of Waban, and Paul N. Otto of Saxonville, brothers-in-law of the bride, Donald Harrington of Newton and William W. Perkins of West Newton.

Mr. and Mrs. Murray will reside at 1125 Commonwealth ave., Allston.

The bride was graduated in June from Boston University College of Liberal Arts. She was a member of Alpha Phi sorority. The groom is a senior at the Northeastern University School of Mechanical Engineering.

### GRAY—RANGNOW

Miss Grace Alma Rangnow, daughter of Mr. and Mrs. A. H. Rangnow of 44 Harvard st., Newtonville, was married Tuesday evening, Dec. 16th, to Sergeant James Collinson Gray, U. S. Army, son of Mr. and Mrs. James H. Gray of 1000 E. Pawtucket, Rhode Island. The impressive double ring ceremony was performed by Rev. Randolph Seaman Merrill at 7 o'clock in the church of the Central Congregational Church of Newtonville. White candles, votive tapers, white chrysanthemums and snapdragons formed the decorations at the altar. The bride was given in marriage by her father. The wedding march was played by Miss Lillian West, and there was a solo by Mr. Donald Blackley. A reception followed at the Myles Standish, where the decorations were white chrysanthemums.

The bride wore an afternoon dress of ice-blue crepe with matching petal hat, and a corsage of white orchids. The maid of honor, Miss Claire M. Rangnow, sister of the bride, wore an afternoon dress of winter beige crepe, with a Reichman Dubonnet hat and matching accessories, and wore a corsage of deep purple orchids. The bride's mother wore a dress of gold crepe and a cypridum orchid. The groom's mother wore blue velvet, with a lavender orchid. Corporal Russell J. Baird, U. S. Army, was the best man. William Allan Rangnow, brother of the bride, was the usher.

The bride was graduated from Newton High School and Bryant College, Providence, R. I. The groom was graduated from Pawtucket High School and attended Bryant College, Providence, R. I., and is a member of the Junior Chamber of Commerce of Pawtucket, R. I.

On their return from a wedding trip in the Berkshires, Sergeant Gray will return to duty with the 43rd Division, Battery C, 103rd Field Artillery.

### DWYER—CARROLL

Miss Marion Bentley Carroll, daughter of Mr. and Mrs. William E. Carroll of 105 Brookline st., Newton Centre was married to Sergeant William R. Dwyer of New Haven, Conn. on Saturday afternoon, December 13, in the Sacred Heart Church, Newton Centre. Rev. Bernard Winn performed the ceremony at 4 o'clock. A reception followed at the home of the bride's parents.

The bride was attended by Miss Annette Flynn of Chestnut Hill as maid of honor. The bridesmaids were Miss Margaret Blaquiere, Miss Verna Amirault, of Brookline, and Mrs. Robert A. Leonard, sister of the bride.

Frank Gilday was the best man. The ushers were Joseph Dwyer, brother of the groom, and Richard Birmingham of Jamaica Plain. Sergeant Dwyer is with the 16th Medical Regiment at Fort Devens.

### Ask Newton Nurses To Register For Defense

Newton's program for Civilian Defense includes work for everyone who is interested in the various phases of defense work. At present the Medical Section of the Disaster Relief Committee of the Red Cross and the Public Safety Committee are compiling a list of graduate, registered and practical nurses who would be willing to work part time here in Newton in case of an emergency. Many nurses signified their willingness to help when they filled out the questionnaire last spring circulated by the Public Safety Committee. This call is particularly for those who are not actively employed but who are qualified by training. It is sincerely requested that these nurses call Miss Welch at the Newton Hospital, BIG 2800, and indicate their willingness to help in this important part of Civilian Defense.

### CANNED GOOD SHOW

### Many Relatives Honor 90th Birthday of Auburndale Woman

On Sunday evening, December 14, a tea was given in honor of Mrs. Rachel Adeline Allen in celebration of her 90th birthday at the home of her son, Mr. Lawrence Allen of 30 Hawthorne ave., Auburndale, at which 37 members of the family representing four generations were present, also friends from metropolitan Boston. Mrs. Allen, who resides in East Freetown, Mass., has through her long life been active in the affairs of the Christian Congregational Church and served as librarian of the East Freetown Library for approximately 40 years. She is the widow of Capt. Granville S. Allen, who was a whaling master sailing out of New Bedford in the hey-day of the whaling business about 1850.

Among the relatives attending

the tea were Dr. G. S. Allen of Lawrence, Miss Mary Davidson and Mrs. Myrtis Langhorne of Auburndale, Mr. and Mrs. F. Forest Davidson of Wellesley with their daughters, Neal and Elizabeth and their son, Forest, Jr., Mr. and Mrs. Allen Davidson of Wellesley with their son, Malcolm and daughter, Margaret, Mr. Forest Davidson, Mr. Allen Davidson, Miss Mary Davidson and Mrs. Langhorne are grandchildren of Mrs. Allen and their parents were the late Mr. and Mrs. Frank E. Davidson of 59 Woodland rd., Auburndale.

## Newton Youth Named By Eliot To Naval Academy

Congressman Thomas H. Eliot today nominated four Greater Boston boys for appointments to the United States Naval Academy at Annapolis. He also named 12 alternates, three for each nominee.

The nominees are Richard Grenier of Brookline, John Kelly of Brighton, Philip R. Jones of Waltham and Richard H. Daly of Newton.

Named as first alternates were Sumner A. Long of Brookline, Joseph Ahearn of Newton, E. Fletcher Ingals, Jr., of Wellesley, and Donn Ashley of Newton. Eliot named Paul J. Kirby of Cambridge, Frank A. Smith of Waltham, and Julian Cohen and Paul J. Sullivan, both of Brookline, as second alternates.

Third alternate positions were assigned to Paul C. Keyes and Edmund L. Flaherty of Brighton, Walter F. Morris, Jr., of Wellesley and Peter Cioffi of Cambridge.

Of the young men nominated, Grenier graduated from Brookline High School, is now an undergraduate at Dartmouth; Kelly is a graduate of Brighton High School. Jones, a graduate of Waltham High, is now a student at Tufts Engineering School. Daly, who attended Newton High School, is a sophomore at Boston College.

## Residents Want Prairie Ave.

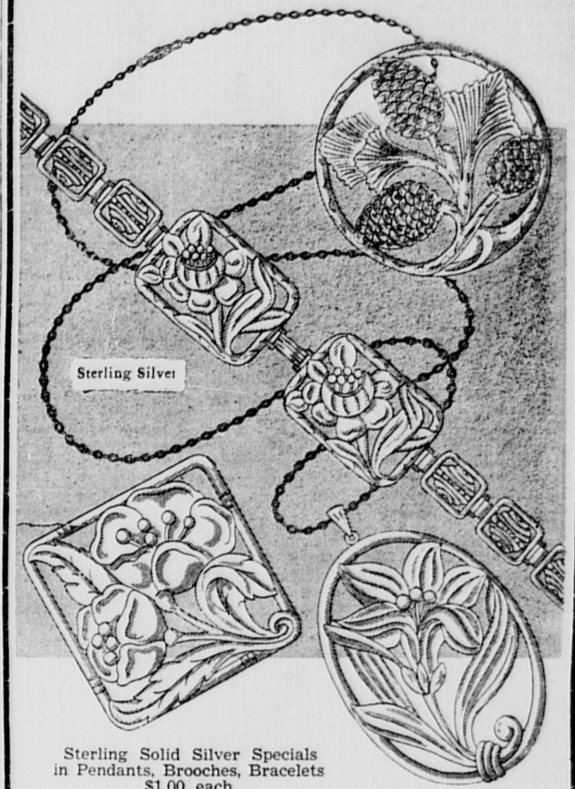

Residents and property owners on Prairie ave., Auburndale, have requested the Newton Board of Aldermen for the construction and acceptance of that street from Auburndale ave. to Rowe st. The petition, signed by Carl A. Wheeler and others, calls for the assessments of betterments. A hearing will be held by the Board of Aldermen on the petition. Another petition, seeking the construction of a drain and sewer in York rd. for a distance of 250 feet from Quinoboscum rd., has been filed by Gerald A. Foley.

## A Lecture on Christian Science

## Christian Science: The Religion of Courage

by  
JUDGE SAMUEL W. GREENE, C.S.B., of Chicago, Illinois  
Member of the Board of Lectureship of The Mother Church,  
The First Church of Christ, Scientist, in Boston, Massachusetts

An audience which filled the church and the Sunday School room of the First Church of Christ, Scientist, Newton, on last Friday evening gave close attention to Judge Samuel W. Greene, C.S.B., of Chicago who under the auspices of the Church spoke on the subject of "Christian Science: The Religion of Courage."

In introducing Judge Greene, Mr. Paul R. Carmack, First Reader, said:

We are gathered here this evening to hear a lecture on Christian Science, entitled, "Christian Science: The Religion of Courage."

In the book of Proverbs we read: "The hearing ear and the seeing eye, the Lord hath made even both of them." Therefore, because we are going to listen to the lecture with God-made and God-given ability, we expect to hear it perfectly and understandingly. We can expect to see and understand how this healing Truth can be successfully applied to problems of lack, unemployment, ill health, inharmoniousness, in fact to all discordant human conditions of whatever name or nature.

Let us now use the "hearing ear and the seeing eye" which "the Lord hath made."

Our speaker is a member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston.

I now take pleasure in introducing to you Judge Samuel W. Greene of Chicago.

The lecturer spoke substantially as follows:

The greatest obstacle to health, happiness, and human welfare is fear. The most plaguing, insistent, tenacious, continuous human weakness is fear. Christian Science presents to the human thought the certain and perfect antidote for every fear. The truth about God and God's perfect manifestation, is ever the antithesis of fear, doubt, anxiety, unhappiness.

## God

The scientific truth concerning God as revealed in Christian Science brings to human consciousness a wholesome and satisfying sense of Deity, the source of all creation, that tends at once to lessen and to limit the basis and cause of universal fear. It is as though, through the raging torrents and storms of the carnal or mortal mind, one's inner consciousness seems to hear the voice of God speaking, "Fear not, for I am God and there is none else."

Could any sense of Deity be more comforting, more encouraging, more sustaining in its assurance than the truth that God is infinite Love? What a multitude of fears melt in harmless nothingness in the comforting realization that the infinite source of being is Love! What assurances of health and life, security and wholeness are envisaged in the consciousness that God is Life! What rich blessings of peace, courage, and confidence are poured into our experience in the understanding that God is Life!...

How truly and how certainly are we lifted out of the finite realm of matter and materiality in the consciousness and understanding that God is Mind! With this understanding, we simply and naturally fall into the resolving of things into thoughts, and into the very definite realization that creation proceeds from Mind is not material but mental.

How strong, how active, how altogether infinite is that concept of God which comes in thinking about the words of Christ Jesus to the woman at the well in Samaria, "God is a Spirit, and they that worship him must worship him in spirit and in truth!" How tremendously important to human welfare, to all human hope, improvement, and progress becomes this profound revelation that God is spirit and must, therefore, be worshipped in spirit and in truth! How completely our whole human concept of creation is changed as we conceive of God, Spirit, being expressed in perfect spiritual creation!

What majesty, what might, what purity, what infinite wealth in the realization that God is Truth! In this marvelous concept of the infinite, how truly the dark visions, shadows, fears, doubts, are dispelled! How clear and how profitable seems the way as we consider our eternal harmony under the government of divine Truth!

What a wealth of being, of power, of wholeness, of satisfying reality is found in the understanding that God is Soul! How far removed from any superstitious, or mysterious, or limited, or finite, or material concept of God is this conviction, and divinely inspired understanding, that God is Soul!

How certain, how sure, how orderly, how affectionate, how perfect is the realization that God is Principle! With great satisfaction the realm of accident, luck, chance, mishap, insecurity, and discord disappears in our quickened sense of God's unflinching law and government as divine Principle.

Thus does Christian Science reveal the nature and character of God as understandable, as available to make certain and practical the realization of "every good gift and every perfect blessing" (James 1:3).

God is defined in Christian Science by these seven synonyms: Life, Love, Truth, Mind, Soul, Spirit, Principle.

## Creation

Christian Science, through the teaching of the Christian Science

said, "Be ye therefore perfect, even as your Father which is in heaven is perfect."

The healing activity or procedure in Christian Science becomes, then, the prayer of realization, or affirmation, or demonstration. The type of prayer as used in Christian Science is typified approximately in the twenty-third Psalm and in the Lord's Prayer. Prayer, then, in Christian Science is the expression of rejoicing, of gratitude, of confidence, of courage, of absolute faith in God. The textbook says (p. 1), "The prayer that reforms the sinner and heals the sick is an absolute faith that all things are possible to God."

Every Bible reader is familiar with healing instances related in both the Old and the New Testament, which incidents clearly illustrate and typify the healing ministry of Christ in Christian Science. In the twenty-first chapter of Genesis is related an interesting healing, illustrating how mental and spiritual is the process. Hagar, a "bondmaid" of Sarah, was in wilderness, and apparently because of her disappointment and sorrow and resentment, lost her way for the life of herself and the child. The healing result is related in these words: "And she opened her eyes, and she saw a well of water." The rest of the story relates how the child and she were sustained, and of the promise that out of the lad would grow a great nation.

Also in II Kings is an interesting incident where the prophet, or man of God, was surrounded by a hostile military force come to take him prisoner. His young man, viewing the surrounding enemy, became greatly alarmed. The healing is portrayed in these words: "And Elisha prayed, and said, Lord, I pray thee, open his eyes, that he may see. And the Lord opened the eyes of the young man; and he saw: and behold, the mountain was full of horses and chariots of fire round about Elisha." The incident as further related tells how Elisha not only was not taken captive, but led the soldiers captive and then eventually restored them to their master without hurt or harm to anyone.

The invalid who comes with fear and trembling, recounting his pains, his symptoms, his weaknesses, needs only to have his eyes opened to see God's perfect handiwork—man in His image and likeness—that he may renounce dispute, and deny the material conditions, and claim and realize the true nature of his being as spiritual, perfect man.

Considering these two outstanding incidents of healing as related in the Old Testament, the reader cannot but observe that the satisfactory answer to prayer in each case was found in the awakened consciousness of the seeker to realize or see that his relief lay in the omnipresent fact of God's presence, power, and harmony. In following this line of reasoning, bearing in mind the true concept of God, we are led to the conclusion that relief from any distressing human condition is found in the realization that God's way and God's plan is always the perfect way and plan, which, when understood and acknowledged by man, reveals the presence and existence of health or freedom indicated by Christ Jesus in his oft-quoted statement, "Ye shall know the truth, and the truth shall make you free." The scientific process of healing, then, as taught and practiced in Christian Science (which system is the result of a study of healing in both Old and New Testament history), becomes, largely, if not entirely, a procedure of seeking, knowing, and acknowledging what is really the fact of being in any particular situation.

In the twentieth chapter of II Kings is related an interesting human experience, the possible outcome of which indicated great suffering and loss and unhappiness in a war on the part of the children of Judah with much superior forces preparing for butchery against them. In this extremity the king, being a faithful follower of God, called on his people to gather, in something like a national prayer meeting, to inquire of God what could be done in the face of impending danger and possible loss. The word of God was revealed to the prophet present at the meeting, and the simple message was: "Be not afraid or dismayed by reason of this great multitude; for the battle is not yours, but God's. Ye shall not need to fight in this battle." This declared safety and deliverance through God was accepted joyfully; and immediately plans were made for thanksgiving and rejoicing instead of a war. Presently the enemy suffered defeat and were dispersed and destroyed without any effort being made on the part of Judah to fight. These ancient, depending on God, saw truly that no fight was needed on their part, and that indeed the battle was God's.

## Healing

All of this concerning God, and man, and creation becomes of great importance in the consideration of healing as it is taught and practiced in Christian Science. The actual process of healing in Christian Science does not involve dealing with matter or the material body. It does not depend upon symptoms, diagnosis, and material conditions. Healing, then, is purely mental, spiritual, not material.

The sufferer or invalid may believe that his difficulty is caused by inflamed or infected matter, but the truth is that his difficulty comes from a wrong concept of what man is, and of what God is. In that realm where Mind, Spirit, Principle, Life governs, there can be no room for pain, imperfection, disease, disaster, death. The Christian Science textbook says (p. 468): "There is no life, truth, intelligence, nor substance in matter. All is infinite Mind and its infinite manifestation, for God is All-in-all." This fact of creation precludes the possibility of a material condition known as sickness, disease, suffering. As we understand the impossibility of matter being in the realm of divine Mind, we arrive at a state of consciousness that prevents our acceptance of any thought of sin, disease, or death. When the human mind no longer entertains the thought of sin, disease, and death, such conditions will cease to make demands, and we shall find ourselves free to accept and claim the perfection voiced by Christ Jesus when he

in the Gospel of John a supporting statement in these words: "All things were made by him; and without him was not anything made that was made." Surely every believer in the inspired Word of the Bible is ready to agree that God could not, and would not, be the author or creator of anything unlike Himself. Even in our human concept of accomplishments, such creations as pictures, buildings, poems, etc., are recognized as the product of certain masters. They are seen to be expressions of the talents, nature, and being of their creators. Much more, in considering the work of Deity, must the real alphas perfectly express the infinite creator.

The fact concerning the universe is that in God's creation, which is the real, there can be no imperfections, no discord, no decay. This becomes highly practical when one is asked in Christian Science to work for, pray for, or help the so-called sick. The Christian Science worker's first assumption is naturally that the man of God's creation cannot be an expression of aught but good. The suggestion or argument of discord, pain, imperfection, is belied by the understanding that all that God has

state of mind represented in the Master's time by the words imputed to the evil spirit in saying: "What have we to do with thee, thou Jesus of Nazareth?" Many an invalid desires healing, and at the same time is unwilling to put forth the necessary mental effort to become aroused, awakened, moved, changed, reformed, that he may experience the "acceptable, and perfect, will of God." Surely this mental activity will be accepted as an entirely scientific procedure.

The astronomer calculates from known locations in astronomy where certain stars or celestial bodies should be, and then turns his telescope in that direction, and is rewarded by seeing the object of his search. His scientific accuracy in directing the position of the telescope has not moved the sought star, nor changed its location in any particular, and his scientific work has simply verified the accuracy of his mathematical calculations.

In spiritual or mental healing in Christian Science, the process used to arouse the patient's thought have not in the slightest altered or changed the real man of God's creation, but the scientific mental procedure has awak-

thereto. His humble acceptance and compliance with the prophet's conditions may indicate an entire change of thought on Naaman's part, which resulted in his healing. Certain it is that the prophet had in mind that Naaman must express a change of thought concerning himself before he could be healed. His words to wash in the River Jordan, we may conclude, indicate that some action was to be taken by Naaman as an evidence of his faith in the word of the prophet, and his reliance upon the power of the prophet's God; and it may well denote an entire and joyful acceptance of the possibility of freedom from this loathsome disease through his obedience. His action in complying denoted riddance of his hardness and his self-will, and a childlike faith in the prophet's word. The record further relates that he was immediately cleansed, and there is much to be thought of in considering the language of the author, in telling of his healing, concerning Naaman's state of mind as told in these words: "His flesh came again like unto the flesh of a little child, and he was clean."

This reference to the little child is perhaps an inkling of the childlike thought brought out in the

hast heard me. And I knew that thou hearest me always; but because of the people which stand by I said it, that they may believe that thou hast sent me." The further relation of the incident brings out Jesus' calling Lazarus to come forth, and the man was restored to life. Surely we must conclude that Jesus knew all the time that man's life is immortal and perfect as the gift of God, and the words of the prayer are but indications of his confidence that there is no death. It was this sureness, the thorough understanding of spiritual, perfect manhood that enabled him to speak the awakening word that called Lazarus from the dream of death.

In Christian Science there are no set words or formulas for prayer, or for healing. The use of formulas is forbidden in the practice of healing. The inquirer, or the one seeking to use Christian Science, needs this basic truth and understanding of God's perfection, and man's consequent perfection as the image and likeness of God. As he is filled with this state of consciousness, and made sure through his understanding of the fact that he is the expression, and reflection, and image and likeness of God, he asserts his health, his activity, his well-being; and his faith being well grounded and founded, his healing is the result. This is in accord with Jesus' statement, "What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them."

One of the very vivid statements and promises of the Master, calculated to produce unflinching courage in man, is, "Behold, I give unto you power to tread on serpents and scorpions, and over all the power of the enemy; and nothing shall by any means hurt you."

Obviously, this enemy is the mist already referred to, and the power promised by the Master is the light, or truth, that dispels and destroys the mist. In this, and in all arguments in Christian Science, we are quickly enabled to understand how Jesus could make with confidence the statements concerning the manifestation of God and His Power with such perfect assurance. Surely that period of understanding is dawned in human consciousness when the truth so ably propounded by Jesus is to be accepted more generally by Christians everywhere. Surely the time approaches when men will seek the truth, will pursue the truth, will give all in an effort to have the truth, that the salvation promised by the Master may become a reality in our human experience. Surely the word of the prophet of old shall find its fruition in modern experience: "Break up the fallow ground; for it is time to seek the Lord, till he come and rain righteousness upon you." Out of the multiplicity of human theories concerning freedom, dominion, and universal human welfare that are being propounded will come a definite and final inspired effort of humanity to break up the fallow ground and to seek the Lord until He be found, and until the rain of righteousness be upon us.

Christian Science is pointing the way. The textbook of Christian Science, leading human thought to an understanding and to a possession of the facts of divine creation, even to realization and acknowledgment of man's present perfection, and the possibility of a present, acceptable, health, life, and happiness, even the possession of "every good gift and every perfect gift," denoting an acknowledgment of God's perfection here and now.

The book of Revelation reveals John's perception of wonderful possibilities for man in this present state of being. From his mount of vision he perceived a new heaven and a new earth, and man as the blessed child of God, which is but a recognition of Jesus' promise, "The kingdom of God will be within you." (See Science and Health, p. 174:17-21.)

## Business

From a material standpoint, human beings face the need for food, lodging, and necessities for everyday existence. To meet this need, men and women are ordinarily engaged in some kind of activity known as work or business. The desire for some such expression of life is well-nigh universal, and is often founded upon the thought of being serviceable and useful to others. This is a proper spiritual basis for scientific activity in the business world, and one so engaged will find much in the Bible and in the teaching of Christian Science that will be helpful in pointing him to success.

Jesus emphasizes the necessity of service in man's activity as well as the necessity of seeking that activity in the spiritual realm. He said "Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again." Also he said, "Seek ye first the kingdom of God and his righteousness; and all these things shall be added unto you." In this connection it is interesting to note that the statement of the Old Testament prophets "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it." Giving, seeking the kingdom of God, and bringing the tithes, are all of the same texture, or truth, and they voice the necessity of our rendering some service, or performing some action and activity which will result in the pouring into our lives of great blessings.

In the Christian Science textbook, on page 595, among other definitions of "tithes" are these spiritual ones: "Contribution; homage; gratitude." In considering the tithes that one may bring into God's storehouse, that is, that one needs to make active in his own consciousness, we may well bear in mind "contribution;

homage; gratitude;" as well as other qualities set forth by Bible writers, such as, "Whatever things are true, whatsoever things are honest, whatsoever things are lovely, whatsoever things are of good report; . . . think on these things." And again from II Peter, "Giving all diligence, add to your faith virtue; and to virtue knowledge; and to knowledge temperance; and to temperance patience; and to patience godliness; and to godliness brotherly kindness; and to brotherly kindness charity." How often we have seen instances in the lives and business experience of certain people where they have brought these and other tithes into the storehouse, and how truly the blessings have poured! Surely man will not neglect in business this opportunity, this necessity, this requirement, to bring the tithes into the storehouse. Such is the teaching of Christian Science.

In consideration of man's business possibilities, we may well take counsel from the life of the master Christian. It is generally believed that from twelve to thirty, or thereabouts, the Master followed the business of carpentry. At twelve his remark in the temple to the quiet, contented, meditative child that whatever he did it must be about his "Father's business." The quiet eighteen years in the carpenter shop at Nazareth must have seen the production of many yokes and plows and carts and other useful implements of the farm and household. Through these eighteen years there was undoubtedly another side to the Master's business career. During the hours when he was fastening a yoke, or expertly completing a cart, he must have been constantly conscious of the perfection of creation, and this constant consciousness of God's perfect way must have been the dominating thought in all his work and life. At thirty, then, after these eighteen years of quiet, constant meditation upon the things of God's perfection, perhaps exemplified in his own human creations in beautiful workmanship, the Master was ready for the most glorious experience in helping men, and in pointing the way, that the world can ever know.

Within the grasp of every man connected with a right human business activity is the divine possibility of being about his Father's business, even as the Master was. He can be perfect in his honest, just, constant meditation of customers, harmonious in his dealings with competitors until the activity would not be competition but co-operation; he can intelligently intent upon making the activity perfect, satisfactory, and profitable. The course of perfection enjoyed by the Master; he can well go forward day after day and year after year with a quiet, confident expectancy that this earnest endeavor to be about his Father's business is qualifying him for teaching, healing, and saving his fellow man, until indeed he can realize in all its fullness and glory the promise voiced by the Master himself, the expression of God's love and bounty toward His children, "Son, thou art ever with me, and all that I have is thine."

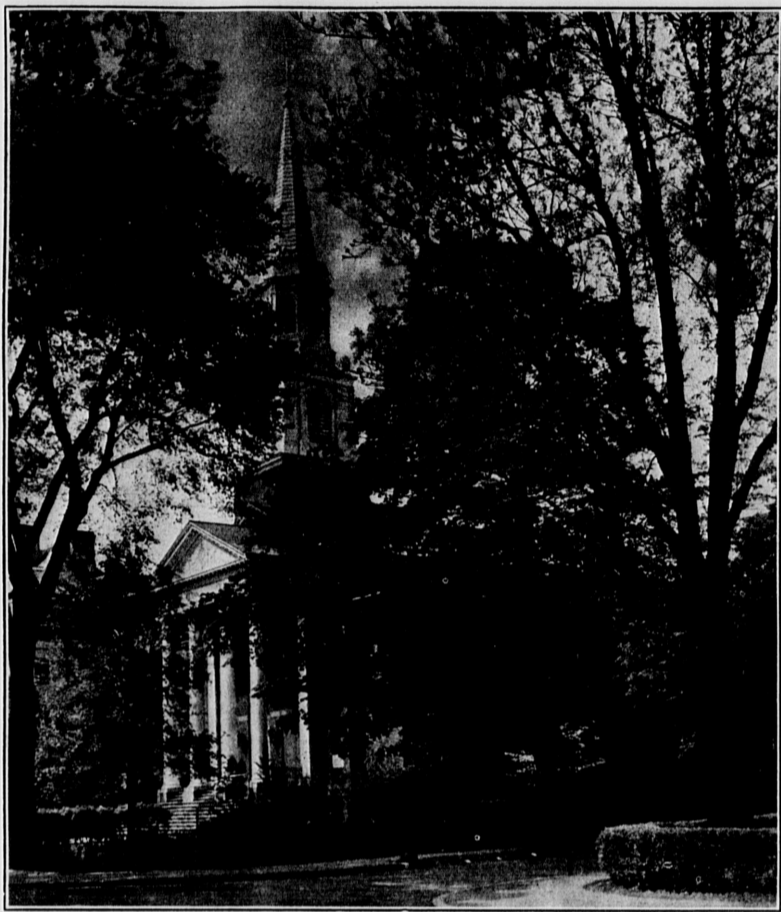

## Discoverer and Founder

The Discoverer and Founder of Christian Science, Mary Baker Eddy, having first been able to prove in her own human experience the availability of God's law and God's power to solve human problems, enlarged and increased her study of the Bible, perceiving the need of a course of study the need of spiritual interpretation and understanding of the Bible as directed even by the Master in the statement that God must be worshipped "in spirit and in truth." Her efforts to promote and make practical the course of spiritual conquest of Life were met naturally with great human opposition and hostility, for the method and the plan were radically opposed to the common teaching and experience of humanity. With almost incredible patience, faith, unselfishness, and persistence, Mrs. Eddy continued her efforts, and they were magnificently rewarded in world-wide recognition of a spiritual discovery, on her part, and a spiritual remedy, on the part of those brought great comfort, healing, and blessing to multitudes.

Mrs. Eddy's plans and proposals for church activity and church maintenance may have seemed unusual or even impossible in the beginning as she turned thought to the supply and divine direction rather than to the ordinary human plans of churches. The experience of the years has proved how wisely and well the foundations of the Christian Science movement were laid by its discoverer and founder. She perceived the need of human agencies for the spread of this gospel, and in due time established a Publishing Society that has been and continues to be a very wholesome activity in sending out this message of being and truth through its various publications to all the civilized world. She founded a church, The Mother Church, from which has grown a great number of branch churches throughout the civilized world, and she has been and continues to be a very wholesome activity in sending out this message of being and truth through its various publications to all the civilized world. made is very good, and that without Him has not anything been made. The Christian Science worker may use argument similar to what you have heard to persuade and to convince himself and the patient that normally, naturally, and scientifically man is perfect and cannot be otherwise. In addition to the audible persuasive statement or treatment, the worker will endeavor, by the suasion of thought, to lift the consciousness of the patient to that point in the thought of the master Christian, Christ Jesus, when he said, "If two of you shall agree on earth as touching any thing that they shall ask, it shall be done for them of my Father which is in heaven. There is no mystery or secrecy, with the Christian Scientist concerning the so-called treatment, or work, or prayer. The efficacy of such treatment, or work or prayer, is not due to any particular words in the mouth or thought of the worker, but depends mostly upon the recognition and acceptance by the practitioner and the patient of the divine presence and power through an awakened consciousness, or understanding on their part. The healing work in Christian Science is not based on any assumption that man really becomes sick and must be healed bodily through some omnipotent power; but sickness, so called, is recognized in Christian Science as a bodily manifestation produced solely by an erroneous mental condition on the part of the patient and on the part of those around him. The original erroneous belief in nearly every case is in the assumption that sickness is even possible. When man's consciousness refuses entirely to accept even the suggestion of imperfection as the work of God, sickness will cease to be a menace to mankind.

This process, known in Christian Science as prayer, or treatment, is apparently voiced by Paul in these words in his letter to the Romans: "Be not conformed to this world: but be ye transformed by the renewing of your mind, that ye may prove what that good, and acceptable, and perfect, will of God." His meaning is obvious in saying, "Be not conformed to this world: that is, to the beliefs of sin, disease, and death. Neither is it difficult to follow his meaning in the second part of the statement to be 'transformed by the renewing of your mind,' that one may prove in his experience the will of God. If there be any difficulty in healing, it may lie perhaps in the unwillingness or indifference of the patient in the question of being transformed and the lack of spiritual power and understanding on the part of the practitioner. The so-called mortal or carnal mind referred to by Paul as 'enmity against God' is apathetic, indifferent to change, and perhaps rebellious concerning intelligent and persistent activity in the direction of reform. This is the same

and aroused the patient to the point of seeing, accepting, and acknowledging the fact of God's creation in the perfect man. When the perfect man is seen, acknowledged, the sick man has disappeared. This healing thought is expressed in the Christian Science textbook in these words (pp. 476, 477): "Jesus beheld in the perfect man, who appeared to him where sinning mortal man appears to mortals, the Saviour saw God's own likeness, and the correct view of man healed the sick."

The Apostle Paul, in the third chapter of II Corinthians, pursues, or uses a similar argument based on his discerning or perceiving the perfect. He speaks of the "veil" which has blinded the minds of men, and he says, "And his summation of the mental process is in these words: 'But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord.' This is quoted by a modern translator of the New Testament in this fitting and useful expression: 'And all of us, reflecting the splendor of the Lord, our unveiled faces, are being changed into his likeness from one degree of splendor to another, for this comes from the Lord who is the Spirit.'

In the active experience of healing work in Christian Science, one quickly recognizes that the same procedure is not the rule in every case. With blessings, . . . The time for thinkers has come." Surely the Christian thinker is ready to adopt as his theory of life the scientific fact of God's allness and the perfection of God's creation.

The writer of the second chapter of Genesis, in his effort to describe a material creation, prefaces his description of material creation by reference to a mist that went up from the earth. In Christian Science this mist is treated as mystification, or misunderstanding, or the "veil" mentioned by Paul, or darkness. Every belief or suggestion of sickness, or accident, or discord, or sin, is but the appearance (as suggestion) of this mist which went up from the earth and which obviously did not come from God. We know in nature that a mist is dispelled by light, and the effort in Christian Science towards healing is always a search for and pursuit of light or truth, which obviously dispels or destroys the mist, and reveals God in His allness.

A further illustration as proof that healing as practiced by Jesus was a recognition of God's power as always present, rather than healing being a so-called miracle, or supernatural intervention of the Father, is to be found in the healing of Lazarus as related in the eleventh chapter of John's Gospel. The Master's prayer indicates his state of thought, "Father, I thank thee that thou

### Christmas in a War Torn World

The disturbing conditions of war throughout the world cannot help but have their effect upon the Christmas feeling which within a few short days should be at its height. The war, however, should not dull the Christmas spirit. More than ever do we need to hold to that faith which the coming of the Christ Child exemplifies. We have many duties to perform this Christmas which we have not had in many years. Despite the weight of sadness we can only surge on ahead with new inspiration to bring Christ-

### Savings for Christmas

Many Newton persons are reaping the rewards of consistent savings toward Christmas expenditures through the recent issuance of Christmas Club checks by the banks conducting such conveniences. Our three Newton savings banks alone issued checks to four thousand depositors in Christmas Club accounts totaling over \$170,000. Not only has the club type of saving been of inestimable value to the Christmas shop-

per but it has greatly promoted the cause of systematic saving with resultant thriftiness on the part of many who otherwise would have found it impossible to acquire. We would remind Newton residents that the several hundreds of merchants of Newton are their friends and neighbors. Their existence depends upon the patronage of their establishments by Newton shoppers. Do your Christmas shopping in Newton.

### Christmas Mails Pouring Into Post Offices

The public are realizing this year that the "Mail Early" solicitation by the Post Office Department is not merely a routine announcement. These are emergency conditions and it becomes the assignment of the United States Postal facilities to render prompt and immediate service to mail necessary for the immense production program now in progress. While every effort will be made to handle a Christmas card load surpassing by 30 per cent that of any previous year and to assure Christmas delivery of this mail, primary consideration will be given to this important government and business mail.

It is the patriotic duty of all Americans to see that nothing hampers the movement of the mails. Even at this early date, tons of mail are pouring into the offices within the Boston Postal District. It is a definite sign that the public is realizing the enormous task at hand and are willing to co-operate. They must co-operate, in the way it is put by Mr. John W. Gleave, Acting Postmaster of Boston. Times are different and although every effort will be made to achieve the success previously attained in the delivery of Christmas mails, the final results will be determined by the mailing public.

It is very noticeable this year, postal officials tell us, that practically all patrons are sending Christmas cards in sealed envelopes. Not only do they secure complete postal service but they are likewise contributing to defray the huge cost of maintenance of new postal facilities now established in all parts of the nation. It is the dignified way to send Christmas cards. Local cards should not be mailed later than December 20, that is the final deadline for assured Christmas delivery in the Boston Postal District. Mail Early—Wrap Well.

Norumbega Council, Boy Scouts of America, will hold its Annual Christmas Campfire this Saturday evening, December 20, 1941, at 7:00 p. m. in the Musketahquid Camp-site, its traditional location in the Nobscot Scout Reservation, Framingham, Mass. Under the direction of Samuel P. Allison, chairman of the Camps and Camping Committee of the Council, the program will begin with the lighting of the campfire in front of a living decorated Christmas Tree. Following the lighting ceremony, the Scouts, Scouters, parents and friends assembled for the program will sing Christmas Carols, led by Charles Frary, Assistant Scoutmaster of Troop 7A and member of the Camps and Camping Committee, and Thomas J. Macgowan, Jr., Scout Executive of Norumbega Council.

One of the features of the evening, the Christmas Story, will be told by the Rev. Burford Parry, minister of the Wellesley Congregational Church. Rev. Mr. Parry will be introduced to the group by Benjamin W. Guernsey, presi-

dent of Norumbega Council. Following the Christmas story, Santa Claus will be present to give out Christmas presents to the various troops represented, these presents having been turned into the Scout Office in Newtonville during the past week. The program will conclude, following the singing of additional Christmas Carols, by the serving of refreshments by the Teddy Roosevelt Rover Crew under the leadership of Jim Blackall. Invited guests include Major Leigh M. Nisbet, former Scout executive who originated the Christmas Campfire several years ago.

### Surprise Party In Honor of 50 Years' Service

On Wednesday evening, Dec. 10th, the ushers of the Sacred Heart Church, Newton Center, gave a surprise party to Mr. Jacob King of Walnut st., in recognition of his 50 years of continuous service as an usher.

Mr. King was the recipient of several gifts and Mrs. King was presented with beautiful flowers. Mr. King was born in Newton and on June 17th last celebrated their 56th wedding anniversary. Their family consists of Dr. George C., of Fall River, Mass., Dr. Thomas H. of Hamilton, Mass., Dr. John H. of Boston, Mass., Dr. Alfred H. of Boston, Mass., Dr. Misses Elizabeth and Marion who reside with their parents.

In thanking his friends for joining with him in observing his 50th anniversary of service to the church and to the community, in which he has been a life-long member, Mr. King, in a delightfully informal manner told of the early days of the parish and related many interesting facts and humorous incidents of the struggle and difficulties encountered before the present church property was purchased.

He paid a splendid tribute to the first pastor, Rev. D. J. Wholey, and spoke feelingly of his several successors, Rev. D. C. Ridd, now of Watertown, Mass., Rev. T. A. Curtin, deceased, His Excellency, Cardinal Spellman, now Archbishop of New York, and the present pastor, Bishop Richard J. Cushing.

Of particular interest to his visitors was the recital of the names of the original committee, who in May 1890, began the movement to solicit funds which resulted in the foundation of the Sacred Heart Parish. These men were William Connell, Thomas W. Mullen, Denis Foley, Edward Hickey, Michael Thornton, Thomas Gahan, T. D. Sullivan, Henry McGrady and John Foley.

Mr. King is the only survivor of that group which labored faithfully to form the Parish.

During Mr. King's business life he was an official of the Gamewell Club at Newton Upper Falls and since his retirement has found life enjoyable, surrounded by his family, his flower gardens and his friends.

The bus, hired by the parents, covers a route extending from

### Nurse's Aide Class Graduates

The first civilian defense Nurse's Aide Corps class was graduated by the local chapter of the Red Cross on Tuesday with a program of exercises at the Newton Hospital. The class consisted of 17 students, all of whom are now employed in the hospital.

The Newton Hospital belongs to all of the people of Newton and all of the people of Wellesley. Surely if there were no hospital to serve these communities, the people of Newton and Wellesley would co-operate to see to it that one was established. To keep going the fine hospital we have they are called upon annually to contribute such an amount as will make up the difference between the expense of operating the hospital and the income received from patients for their care, plus income from investments and small amounts from other sources.

Patients who can afford to do so, pay for the full cost of their care. Many cannot afford to pay the full cost and pay less than cost. Some can afford to pay nothing and they pay nothing.

In 1940 there were 6,550 patients who received care at Newton Hospital. They were given care for a total of 69,283 days. Of this number, 2,715 patients received 25,132 days of care at less than cost; and 1,512 patients received 17,946 days of care without any charge whatever. In addition, 5,497 patients were given 17,243 treatments in the Out Patient Department for nominal fees or none at all.

To put the matter another way—in 1940 the cost of caring for patients was \$486,702; these patients were charged \$401,640; the gross over the amount charged was \$85,062.

That's about the way the losses run every year. In 1941 charges were increased in order to help meet the increased costs due to present conditions, but the losses continue.

How are these losses taken care of? As individuals we can't indefinitely spend more than we take in and escape bankruptcy. Well, Newton Hospital takes care of it.

The following received certificates for completing the Nurse's Aide course: Mrs. Jonathan Brown, 3rd, Wellesley Hills; Mrs. Hugo Carlson, Newton; Miss Margaret Ann Coates, Waban; Mrs. Granville B. Fuller, Wellesley Hills; Mrs. Edward B. Gray, West Newton; Mrs. Andreas Hartel, 3d, West; Mrs. Anne Marie Hill, Waban; Mrs. Matthew Light, Wellesley Hills; Mrs. Joseph C. MacDonald, Waban; Mrs. Albert W. Peterson, West Newton; Mrs. Clarence Seagrave, Wellesley; Mrs. Liggett Scrivenor, Dover; Mrs. Arthur T. Soule, Waban; Miss Barbara Ann Swenson, Waban; Mrs. Arthur A. Vernon, Newton Highlands; Mrs. John F. Wheelock, Auburndale; Mrs. Alexander McW. Wolfe, Wellesley Farms.

The Engineers Club, sponsored by Mr. Ralph Morse, visited Station WABC at the Hotel Kennard on Wednesday, December 3. Nine boys took the trip: Danny Antonelli, Warren Bennett, Leo Conzo, William Flanagan, Rogers Cabot, Richard DeBellis, Harry Pambookin, Buddy Wilson and Joe Esposito. Rogers Cabot, club secretary, reported.

The girls elected their home room basketball captains this week. They are: Grade Seven—R. 8, Lorraine Chartier; R. 14, Madeline Mahoney; R. 17, Joanne Grammer; R. 20, Evelyn Kennet; R. 24, Alice DeSantis; R. 27, Shirley Cassell; Grade Eight—R. 11, Lorraine LeBlanc; R. 13, Betty Chase; R. 15, Patty Noel; R. 18, Norma Simmons; R. 19, Bunny Hoagland; R. 23, Christine Anderson; R. 29, Anita Kennet; Grade Nine—R. 22, Ann Sevin; R. 21, Rose Casinelli; R. 23, Ilana Hallett; R. 26, Filomena Tempesta; R. 30, Muriel Ferris; R. 10, Barbara Cormier.

Mr. Burkhard expressed his appreciation for the splendid efforts of the students whose contribution of pennies for the battleship "Massachusetts" gift totaled \$5.61.

## NEWS from the NEWTON COMMUNITY COUNCIL THE NEWTON COMMUNITY CHEST AND ITS AGENCIES

Under war conditions hospitals are among the most important institutions of every community. The Newton Hospital stands today in a vital relation to the defense of Newton and Wellesley. The maintenance of its high standard of service is therefore one of the tasks to which the community will dedicate itself in this time of stress.

Sixty years ago a group of 18 citizens of Newton associated themselves for the purpose of "founding, maintaining an institution for the care and treatment of sick, disabled and infirm persons." Generous people contributed money and the Newton Cottage Hospital had its beginning. About 10 years later the name was changed to Newton Hospital, and 22 years ago the people of Wellesley began to share in its support and in its privileges.

Newton Hospital is a charitable institution. It is managed by an elected board of trustees, the members of which give of their time freely to see to it that we have for our use a first-class hospital—one that is given a first class rating by the American Medical Association and by the American College of Surgeons.

The Newton Hospital belongs to all of the people of Newton and all of the people of Wellesley. Surely if there were no hospital to serve these communities, the people of Newton and Wellesley would co-operate to see to it that one was established. To keep going the fine hospital we have they are called upon annually to contribute such an amount as will make up the difference between the expense of operating the hospital and the income received from patients for their care, plus income from investments and small amounts from other sources.

**Day Jr. High**

Station WDBC, the Day Broadcasting Club, directed by Mr. Alden Read, was on the air Friday evening, Dec. 12, with its second broadcast of the year, a quiz program called "The Unknown Quiz Kids." Joan Thompson, the announcer, explained the game. Numbers were drawn by Bunny Hoagland selecting Carlton Wick of R. 26, Robert Kennet of R. 5, Sally Hudson of R. 29, Suzanne Brumbaugh of R. 8, Barbara Salinger of R. 14, and Barbara Miller of R. 27 as the quiz kids.

The Engineers Club, sponsored by Mr. Ralph Morse, visited Station WABC at the Hotel Kennard on Wednesday, December 3. Nine boys took the trip: Danny Antonelli, Warren Bennett, Leo Conzo, William Flanagan, Rogers Cabot, Richard DeBellis, Harry Pambookin, Buddy Wilson and Joe Esposito. Rogers Cabot, club secretary, reported.

The girls elected their home room basketball captains this week. They are: Grade Seven—R. 8, Lorraine Chartier; R. 14, Madeline Mahoney; R. 17, Joanne Grammer; R. 20, Evelyn Kennet; R. 24, Alice DeSantis; R. 27, Shirley Cassell; Grade Eight—R. 11, Lorraine LeBlanc; R. 13, Betty Chase; R. 15, Patty Noel; R. 18, Norma Simmons; R. 19, Bunny Hoagland; R. 23, Christine Anderson; R. 29, Anita Kennet; Grade Nine—R. 22, Ann Sevin; R. 21, Rose Casinelli; R. 23, Ilana Hallett; R. 26, Filomena Tempesta; R. 30, Muriel Ferris; R. 10, Barbara Cormier.

Mr. Burkhard expressed his appreciation for the splendid efforts of the students whose contribution of pennies for the battleship "Massachusetts" gift totaled \$5.61.

### Less Building But Newton Still Leads

Although building activities slumped last month, Newton held first place in residential construction among the municipalities in the state, according to the report of the State Department of Labor and Industries.

Building permits issued last month revealed that municipalities where expenditures exceeding \$50,000 in value were planned were as follows: Newton, \$148,300; Wellesley, \$91,400; Springfield, \$74,850; Worcester, \$67,300; Pittsfield, \$65,500; Norwood, \$58,300; Lynn, \$58,100.

Newton also led in the number of family accommodations planned as follows: Newton, 28; Springfield, 20; Worcester, 17; Norwood, 15; Lynn, 14; Springfield and Weymouth, 14 each; Peabody, Quincy and Waltham, 12 each.

### Salvation Army Campaign Nears Goal of \$6000

A little less than \$1700 is needed to make the 1941 appeal of The Salvation Army in Newton a success, according to the latest report of William M. Cahill, campaign treasurer and also treasurer of the Newton Trust Company. Six official collectors will be canvassing door-to-door and women at their homes and offices, it was indicated by Douglas B. Francis, state representative, who as chairman of the sponsoring group is hopeful that by next week's report an all-out-victory will be recorded.

The 1941 goal is \$6000, which is the largest quota for any Massachusetts town where no corps' organization is located. The amount collected to date is over \$4300.

According to Mr. Francis, plans are already in the making that will provide for Christmas cheer and a good Yuletide feast for scores of Newton shut-in, aged and families who for the moment are hard pressed for funds.

It is made emphatic by the campaign workers and sponsors that none but uniformed collectors are authorized to accept donations in The Salvation Army campaign and that each of the collectors will carry a credential letter signed by Mr. Francis. The plan to mail or hand check or money to Mr. Cahill at his bank address continues.

### Newton Woman Is Author of Story With Music

By Florence E. Whitier

"Christmas Comes To Michael," a story with music just published by Bruch Humphries, Inc., Boston, is from the pen of a Newtonian, Lillian Middleton, better known as a poet and musician.

With two original songs and an old but unfamiliar (here in Newton) setting for a traditional Christmas hymn, the gaily covered gift book in red, white and blue has decorations by C. Sally Low, charmingly drawn.

Probably no writer except one to the idiom born could make her characters live and breathe in a genuine Irish spirit. "Michael" is a bit of the old and old transplanted to the printed page, not by dialect in the falsetto tenor manner of the singers of Irish songs, but by phrasing, the true Gaelic idiom which does not depend on brogue or dialect.

Newtonians who were fortunate enough last Christmas-tide to hear the author read "Christmas Comes To Michael" before the Round Robins at the West Newton Unitarian Church will welcome the new edition, for it is a bit of Christmas spirit for the child or adult to enjoy.

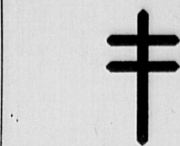

Lillian Middleton in private life is Mrs. M. J. McMillen of 256 Austin st., West Newton, mother of two sons. A member of the England Poetry Society, Lillian Middleton's verse has won prizes for two years. She is also a member of the Manuscript Club of Boston. For three years she has been a member of the Women's Symphony Orchestra of Boston, conducted by Alex. Thiele and often plays "cello in a string trio besides.

Of English Quaker and French Huguenot ancestry, Lillian Middleton was born near Dublin in Ireland. Her childhood was varied with dogs and riding to home in Ireland, where her English Quaker family settled as gentlemen farmers, an English school at Polam Hall in Darlington, Durham, and vacations in France. In London she married an Irishman whose home was in France and they came to America and thence to Newton.

Musicians and miniature painters and other artistic folk abound on her maternal family tree. It was her great-grandfather, Johannes Bernard Logier, a French musician and composer, who is remembered as the inventor of the keyed bugle. His portrait hangs in her living room.

Incidentally, Lillian Middleton appears on the Newton poets' evening of the poetry course at the Newtonville Library on December 4.

### Christmas Seal Sale

Citizens of Newton are responding wholeheartedly to the traditional Christmas Seal Sale, it was announced today by Miss Adelaide B. Ball, general chairman.

"We do not wish to rest on our laurels and regard the campaign a complete success. Our program for 1942 will be an extensive one in view of the national emergency," Miss Ball states.

"In addition to our regular work in teaching the citizens of Newton that tuberculosis is preventable and curable we must keep ourselves geared for any emergency that may arise.

An interesting sidelight on this year's sale, is that many people in Newton have indicated wholeheartedly their support of the sale because "it is an old American institution."

### Rotary Club

The regular meeting was held on Monday at the Brae Burn Golf Club with Vice-President Mathew Ruane presiding. The speaker was Mr. John M. Bierer, chairman of Committee of Public Safety in Newton and he was introduced by Douglas B. Francis.

Mr. Bierer gave a very interesting story of what has happened and is happening in Newton toward the end of the year. He stated that the work is divided into three parts: What we may expect, what Newton has done and what the individual can do.

Soon after the committee was formed there were only about 39 who were interested enough to enroll and take the ARP course, but after a few months a mass meeting was held at the High School and about 1100 joined the defense work.

He said that during the Civil War the soldiers' families who were left behind were in the exception of one civilian. Today the conditions are much different with armies mechanized and airplanes with their incendiary, high explosive and gas bombs. He said that all civilians should know how to act in case of an air raid and stressed the need for everyone to do away with all rubbish around their homes and places of business.

He stated that the Red Cross and the City Government were working to make the City of Public Safety 100 per cent. There are about 750 persons who are taking the 20-hour Red Cross course and around 1500 wardens scattered over the city so that 24-hour service is being rendered. He said that there is still opportunity for more to volunteer their services.

He stressed the need for all to know beforehand, what they are going to do in case of a bombing and warned all, "to keep cool."

### Burglars Flee; Steal Two Cars

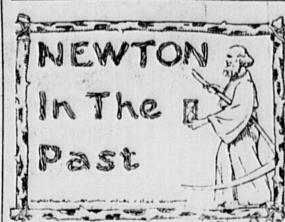

On Monday evening when Charles W. Henderson, Jr., of 238 Chestnut st., West Newton, entered his home he found two burglars at work on the second floor. He telephoned police headquarters and in the meantime the burglars fled leaving two valuable watches and a silver dollars on the floor. At 10:20 that same evening a stolen automobile was found abandoned on Dorset rd. in Waban. In the car were eight silver dollars and an auto key which had been stolen from the Henderson home. Also two flashlights which had been stolen from the car of Stanley Newman of 10 Locke rd., Waban. The abandoned car which belonged to Raymond Rothstein of 234 Ward st. had been stolen from in front of his home.

On Tuesday morning Stanley Steadfast of 149 Dorset rd. reported to the police that his car had been stolen on Monday night and Robert Stevenson of 15 Oakencroft rd., Wellesley, reported that his car had been ransacked while parked near 95 Dorset rd. and a pair of dark glasses valued at \$3 stolen.

It is believed that the burglars who broke into the Henderson house first stole the car in front of the Rothstein residence, then drove to West Newton, and abandoned the car in Waban where they drove away in the machine belonging to Mr. Steadfast.

### SARAH HULL CHAPTER, D. R.

The 45th birthday party of Sarah Hull Chapter, Daughters of the Revolution, was held at the home of Mrs. Franklin E. Smith, 56 Fairmont ave., Newton, on Wednesday, December 10th, 1941. Mrs. Smith and her assistants served a delicious dessert at 1:30 p. m. which was enjoyed by all present. Then, as there was very little business, Mrs. Fosgate, the Regent, after the Salute to the Flag, gave the meeting over to the members who told of some heirlooms in lace or jewelry which was treasured by their associations. Presents had been brought for the Veterans in the Hospital at Rutland. All present had a very interesting and delightful time. The succeeding business session were the Executive Board.

### 55 YEARS AGO

Newton Graphic, Dec. 18, 1886

The Board of Aldermen has voted to change the name of School st. to Thornton st.

The Watertown selectmen are about to issue a warrant for a town meeting, probably to be held on December 29th, to see what action the town will take with regard to the petition of J. W. Fugle and others to have their portion of the town which lies on the south side of the river annexed to Newton. It seems to be the prevalent opinion that the petition will be opposed as vigorously as ever by the town, and that the chance of its succeeding this year is no better than in previous years.

Christmas candles have come into such general use that nearly everyone buys them. They can be found at the store of G. P. Atkins.

The poles for the electric lights are beginning to be set in place, which impresses us with the fact that the days of enlightenment are near at hand.

We notice the new house on Margin st., rapidly progressing, and that part of the hill, formerly looking so bleak and uninhabitable, now wearing an aspect of cheerful neighborliness. Mr. Stiles Frost has recently taken possession of his new house on Highland ave.

There was excellent coasting during part of last week. Our young people seemed to enjoy it very much. The notice at the corner of one street that "coasting is permitted on this street," does not seem so out of place as it did in the midsummer days when passers would often read it with a smile. We are glad our children have such a privilege, and only regret that courtesy is just as desirable on a coasting hill as elsewhere. We trust it will not often be the case that pedestrians have to turn out into the snow, on account of the swift-going sleds on both street and sidewalk, as occurred more than once last week.

Baptist pond was partially free from snow on Saturday. A large number of skaters were on it during the early hours of the day, but it was found to be unsafe, and was wisely deserted.

The south winds and rain of Sunday, falling on the snow, brought the sidewalks to a dangerous condition, and on Monday morning locomotion was difficult; one lad reported falling down six feet, in reaching the school house.

Slosh, slosh in the square. If the city authorities would only keep a path clear, it might redeem their neglect somewhat in not laying proper crossings.

In the removal of the old hearse-house from the Winchester st. burial ground to the gravel pit on Eliot st., the old hearse was disturbed from its quarters to be cremated.

### Are the Old-Time Virtues Dying Out?

To the Editor:

Obedience to proper authority, respect for age and official station, and consideration for the weaker sex, were old time virtues. Judging from recent exhibitions made by Newton boys the times have changed. It would appear that some young people no longer regard themselves bound to be respectful to their seniors or courteous to females, and that they ignore all authority except as it happens to suit their own conveniences.

Whose fault is it that any boy can grow up in such a community with such notions? It is a sad thing that, with all the helps provided in a city like Newton for developing manliness, there is on the part of some such a lack of those principles without which true manliness is impossible.

### 50 YEARS AGO

A black bear is the herald of Christmas at the Newton City Market.

The Italians on the Bennington st. sewer struck yesterday, on account of a change in the boss, and but for the police there would have been trouble.

A new memorial window was dedicated last Tuesday in the chapel of Grace Church. The window has been given by Mrs. Isabella G. Parker of Auburndale and others of her family, in memory

### The Mayflower Wayside

is a new departure in the merchandising of furniture. It is well established on a sound financial basis... It is already a prominent landmark in the fast growing Newtons.

### The Mayflower Plan

cuts off great slices of this overhead, bringing high grade furniture to you at unbelievably low prices. Our one price policy to ALL means savings of 25% to 40% at all times. Needless to say, we have no "sales"; our prices are always well under the so-called mark-downs—easily understood.

### This Show Place

is located on the main highway in West Newton, just out of the Square, well away from the high rent areas of costly city blocks, but easily accessible by auto, bus or train—with our own unlimited parking space.

### The West Newton Mayflower Wayside

is set up in a large reconditioned brick factory plant, well filled with fine furniture of every type—as complete an assortment of eighteenth century furniture as can be found. For your convenience in shopping, we have one hundred open wall-paper room-settings where it is easy to make your selection.

Our plan eliminates the necessity of hurried purchases. You should take plenty of time to select your furniture. For this reason we are open every evening until ten-thirty o'clock. This enables the entire family to help in the selection of furniture. It's fine, too, everyone feels at ease in the evening—free of business and home care—plenty of time—good fellowship. There's no high pressure selling necessary—it's a self-selling plan—we furnish the information about the furniture—the price will do the selling.

You are cordially invited to come in and look around

## MDC Names Two Newton Men To Police Force

The Metropolitan District Commission this week announced the appointment of twenty-five patrolmen, to man the new Quabbin Reservoir division. Among the new officers are two Newton men, James H. Maher, Jr., of 30 Pearl st., Newton, and Joseph L. Tobin, 88 Central ave., Newtonville. Maher is 27 years old and has been associated with a Boston Insurance firm. Tobin is married, the father of two children, and is a former WPA supervisor.

With the declaration of war and the stationing of anti-aircraft troops in Newton and vicinity, the Newton Y. M. C. A. has arranged to keep its building available for service men twenty-four hours a day and seven days in the week. The uniform of the Armed service is equivalent to a Y. M. C. A. membership and all facilities of the Association are available to service men on the same basis as to the members. The Y. M. C. A. staff, together with the local retired secretaries, have volunteered their service to man the building during many of the extra hours.

More than 400 U.S.O. centers from Kodiak, Alaska to old Key West are only awaiting the jingle of Santa's bells to raise the curtain on a holiday program, packed with features, for all our men in uniform. Kenneth S. Dale, general secretary of the Newton Y. M. C. A., was advised by the Y. M. C. A. National Council in New York today.

The boys afar have not been overlooked. Mr. Dale announced that Christmas bunting is fluttering at U.S.O. centers in the Philippines, Hawaii, the Canal Zone, in British Guiana, Trinidad, Antigua and Jamaica of the British West Indies, Porto Rico, Cuba and Bermuda.

Large scale Christmas activities also have been arranged by the permanent Army and Navy Y. M. C. A.'s in the Canal Zone, and especially at the Y's on the actual "firing line" in Honolulu and Manila. Christmas cheer will be provided for the American troops in Iceland through co-operation with the British Y. M. C. A.'s.

The biggest presents for the boys in the U. S. are the new U.S.O. clubhouses in the Philippines. More than 100 will be completed by Christmas Day, and over 200 will be in operation early in 1942.

## School Quintet Swamps Faculty

The Newton High School basketball team officially open the season tomorrow night with two games at Quincy. On Jan. 6th the locals open the Suburban league season meeting Cambridge high at Cambridge. The home game for the orange and black quintet will be on Friday, Jan. 9th, against Rindge Tech. On Monday the Newton team staged its annual exhibition game with the high school faculty, trouncing their teachers, 61 to 24. Bob Flagg at center paced the schoolboys with eight baskets from the floor. Louis Paulino with eleven points and Doug Teschner with seven points started in the forward positions. Larry Tempesta and Harold Martin were the starting guards. Kossington, Sharp, Farragher, J. Paulino and Bill Henly played as reserves.

Warren Huston led the faculty scorers with 9 points with Howard Ferguson scoring six. Coach Beverly Wilson played center for the faculty with Marjorie and Knapp as guards. Faculty substitutes included Tom Fitz, Frank Simmons and Winston.

## Six Teams Enter City Ice League

At a meeting of the managers of local hockey teams in the Newton Centre recreation building on Monday six teams enrolled in the newly formed City Hockey League. Competition will get underway as soon as there is sufficient ice at Billington Pond, Newtonville and Ware's Cove, Auburndale.

A schedule of games on a home-and-home basis will be arranged with each team meeting each of the five others twice. Games will be played at night under floodlight conditions. Three 15-minute periods will be played with a 10-minute overtime session if necessary. Team rosters will be open to all residents of Newton with no limitation on age or weight.

John F. Donahue, skating supervisor of the Recreation department, is manager of the league. William Spiere of Newton Corner, Mike Piantadosi of Nonantum, Robert Collins of Waban, William Owens of Auburndale, Harold Maillet of Newtonville and John Rigby of Newton Highlands are the team managers. Another meeting will be held next Monday evening to complete final arrangements for the league opening and the schedules.

## Draftees Report For Physical Exam

Physical examinations for six additional registrants of Local Selective Service Board 112 were given yesterday at the Columbus ave. induction station in Boston. Board 113 sent five others and Board 114 one.

Those sent from Board 112 were: Dominic Antonelli, 11 Jenison st., Newtonville; Edmund Carley, 44 Harrington st., Newtonville; John Caruso, 33 Alden pl., West Newton; John McGowan, 505 Waltham st., West Newton; John Timmons, 19 Beach st., Newton; Donato Cedrone, 288 Nevada st., Newtonville.

A new registrant of Board 113 is Willard A. Brouillette, of 357 Auburndale ave. His serial number is 2036.

## Auto Thieves On Joy Ride South

Three youths and a girl were arraigned in Newton court last Thursday morning on charges of larceny of a motor vehicle. Three of the quartet were apprehended in Greenwich, Conn., last week Tuesday in a beach wagon stolen in Newton Centre. After pleading not guilty the three youths, Leonard D. Gavel, 17, of 15 Chase st. and Alvin L. MacLeod, 20, of 17A Chase st., both of Newton Centre and Donald H. McGeuch, 19, of Billerica, were each fined \$100 each for a hearing on Dec. 19th. The girl, a 15-year old Medford resident, was released in custody of her mother after being booked on the larceny charge and will be arraigned in juvenile court.

MacLeod was charged on a warrant after police learned he was involved in the theft but did not accompany the others. According to police the other young people admitted touring the state of Maine in the stolen vehicle when they were on their way to Miami when they were stopped by Connecticut police. They said they planned to obtain employment in Florida. They were brought back to Newton by Lieut. Daniel E. Crowley. Sergeants Patrick King and Phillip Russell and Mrs. Grace Carey, police treasurer.

Police state that Gavel confessed that he and MacLeod stole the beach wagon from a Newton Centre parking space, removed the plates and substituted plates from his brother's car and subsequently turned the car over to McGeuch in Woburn where the latter was visiting friends. Gavel told the police he later stole another set of plates from a car in Woburn and recovered his brother's plates.

Gavel and McGeuch and the girl, with whom Gavel had been keeping company, took a trip around Greater Boston and then went to Maine, staying one night at a tourist camp and another visiting the grandfather of McGeuch. They then started south. In the car police found blankets stolen from the Maine tourist camp.

After his arrest MacLeod confessed his part in the theft, admitting that he and Gavel had stolen the machine and turned it over to the Billerica youth.

## N. E. Tennis Event To Be Held In Newton Next Year

Recreation Commissioner F. Ewing Wilson has announced that word has been received that the 1942 New England Public Parks championship tennis tournament has been awarded to the city of Newton. The event will be held on the Newton public tennis courts during the last week in August. The annual tourney is sponsored by the New England Lawn Tennis Association.

## Numees Win Two By Large Scores

The Numees, basketball team of the Newtonville Methodist Church continued its winning spurt this week by adding two more victories to its string. On Thursday night at Foxboro the local aggregation returned with a 40-20 victory and on Friday night at the Methodist Church gymnasium the Somerville Cameos were trounced 62-39. The junior Numees also won at Foxboro, 50 to 19, and on Friday night took the Grace Church team, 36-19.

Wayne Underhill led the Numees at Foxboro with eleven points and on Friday night went on a scoring spree that netted 33 points against Somerville. Bob Davidson was another leading scorer for the seniors with 24 points for the two nights. Bill McCormick and Cooper Eastman were other leading performers for the seniors.

In the junior games Bill Hanson and Chester Brimblecom were the high scorers against the Grace Church five with Leverett Brimblecom breaking up the opposing offense repeatedly. Russell Crosby earned a starting position this week by his canny play.

This week Friday night the Numees teams will meet the Waltham Boys' Club first and second fives. The Waltham outfit also has a victory over the Somerville Cameos and a close game is in prospect on Saturday. The Numees seniors play in Brockton.

During the vacation period the Numees teams will play several games. The next home game in the Newtonville Church gymnasium will be on January 2nd against the Woodsums of Braintree.

The Numees Seniors lineup will have Bob Davidson and Paul Holmes at the forward positions, Wayne Underhill at centre and Eastman and McCormick as guards.

## Offers Sand To Newton Residents

Through the kindness of Joseph B. Grossman, 2nd, manager of the Wellesley branch of L. Grossman Sons, Inc., sand may be had, free of charge, by all in Newton who will bring their own containers and take it away. Shovels will be available at the Grossman yards in Wellesley Lower Falls square and the public is invited to go there and help themselves during the present emergency.

Cady of 118 Upland rd., Waban.

## Newton Holds Arlington In Tie In G. B. I. Game

The Newton High School hockey team opened its season last Saturday in the Greater Boston Interscholastic league circuit holding Arlington High in a scoreless game. The initial Newton game, in which the Spy Ponders were the pre-game favorite, came within a minute of being a no-hit, no-run, no-error affair as in addition to being scoreless there were no penalties until less than a minute was left to play. Dave Hunting, Newton forwards kept their Arlington penalty for improper stick handling.

Coach Evan Johnson of Newton with a large squad of inexperienced players started a sextet which consisted of Co-captains and lettermen Charlie French and Gus Munroe on the defense, Bill Jasset in the nets and Dave Hunting, Ray Eusden and Everett Olds, a third string line a year ago. With Olds at centre and Hunting and Eusden on the wings the Newton forwards kept their Arlington forwards on the alert. Jasset at goal repeatedly turned back shots from Arlington sticks when the enemy forwards were able to penetrate the defense. Jasset has taken over as a replacement for Bill Ormsby who was expected to clinch the goalie position but who has transferred to Rivers School.

Among the replacements used by Coach Johnson against Arlington were Giles Thredgold, Francis Perry, Rockwell Smythe, Ed McInnes, Bob Joyal and Bill Rhodes.

Next Saturday Newton will play at the Arena and will meet Wellesley in a non-league game.

## Present Awards At Sports Assembly

The annual fall sports assembly of Newton High School boys was held last Wednesday morning when varsity, intermediate, varsity and junior varsity football players were awarded as previously announced. Coach Dennis Myers of Boston College was the principal speaker.

Charles French, president of the High School Associates presided at the assembly and presented Frank M. Simmons, director of physical education, Mr. Simmons introduced Ralph M. Sanborn, faculty manager, and the coaches of various sports. Principal Raymond A. Green awarded the football letters. Coach Walter Taylor of the tennis team presented trophies to John Cavanaugh and Nelson Everts, winner and runner-up respectively of the fall tennis tournament for boys not previously members of the varsity tennis squads.

## SPECIAL NOTICE REGARDING LIFE INSURANCE WAR CLAUSES

All of the policies which you now own, unless they were bought recently, are free from restrictive war clauses.

Many companies have adopted war clauses which become part of the policy contract on all policies which are now being issued. Some of these clauses are more restrictive than others but it is likely that they will all be made generally uniform within the next few days.

It is not as yet known how inclusive this uniform war clause will be but it can be stated as a certainty, I believe, that it will go beyond the war clauses of 1917. It will in all probability cover Civilian Defence Workers, such as Air Raid Wardens, Fire Wardens, Spotters, etc.

If you are contemplating the purchase of additional life insurance, I suggest that it would be advisable to submit your application promptly. The Northwestern Mutual Life Insurance Co. will accept applications for policies with absolutely no restrictive clauses up to December 24th. The medical examination must be made before that date. First premium may be deferred until February 21st, 1942.

The Northwestern is one of the oldest and largest companies with an enviable reputation for sound management, service to policyholders and low cost. Over half of our business each year is repeat business from satisfied policyholders.

## UNITED FOR VICTORY

"We are all in it—all the way. Every man, woman and child is a partner in the most tremendous undertaking of our American history. These are the solemn words of the President of the United States.

For 125 years the Mutual Savings Banks of Massachusetts have proudly served the Commonwealth and the Nation in war and peace, adversity and prosperity. Today they are ready to do their utmost in this crisis.

They have already acted. Every bank is now selling Defense Bonds without fee or profit to itself and will open a savings account to aid you to save for future purchases.

Only by saving money now and using these current savings for defense can we pay the cost of war and prevent a serious depression when the war boom is over.

Buy Defense Bonds! Buy a share of freedom!

## Christian Science

(Continued from page 4)

er Church for 1901, p. 34): "Follow your Leader only so far as she follows Christ." Truly it may be said of this modern teacher, and Leader and Founder, that she has been an instrument in bringing multitudes to the realization of the Psalmist's beautiful sentiment, "For thou wilt light my candle: the Lord my God will enlighten my darkness." Christian Scientists will always be grateful to the Discoverer and Founder of Christian Science.

### Textbook

The Christian Science Textbook, "Science and Health with Key to the Scriptures," was the outcome and outgrowth of Mrs. Eddy's effort to properly interpret the Bible, and to correctly define man's true relationship to God, and the procedure required to prove this relationship in health and happiness. The textbook has had its baptism of fire, which continued for many years, at times violently, from pulpits, platforms, newspapers, magazines, and all manner of publications. That this marked hostility and oftentimes intemperate criticism have largely discontinued, is witness to the permanence and truth of this text. Having been based upon the study and interpretation of the Bible it is not surprising, but very natural, that the textbook should be established as reliable and useful and worthy, and as a permanent record of a remarkable movement in the history of Christianity.

The unprejudiced student of the Christian Science textbook will find remarkable and yet understandable statements therein that he will recognize as having been impossible to be perceived except as the result of inspiration and divine revelation. The reading and study of this book will bring to any faithful student a concept of a higher life, or a richer inheritance, and of a nobler purpose and motive than he has before entertained, and will thereby generously promote his spirituality, his health, and his happiness.

### Salvation

In a world of human beliefs, erroneously entertained and disastrously practiced, there is great need for the light, and truth, and power revealed in Christian Science. The world is familiar with many dire predictions: that civilization and Christianity will be obliterated in the activity of the carnal hate and selfishness which is all around us. Christian Science reveals the countering influence and existence of that omnipotent and benevolent power that makes possible man's continued living and being on a new and better plane of understanding in accord with the infinite conception of infinite Mind, divine Love, which is particularly voiced by the Discoverer and Founder of Christian Science in these words from "Miscellaneous Writings" (pp. 82, 83): "This Mind, then, is not subject to growth, change, or diminution, but is the divine intelligence, or Principle, of all real

### Local Talent Invited To Exhibit at Library

The Art Committee of the Newtonville Branch Library invites all residents of this city, whether amateur or professional, who may work in any of the arts or crafts, to arrange to exhibit their work in the Reading Room of the Library. These exhibits have been continuing since the opening of the Library two years ago, their purpose being to encourage local talent, especially among amateurs; and to demonstrate the value of art as a hobby. There is no jury of selection, each artist being expected to act as his own jury. There is no charge for exhibiting, nor does the Library assume any responsibility for the exhibits, although every care is taken for their safety. Small exhibits of craftsmanship, or collections of articles of interest to the public are kept in the two show cases under lock and key. Pictures on the tops of the bookcases are constantly under the eye of the librarians. Exhibits may not be offered for sale through the Library, but the librarians are always glad to give information to inquirers regarding the names and addresses of the exhibitors.

Attention is directed to the current show of pictures—the work of a local "Mr. and Mrs." who find much pleasure in sketching and painting together during their spare time, a truly interesting and valuable hobby.

Exhibitions usually last through each calendar month. For arrangements as to time, and any other information, consult with Miss Dorothy Peters, librarian.

### Recreation Department Organizes Puppet Groups

The puppet group at the Lincoln-Eliot Recreation Center have organized and have adopted the name of "Uncle Sam's Puppet Club." They plan to give their first performance on Jan. 15, 1942.

The following officers were elected: President, John Pfeiffer; Vice-President, Joseph Bradley; Secretary-Treasurer, Joseph Carver.

The puppet group at the Bowen School have invited the smaller children to join their class on next Wednesday.

# LONG-DISTANCE TELEPHONING MUST BE RESTRICTED THIS CHRISTMAS

WAR has made it necessary to curtail a typical American habit and tradition . . . the exchange of Christmas greetings by long-distance telephone. This curtailment is imperative.

Specifically, we must ask people in New England not to make calls on Christmas Eve or Christmas Day to points south of New York City, west of Chicago, or to the Maritime Provinces. Such calls, in this time of emergency, may interfere with other calls vital to the nation's safety. The Army, the Navy, civilian defense, and vital industries are depending on telephone service night and day.

Between points in New England, we urge that conversations be brief, although there are sufficient lines to provide reasonably good service.

This is not the Christmas message that we planned to publish. We would like the telephone to make every possible contribution in every part of the country to the spirit of Christmas. But this year there is one supreme obligation for all of us . . . to serve our country before we serve our personal interests.

We repeat . . . please do not make long-distance calls on Christmas Eve or Christmas Day to points south of New York, west of Chicago, or to the Maritime Provinces.

Thank you!

NEW ENGLAND TELEPHONE & TELEGRAPH CO.

## Annual Concert Of Music School

The Annual Christmas Concert held in the Newtonville Woman's Club House on Friday evening, Dec. 12th, opened the holiday season for the All Newton Music School. The auditorium was filled with a large and appreciative audience made up of parents and friends of the Music School pupils, members of the Board of Trustees and representatives from several agencies of the Newton Community Chest of which the Music School is a charter member.

The first part of the program consisted of instrumental selections by pupils from the various departments of the school. The second half was devoted to Christmas music during which Correll's Pastoral from the Christmas Concerto for two violins and piano was played, and two delightful Christmas solos were sung. These were followed by two old French and one ancient Polish carol presented by pupils of the theory, voice and string departments of the Music School assisted by choral groups from the Pomroy House and the West Newton Community Centre. The words of these little-known carols were first recited by Sally Coan, representing the Angel; Dean Farnham, the Shepherd; and Billy Underwood, Joseph, then followed by a repetition of each carol by a strings and full chorus of over 50 children's voices.

As a final number the audience was invited to join the chorus and orchestras in the singing of Adeste Fideles.

Until Dec. 23 when the Christmas recess begins, visitors dropping in at the Music School will hear coming from all sides, strains of Christmas music—on piano, violin, cello, clarinet, flute, orchestra or in song. In addition to the regular activities, on Thursday afternoon, Dec. 18, the junior pupils of the Clafin Branch will have their Christmas party when they will play for each other and sing and play carols together. On Friday afternoon, Dec. 19, there will be an Informal Recital for older pupils, and on Tuesday afternoon, Dec. 23, the Christmas party for the juniors will take place at the Peirce Branch in West Newton.

The Christmas spirit through the season's music will be carried from the walls of the All Newton Music School into homes of every village of Newton.

### Newton Girls Attend Fay School Dance

Miss Gertrude Dougherty, daughter of Mr. and Mrs. Joseph Dougherty, formerly of 347 Albemarle rd.; Miss Carolyn Meredith, daughter of Mr. and Mrs. Robert R. Meredith of 172 Park st.; Miss Mary Uniacke, daughter of Mr. and Mrs. G. V. Uniacke of 284 Langley rd.; and Miss Jeanne Ulin, daughter of Mr. and Mrs. Marion Ulin of 400 Ward st., students at The Fay School, 52 Beacon st., Boston, a secretarial school for young women, were the guests of their director, Miss Irene Fay, at a formal dance which was held at the Hotel Seaverny on Friday evening, Dec. 12.

Miss Meredith, who is an active member of the Junior Woman's Club and Red Cross, assisted on the committee for the school dance. Miss Dougherty, who is a two-year student at the school, is secretary-treasurer of her class. Miss Uniacke is a member of the school's Swimming and Bowling Clubs and Miss Ulin is cast as the Grandmother in the play, "Christmas in Coventry," which will be presented as part of the entertainment at a Christmas party to be held at the school on Friday afternoon, Dec. 19.

### Fessenden School

On Sunday evening, Dec. 14th, the Music Department of the Fessenden School presented a Christmas Carol Service in the school gymnasium. Among those taking part were: Philip Scullin, son of Mr. and Mrs. Matthew P. Scullin of 940 Commonwealth ave., Newton Centre; Milton Stone, son of Mr. and Mrs. E. M. Stone of 45 Holly st., Waban; and Peter Plumley, son of Mr. and Mrs. Howard H. Plumley of The Fessenden School.

Students of The Fessenden School recently visited the British Battle Cruiser, H. M. S. New castle, which was in for general overhaul at the Army Base. While there, they were guests of Surgeon Lieutenant Kerr, who, with the other officers, played Rugby at Fessenden School against the Boston Rugby Football Club. Among those making the trip was Patrick Prest, son of Mr. and Mrs. Alan P. L. Prest of 99 Kirk-stall rd., Newtonville.

### Annual Christmas Ball Of Swedish Aquilo Club

The Swedish Folk Dance Club will entertain at the "Jul ball," annual Christmas Charity Ball, to be held on Friday evening, December 26, in the grand ball room of the Conley Plaza Hotel, Boston, sponsored by the Aquilo Club to benefit the Swedish Charitable Society of Greater Boston and the Home for the Aged in West Newton. Mrs. E. Erik Jansson of 219 Commonwealth ave., Chestnut Hill, vice-president of the Aquilo Club is associate chairman of the ball and Mr. Jansson is the ticket chairman. Others from Newton serving on the committee are Miss Greta A. Nelson of Newton Highlands, Miss Ruth M. Nordstrom of Newton Centre, Mrs. E. E. Blomquist of Newton and Miss Viola Jacobson of West Newton.

### Red Cross To Give Home Nursing Classes

There will be two classes started after the first of January, one Thursday mornings at the Newton Hospital, Jan. 8th, and the other on Friday afternoons at the Technical School, Jan. 9th. Those wishing to enroll should call BIG 6250.

## Women's Club Activities

### Coming Events

#### Newton Highlands Woman's Club

The Woman's Club of Newton Highlands, which was the pioneer Club in presenting a Cretaceous exhibit, will hold its 17th annual exhibition on Sunday, Dec. 21st, in their Club Workshop, from 2 to 10 p. m.

The exhibition is sponsored by the Art Committee, Mrs. Roger Ellis, chairman, and the whole community enters into the success of the affair. Many children and adults as well as Club members display their interpretations of the Nativity.

The mantle over the fireplace will be arranged by Miss Amanda Sylvester. The central figure will be a Madonna, floodlighted, supported on either side by Russian candlesticks against a background of imported velvet. The entire room will be lighted with candles giving a very impressive effect.

At 8 o'clock there will be Christmas music by the Club chorus under the direction of Mrs. Thomas Ginn, followed by community singing of carols.

### Recent Events

#### Auburndale Woman's Club

"Once upon a Decade," an original play by Mrs. Earle D. Wood, was presented by the Drama Group of the Auburndale Woman's Club at the Clubhouse on Tuesday night, Dec. 16. As the play opened, a grandmother, played by Mrs. Austin Fisher, is reminiscing over the old family album while she tells her granddaughter about the good old days. A giant album on the stage swings open as she talks and the pictures come to life with such songs as, "A Bicycle Built for Two," "The Curse of an Aching Heart," and "Reuben, Reuben." Mrs. Wood was assisted by Mrs. Neal Herrick and Mrs. William Fly in arranging the setting. Members of the cast included Jean Ziegler as the grandmother, and in gay nineties costumes, Mesdames Hubert Ames, Franklin Bartlett, E. D. Ziegler, Thomas Ferguson, Walter Amesbury, William Sellers, Maurice Beardsley, Raymond Perkins, Earl Ordway, Theodore Friedrichs, Earle Wood, Neal Herrick, Louis Billings, Harry Ballard, Charles Ansley, Edna James Dunlop, and the Misses Anne Bunker, Constance Flower and Sally Amidon.

#### The Auburndale Review Club

Mrs. William H. Tenney of Woodmont rd. was hostess for the Review Club on Tuesday morning, Mrs. James G. Patterson presiding at the business session at ten o'clock, during which Mrs. Paul H. Tardivel gave some of the highlights of the recent International Relations Conference at Wellesley. Mrs. Edna L. Wilson for Community Service, reported that the bags furnished by the club for the disabled war-veterans, had been delivered, and that donations of soft candies could be used at the hospital at Bedford, the date for their collection by Mrs. Patterson being set for Saturday, December 20.

Mrs. Patterson told of the proposed gift of another Rolling Kitchen for British Relief, and a collection was taken. Further gifts may be sent to the treasurer Mrs. Arthur Freeman.

Mrs. John I. Heibek, chairman of the day, opened the program with a paper entitled "The Honorable Company" and gave a history of the Hudson Bay Company from its founding to the present time. She explained how it had won this title by its fair treatment of everyone who had had dealings with it, especially the Indians, who the company influenced to remain hunters, and paid them fairly for their furs.

Miss Cora MacKenzie had the next paper on "Resources and Industries" and showed how this immense tract included in Canada was rich in many of those natural resources which are vital to a country's success. Agriculture ranks first in these industries, as the land is most fertile, and not only the vegetables grow luxuriantly there, but grain and wheat. Second is the lumber which which is to be found in its thick timberlands, spruce being one of the best sellers. The third is mining, and again, the country is rich in quantities of silver, copper and other minerals. Petroleum and natural gas are obtained in great volume. All of these commodities find a ready market in the mother country, England, at a time when her own production would be hampered if she depended upon her own resources.

Mrs. Susan Tuttle closed the program with a comparison of the credit systems used here and abroad, and at the request of the program chairman, explained the proposed water-way from the Great Lakes to the ocean. The meeting adjourned at noon, the president wishing each one a happy holiday season.

#### Newtonville Woman's Club

The fragrance of pine and spruce boughs and the soft glow of many candles created a cheerful, yet restful, atmosphere for the social hour which preceded the Christmas program at the Newtonville Woman's Club, on Tuesday, Dec. 16. The Christmas program, under the direction of Mrs. Edward J. Norris, had artistically massed greens and candles in all parts of the hall and a lighted Christmas Tree completed the picture. Mrs. Carl B. Horton, chairman, and members of the Hospitality Committee served refreshments and their gay caps and aprons of bright Christmas paper added color to the occasion.

Mrs. Perez B. Howard and Mrs. George H. Tracy presided at the coffee table.

Mrs. Thomas G. Walters, vice-

president, served in the absence of Mrs. Raymond A. Green. The final financial report of The Trapp Family Concert was given by Mrs. Howard C. Thomas, chairman of the Ways and Means Committee. Resolutions on the recent passing of one of the club's charter members were presented by Mrs. Irving O. Palmer and a moment of silence was observed in her memory.

Mrs. Ernest L. Nichols introduced the guest of the afternoon, Edna Merritt, contralto, whose program, "The Christmas Story in Song and Verse" was both inspiring and reassuring for this time of crisis. Told in a setting of soft candlelight, the message was divided into four parts, "The Prophecy," "The Fulfillment," "The Adoration" and "Christmas in the Present." Poems, Scripture Readings, Songs by famous masters and lovely piano selections made the story more touching. Miss Merritt's speaking voice is as pleasing as her singing and the reading added much to the program. This beautiful story came to an end all too soon with the audience joining in the singing of "Adeste Fideles."

#### Newton Upper Falls Woman's Club

On Monday evening at 7:30 p. m. in the Emerson School, the president, Mrs. Harold T. Sprague presided over the business meeting. Mrs. Mary H. Hagerly, chairman, then presented an artist of rare ability, Miss Edna Merritt, contralto, in "Christmas Story in Song and Verse." A beautifully

decorated tree and soft candlelight setting made the story most impressive. Mrs. Frank G. Mordo, art chairman, had a crèche in the art corner. Delicious refreshments served by the hostess, Mrs. Antonio Valente ended a very enjoyable meeting for the large number present.

### Zonta Club

Newton Zontians enjoyed the annual festivities of the Xmas season Monday evening, the 15th, at the home of the President, Mrs. Della Stanley of 166 Moffat rd., Waban.

The decorations were particularly well-appointed. The tables were so arranged as to form a "V" on entering the dining room, but on observation, a third table completed a "Z" making the formation unusually appropriate.

The committee, Mrs. Mildred Roys, Miss Hazel Tarbox and Miss Ethel Gammons in conjunction with President Della, served a delicious dinner.

A full stocking with a gingerbread man was presented to each member with a jingle cleverly describing each recipient according to her classification.

A generous donation was given by the club members of useful articles to be presented to shut-ins by the Salvation Army. Vice-President Alice May Dooey completed the program of the evening with a solo accompanied by Berntha Putney Dudley.

### Community Christmas Tree And Carols At Waban

The official lighting of the Waban Community Christmas tree will be held Sunday, December 21, at 5:45 p. m. in front of the Albert Angier School on Beacon st.

The three church choirs of Waban, the Union Church, the Church of the Good Shepherd and St. Philip Neri will lead the community singing. Mr. H. T. Pettengill will be master of ceremonies. Mr. Harold Schwab will be organist and the trumpeter will be Mr. C. W. Bailey. The Boy Scouts, Troops 9 and 10, will be on hand to pass out Christmas card song books. Miss Mary B. Mason will loan the organ. In former years this event has been very successful and this year is eagerly anticipated. It is sponsored by the Waban Improvement Society and the Waban Women's Club.

### Kin of Auburndale Women Victim In Hawaii

While visiting her sisters in Auburndale last week Mrs. Lena R. Ayres of Chatham was notified by the War Department that her son, Private Robert Scott Brown of the Army Air Corps had been killed in the Japanese air attack on Hawaii on Sunday, Dec. 7th. Mrs. Ayres, who visits her sisters, Mrs. Olive R. Canney and Miss Marcena Ring of 16 Washburn ave., each year at Christmas time came earlier this year on learning that Hawaii had been bombed.

Two sons of Mrs. Canney, William, 21 and Emerson, 20, have also been stationed at Hawaii but not word has been received here of their safety. Both, like Private Brown, had been enlisted in the air corps and were stationed at Bellows Field.

Private Brown was born in Concord and was 26 years old. His mother, twice widowed, was then the wife of Robert Brown who died in 1925. She married Dr. Arthur Ayres in 1928 and he died in 1932. Mrs. Brown resided in Chatham. Private Brown enlisted more than a year ago, served at Fort Slocum and was then sent to Hawaii where he recently graduated from the armament school there and was assigned to duty as a bombardier.

### —Debate—

(Continued from Page 1)

Eliot Club Christmas Party to be held at the Eliot Church, December 23rd, plans for which will be confirmed by mail. It is planned to combine personal giving in the party program with giving of other gifts through the Community Chest program. A liberal collection of clothing is hoped for.

The proximity of our soldiers to us in their country will bring to the fore the difference between the civil law and the articles of war. The question of the debate will according to the ablest of the debaters involve the surrender of some of the attributes of sovereignty by some of the groups of the world-wide human race, in the interest of universal brotherhood upon which the peace of the world of the future will depend. To help now for the formation of just opinion in the future, we can open ourselves to ideals of justice now. That the general public should illustrate this principle for itself now in its response to the attack at Pearl Harbor will show which way the trend of opinion will develop. To reserve judgment of the military by civilian in this country, will avoid the the toward disunity elsewhere resulting from the judgment of the civilians by military regimes. At the peace table and before world tribunals thereafter, the present need for temperance will bear its fruit.

dition of the war impulse and the increase of patriotic ardor. Chairman Leonard called upon all Community Chest workers, including chairmen, captains and majors, to do everything possible to put the drive over the top as a civilian answer to the Axis attack.

CARRIE DELINA BELLAMY

Mrs. Carrie Delina Bellamy, wife of Mr. Leonard Bellamy of 3 Central ave., Newtonville, died at her home, Tuesday, Dec. 16. Mrs. Bellamy, who was in her 72nd year, was born in Brooklyn, New York, the daughter of Frederick G. Bulkley and Georgianna Zender Bulkley. She resided in Newton for 24 years. She is survived by her husband, one daughter, Mrs. George W. Eylesmyer and two grandchildren, all of Newton. Funeral services were held on Wednesday afternoon at 4 o'clock at her home with Rev. Laurence Emig and Rev. J. Franklin Knotts officiating, and on Thursday afternoon at 2:30 services were held in the Methodist Church at Middle Grove, New York. Burial was in Middle Grove Cemetery.

### JOHN J. AYRE

John J. Ayre of 733 Chestnut st., Waban died on Wednesday, Dec. 10. Mr. Ayre who was in his 61st year was born in Halifax, Nova Scotia, the son of George and Elsie McCormack Ayre. He had been a resident of Waban for 12 years and was associated for 45 years with the American Steel Wire Co. where he was manager of the trade department. He was a member of the Boston City Club. He is survived by his wife, Mrs. Elsie M. (Taber) Ayre, his mother, Mrs. Elsie Ayre and his sister, Mrs. Rose A. Doane of Quincy. Funeral services were held on Friday afternoon at 2 o'clock in the Union Church, Waban. Rev. Joseph MacDonald officiated. Burial was in Mt. Hope Cemetery, Worcester.

### CHARLOTTE E. MOODY

Miss Charlotte E. Moody of 30 Hyde ave., Newton died at her home on Thursday, December 11. Miss Moody who was in her 76th year was born in Spencer, Indiana, the daughter of Francis B. and Henrietta Stoy Moody. She is survived by her sister, Mrs. Frederick J. Fawcett of 30 Hyde ave., Newton. Funeral services were held on Saturday afternoon at 2 o'clock in Mt. Auburn Cemetery Chapel. Rev. H. Robert Smith officiated.

in favor of the farmer and laborer. He asserted that communism and socialism would eventually destroy initiative and happiness in the countries where they are practiced.

Dr. Colton was introduced by Prof. Kirtley F. Mather who conducted the question period. The next forum meeting will be on January 4th with Quentin Reynolds, Collier foreign correspondent, speaking on the subject, "I Saw Them Take It."

### Name Colby To T. B. Commission

Governor Leverett Saltonstall has appointed Representative Clarence C. Colby of Newton as his personal representative on the unpaid legislative recess commission investigating the cost and admission to county tuberculosis hospital. Rep. Colby has made a considerable study of the subject on his own initiative when a member of the Newton Board of Aldermen two years ago.

Edwin W. Hadley of 16 Belmont st., Newton, professor at Northeastern University School of Law was named by Governor Saltonstall to the special commission which will study the establishment of an administrative court. Through an error the governor's office had previously announced that Amos Irving Hadley of Harvard had been appointed.

The Governor's Council last week confirmed the earlier appointment of Mary Werner Roberts of Newton to the advisory board of the State Public Welfare Dept.

### Appoint Three To Police Force

The three members of the Newton reserve police force appointed to regular positions as patrolmen by Chief Michael T. Hughes last week are Alfonso C. Mancini, John A. Duane and John G. Murray. Their places on the reserve force will not be filled until a new examination is held to establish an eligible list which at present is exhausted. Their appointment fills the previously existing vacancies in the regular force caused by the promotion of two patrolmen to the rank of sergeant and the retirement of Patrolman Frank P. Dow.

### Sons of War Vet Volunteer

Among the first Newton youths to enlist in the armed forces of the United States following the declaration of war with Japan were John W. and Edward J. Foley, Jr., sons of Patrolman Edward J. Foley of the Newton police force. The senior Foley is a wounded veteran of the World War.

John W. Foley, who recently observed his 18th birthday, joined the Navy and left last week-end for the Newport Naval Training Station. He had been attending a machinist's school. Edward, Jr., 20, has applied for enlistment in the Marines.

The Foley family lives at 11 Hale st., Newton Upper Falls. Patrolman Foley served as a sergeant in the 26th Division being twice wounded. He received the Purple Heart and the French Verdun Medal. He also served on the Mexican border. His two brothers, Dana Foley of Charlesbank rd., Newton and the late William P. Foley also served in the Army during the World War.

### Seven Driven Out In Fire At Newtonville

A serious night fire which drove seven Newtonville residents to the street last Friday night kept firemen busy for an hour and a half and caused damage exceeding \$1000 to the two-family dwelling at 18-20 Bridges ave. The blaze was discovered by Mrs. Eva Trembley when awakened by smoke in her first floor apartment shortly after three o'clock. She aroused her husband and they carried out their two children, Arthur, nine and Frederick, five.

They shouted a warning to Mr. and Mrs. David Clapp and their daughter, Virginia, 21, occupants of the second floor, who hastened to the street. As the fire had burned the electric meter the roused victims were unable to turn on the lights and were forced to grope their way through darkness and smoke to escape. The fire is believed to have started in a rubbish barrel in the cellar.

As Mrs. Trembley reached the street she met a neighbor, Henry S. Kimball of 12 Bridges ave., whom she told to summon the fire department. He ran back to his home and telephoned an alarm at 3:21. Engines 1 and 4 responded but a box alarm was ordered bringing re-enforcements of Engine 8 and Ladder 3 and the lighting plant. The all out was sounded at 4:48.

The fire spread through portions of the house which is owned by Mrs. Gladys Magaw of 23 Bridges ave. The house adjoins the grounds of the Cabot School.

An alarm from Box 631 on Friday evening at 7:50 brought apparatus to a chimney fire in the home of John Grimes, 4 Mechanic st., Newton Upper Falls. The house is owned by George Cashman.

Engine 5 was called out twice on Friday to extinguish a brush fire at Robin Hood rd. and Crescent st., Auburndale. The first call was received at 8:28 and the other shortly before 1 p. m.

### RED CROSS VOLUNTEERS IN TWO WARS

By Florence E. Whittier  
For the most part, it's the older generation, the women who bore the heartache and the humanitarian and home defense brunt of the First World War who are again carrying on in volunteer work for the American Red Cross. It is probably the same in many Red Cross chapters from coast to coast—and in Britain, too, although of course the younger generation there, being definitely involved in war, is working side by side with the older group.

Take for example the West Newton Unit of the Newton Red Cross Chapter, one of a dozen units in the Garden City. Newton rates among the hardest-working and most generously humanitarian suburbs in the metropolitan area.

Of the nineteen Newton women whose individual portraits made up a page spread in the Boston Sunday Herald rotogravure section in the 1917-18 World War days, a number have literally unpacked their old Red Cross aprons, long, voluminous affairs, and gone to work again in the same spacious parish hall of the Second Congregational Church in West Newton, where the Red Cross unit is meeting until the close of the calendar year, then will be transferred to the neighboring First Unitarian Church in West Newton for the rest of the winter and spring season. This arrangement balances the expense involved for the two churches co-operating in offering facilities to this community activity.

The Soldiers' Aid Society of West Newton functioned from 1916-19, beginning with work for the National Guard at the Mexican border and continuing through the United States' participation in the World War until after the Armistice. Meanwhile the society was absorbed by the Red Cross but continued to do work besides for the fund for French Wounded, Italian War Relief, Hospital at Grenoble, France, Emergency Hospital, in addition to work for the base hospital at Camp Devens, and for Newton's own Company C. To this day many of the original workers have continued their humanitarian activities through the Community Service Club, which was the permanent outgrowth of this war effort.

Business men of West Newton aided financially and some of them assisted at evening Red Cross sessions. Miss Adele Fairbrother, now Mrs. Frederick Johnson, served as a nurse in France, and the late Miss Alice Wing, sister of Daniel Wing, Boston banker, was overseas with the Y. W. C. A. Of that early band of volunteers in the Soldiers' Aid Society, Mrs. Arthur G. Hosmer, president, regrets that her present state of health will not permit her to attend Red Cross sessions now.

Mrs. Charles A. Wyman, chairman.

## United States Regulation W

Of Interest To All Persons Selling Goods on Installment Plan

All persons engaged in the business of selling certain consumer's durable goods on the installment plan are required to register with the Federal Reserve Bank of Boston and to obtain a license in order to transact such business after January 1, 1942. The law provides heavy penalties for failure to comply with these requirements.

Banks are asked to co-operate by informing as many of such persons as possible in the community of the necessity of prompt registration. We have a supply of registration forms on hand.

## Newton To Win Safety Contest

### December Highway Accident Record May Give City Ninth Top Place in Twelve Months

Has Lead Over All Mass Cities of Its Population Class

Continuing to compile a satisfactory accident record during the month of December there is every indication that Newton will for the second consecutive year win the annual highway safety contest, in its population class, sponsored by the Massachusetts Safety Council. During 1941 Newton has won the top position monthly in eight of the eleven months and leads its nearest rivals by a large margin.

The November report issued recently gave the Garden City its eighth top place among the eight cities in Class 2. During the month Newton set an accident point rate of 38.6 per 100,000 population as against that of Holyoke, second in rating, of 55.8 per 100,000. Newton had no fatalities, 41 persons injured, 27 collisions and 27 accident points.

Other cities in Class 2, ranging from 50,000 to 100,000 in population, are Brockton, Malden, Quincy, Lynn, Lawrence and Medford.

### Two Fatal Auto Accidents

George W. Bailey, 74, of 22 Elliott terrace, Newton Upper Falls, was fatally injured Christmas night when he was hit by a car driven by Malcolm McRae of 86 Worcester st., Boston, as he was crossing the Turnpike near Woodstock st. He was removed to the Newton Hospital where he died shortly after.

Miss Sally Dunn, 50, who is employed in the home of Stuart M. Klejch of 15 Lee rd., Chestnut Hill, was found lying injured on Beacon st., Brighton, near the Newton police ambulance was called to the scene of the accident and Miss Dunn was removed to the Newton Hospital where she died at 12:40 Wednesday morning. As the accident happened on the Brighton side of the line, the Brighton police took up the investigation but were unable to find any clue to the hit and run car or anyone who had witnessed the accident.

### Fatal Accident Mars Newton Safety Record

A loss of five points for the Christmas night fatal accident on the Worcester Turnpike and other points for injuries during the holiday week have marred Newton's safety record for the month nearly thirty points. Despite the favorable weather which for the most part has made good driving conditions there have been numerous accidents throughout the state and Newton still retains a chance of being the safest city in its population class this month, although its lead may be considerably reduced.

### Appoint New Head Of Hospital

Chicago Administrator To Succeed Miss Bertha Allen Shortly

Early next month Gerhard Hartman, executive secretary of the American College of Hospital Administrators of Chicago will come to the Newton Hospital preparatory to succeeding Miss Bertha W. Allen as administrator. He will familiarize himself with the local position without official title until Miss Allen's retirement in the near future.

Though only thirty years of age Mr. Hartman is considered one of the ablest hospital administrators in the country. He has been a member of the faculty of the University of Chicago for two years as associate director of hospital administration. As executive secretary of the College of Hospital Administrators he has initiated and conducted hospital institutes for administrators at numerous universities throughout the country and Porto Rico. His work has put him in touch with outstanding administrators in the country and has given him first-hand knowledge of modern methods.

Mr. Hartman received his B.A. degree in Economics at the University of Buffalo in 1932 and his master of business administration in 1935. In 1935 and 1936 he took the hospital administration course at the University of Chicago and has had administrative training at Columbia University Medical Center.

Miss Allen will retire from service at the Newton Hospital after almost 35 years of association, nearly twenty years having been as superintendent.

### Boy Scout Troop Buys Defense Bond

Mr. George Buell, Assistant Treasurer Newton Trust Co., presenting \$25.00 Defense Bond to Francis Newton (left) and Fred Fowler (right) of Troop V, Norumbega Council Boy Scouts.

Finding that they had money in their treasury at the end of the year 1941, Troop 5 voted unanimously to purchase a defense bond. Scout Francis Newton and Fred Fowler representing Troop 5, called at the Newton Trust Company, Newton Centre, Massachusetts, on Monday afternoon at 2:45 and were met by Mr. G. P. Buell, Assistant Treasurer of the bank.

The boys explained their mission to Mr. Buell and indicated that it was the hope of the Troop that this thought would serve as an inspiration to other Troops to do the same.

Mr. Buell, in receiving the check, stated that he felt the Boy Scouts were the builders of America's future. He stated that the United States Government needed money at this particular time for implements of war, which war he said was waged for freedom and the American way of life. He felt, he stated, that this represented a true Christmas spirit on the part of the Scouts of Troop 5 and that although the money will be used at this time to insure the American democracy, that the same American democracy would in ten years return the money to the boys in Troop 5 with interest.

### Legion To Aid In Collecting Auto Plates

In the drive of the Newton Post, American Legion to collect automobile registration plates, all of the gas stations in Newton will be enlisted to assist. At the meeting of the executive board held at the War Memorial Building on Monday evening Commander Alvin D. Parker announced that Mayor Goddard has offered to have the city trucks collect all plates left at gas stations and they will be stored at the Crafts st. stable until State trucks pick them up. Supt. Julius E. Warren of the Newton School Department also will co-operate by having notices placed on the school bulletin (Continued on page 6)

### Auxiliary Defense To Be Enlarged

Double Fire Unit And Triple Police Unit Personnel

The doubling of the personnel of the Auxiliary Fire Department and the tripling of the Auxiliary Police Department in connection with the furtherance of defense plans in Newton was indicated this week by the appropriation of the Board of Aldermen on Monday evening of over \$15,000 for the necessary equipment.

A 500-gallon pump engine, two trailer pumps, 5000 feet of hose, 76 rubber coats, 76 pairs of rubber boots, 200 badges, and other equipment and tools for the fire force were contained in the sum of \$13,737.36. White traffic cross belts, night sticks, badges, arm bands and whistles were approved in the item of \$1,600.90 for the auxiliary police units.

The fire auxiliary at present numbers 100 men and the police auxiliary is a force of 157. Alderman Carl F. Schipper, chairman of the finance committee, informed the board of the plans to increase the membership of both units to provide for shifts to cover a twenty-four hour period.

The board also voted to amend the police ordinances to authorize the chief to appoint special police for a term of one year. Alderman George E. Rawson, of the claims and rules committee, told the board the step was advisable to enable the appointment of special policemen for duty as guards at defense plants. These would for the most part be employees of the manufacturing plants involved.

At the meeting of the school committee on Monday evening Supt. Julius E. Warren explained, by planned reorganization in Sept. 1942, the purchase of stock supplies against a rising market, the substitution of lower priced articles where feasible, the increased reliance upon the trade school for the making of school furniture and equipment, and closer co-operation with the public library in the use of book resources of the city.

### Enlistees To Receive Diplomas

School Board Votes Qualified Students May Leave April 1

Candidates for graduation from the Newton high school this coming June who enlist or enter the armed services on or after April 1st will be granted diplomas if their standing qualifies them. Action to this effect was taken on Monday night by a unanimous vote of the school committee after a considerable discussion of the problem faced by school administration officials. Principal Raymond A. Green explained the situation created by the departure of students to enlist before completing their courses.

Opinion of the school committee stressed the importance of completing a high school education before enlistment to the end that the boys would then be of greater value to the armed forces. Principal Green told the committee that the April 1st plan was consistent with the "approved work plan" under which seniors in good standing may leave school on that date if satisfactory employment is obtained. He told the committee of plans being developed to show boys how they can be of service in school and home defense work by taking first aid courses, doing Red Cross work, serving as messengers in the school ARP system, and by studying aeronautics. He displayed an arm band with the letter "M" to be worn by the messengers and Supt. Warren announced that a book, "Elements of Aeronautics" would be introduced into the schools. Mr. Green informed the committee that the problem had arisen last year when five boys were in- (Continued on page 6)

### Aldermen and School Board To Take Office; Floyd To Be Re-elected; Jamieson New V.P.

### Public Invited To Inauguration Ceremonies on Jan 1

The inauguration ceremonies of the Newton City Government will be held at City Hall on January 1st, at 3 P.M. An informal reception will be held immediately afterwards in the Mayor's office. Actual announcements have been sent to past and present officials of the City Government, and all members of the public are most cordially invited to attend.

### Colby New City Treasurer As Newhall Retires

The inauguration of the Newton city government for 1942 will be held next Thursday afternoon, Jan. 1st, at three o'clock. Mayor Paul M. Goddard, members of the Board of Aldermen and of the School Committee will take the oath of office. There will be two changes in the membership of the Aldermen with Kenneth D. McCutcheon of Waban succeeding Clifford H. Walker as the Ward 5 Alderman and James P. Akins taking the Ward 1 seat held by Donald L. Gibbs. The three new members of the school committee will be Fitzhugh Traynor of Auburndale, Mrs. Irene K. Thresher of Waban, and Thomas L. West of Newton. They succeed Chairman Harold Knowlton of Ward 4, Mrs. Margaret Woods of Ward 5 and Joseph F. Wogan of Ward 7. Members of the incoming Board of Aldermen caucused this week and nominated President Charles B. Floyd for re-election. Alderman Joseph B. Jamieson was unanimously nominated for vice-president to succeed Alderman Walker.

### School Budget For 1942

Total Increase of Less Than 1 Percent Over This Year's Figure

The adoption of a school budget for 1942 was announced this week by the Newton School department, showing an almost negligible increase over the amount granted for this year. In a total figure of \$1,506,784 the rise represents but .09 of one per cent over the 1941 expenditures despite an increase of nearly \$9000 in the cost of coal and over \$5000 required for providing instruction for children at the New England Peabody Home for Crippled Children.

The added items were absorbed, Supt. Julius E. Warren explained, by planned reorganization in Sept. 1942; the purchase of stock supplies against a rising market, the substitution of lower priced articles where feasible, the increased reliance upon the trade school for the making of school furniture and equipment, and closer co-operation with the public library in the use of book resources of the city.

The budget is regarded as a "war-time" budget, based upon the knowledge that the public tax burden for other essential would be heavier and making it necessary to weigh every expenditure with extreme care in relation to the total burden confronting citizens.

The regular school budget figure request totals \$1,414,799.70, an increase of \$1,353.91 over the amount granted this year. The Trade School budget for the coming year is \$91,984.30, an increase of only \$14.90 over this year's figures. Combined the total budget figures represent an increase of \$1,367.81.

The salary item for the coming year shows a decrease of \$4,605.34 due to the fact that 29 teachers entered the school system this year at salaries lower than the persons they replaced, and to reorganization and abandonment of positions already in effect or anticipated. A letter from Superintendent Warren to the School Committee, accompanying the budget, said in part:

"The school budget for 1942 is organized on the nationally standardized classification plan, adopted by Newton in 1941. A year's experience has made clear the advantages of this budget procedure, not only in setting up estimated expenditures and providing comparison with grants of previous years, but in spending and reporting properly the amounts appropriated for the operation of schools."

"In building the proposed budget for 1942 the School Committee and the Superintendent of Schools have been acutely aware of the total tax situation which is certain to exist in the coming year. This is a wartime budget. Every anticipated expenditure has been carefully weighed in relation to the total tax burden that faces all citizens in these times. There is no certainty, however, that costs as they may prove to be have been adequately anticipated. Costs arise from meeting needs, and no one can with accuracy predict what will be the needs in a year such as 1942 promises to be. In facing this situation every effort has been made to hold expense at a minimum. Careful study of the materials in support of this budget will show that money is requested for meeting only the emergencies clearly pre- (Continued on page 6)

### Three Eligible For Police Force

Three members of the reserve force have been certified by Civil Service Director Ulysses J. Lupton as eligible for appointment as temporary Patrolmen to fill the vacancy caused by the induction of Patrolman Edward A. Hickey into the Army. Patrolman Hickey was captain of a National Guard Company when the unit was inducted into the regular army last January. His place had not been filled as it was expected at that time that he would only be in the service for a year. The three are certified for appointment are, Edward J. Devlin, Alexander F. Zillinskis and David H. Kerr, Jr.

## Christmas Day

All that the past has brought  
All that the present is,  
All that the future means  
Springs from that lowly manger.

Out of Life Eternal  
Out of that wondrous hour  
Out of Faith unshaken  
Comes hope of peace on earth.

Once a star shone brightly  
Once shepherds praised a King  
Once a Life was given  
Lighting a beacon of Love.

Only good will towards men  
Only God's forgiveness  
Only Christmas spirit  
Guide us to the road ahead.

Where do we find the Peace?  
Where do we find the Faith?  
Where do we find the Love?  
Without Him on Christmas Day!

## A Difficult Decision for Youth

Hundreds of our Newton youths are facing one of the most difficult decisions that will ever be presented to them. Their country is at war, the safety of their homes is threatened, their future happiness must be bought at a tremendous price by thousands of their fellow citizens. Their patriotism is challenged, yet how best can they prepare themselves to meet the demands which will be made upon them. For there is every indication that the war will be a long one and every patient sacrifice that is made will count many times the impulsiveness that youth sometimes knows.

The school committee has voted to award diplomas to those youths who are qualified to receive their graduation certificates on April 1st, should they decide to enlist in the armed forces of the country. The school committee points out to these youths that

this is the only opportunity they will ever have to complete a fundamental education. They point out that such an education is of vast importance in the husbanding and combining of our efforts to win a war which may require years of stress and strain.

Nearly twenty-five years ago we were in the same position and had the same problems to decide that these youths of today now have. We saw our classmates, our friends, and our "heroes" make the supreme sacrifices. We were among those who strove to readjust ourselves to the changed conditions at the close of the war. We honored those whose glorious deeds still live in memory. We undertake in no way to prescribe the course that youth today should follow. There are circumstances surrounding every individual case which bear upon the problem and it becomes a personal one with each and every youth.

## Red Cross

(Continued from Page 1)

man of the sewing group in the last war, died last week at 88 years old following a shock. Until a few weeks ago, despite the infirmities of age and failing eyesight, she knitted at home both for the Red Cross and British War Relief. Like mother, like daughter, the present West Newton village chairman of the Red Cross is Mrs. Wynan's daughter, Mrs. Edward W. Pridmore, who was one of the younger married set assisting rather than directing during the last war.

The quietly efficient West Newton chairman of the surgical dressings group, Mrs. Daniel Needham, wife of the Massachusetts Public Safety Commissioner (formerly Brigadier-General of the Mass. National Guard), was too young in the earlier war, being then only a student, to do anything but take a first aid course and assist on entertainment committees at Camp Devens. Mrs. E. V. Alley of the present West Newton group is now all-Newton chairman of surgical dressings.

Among the other officers and workers of the old Soldiers' Aid Society of West Newton who are again active in Red Cross work are: Mrs. Joseph Lovett, formerly vice-president and mother of Mrs. John Campbell, who now comes with her; Miss Edith B. Wadsworth, formerly secretary; Mrs. Sidney B. Thomas, formerly treasurer; Mrs. Wm. A. Young, formerly head monitor; Mrs. Edward Whorf and Miss Margaret Jewett, formerly of the packing committee; Mrs. Henry Whitmore, formerly of the knitting committee; Mrs. Irving J. Fisher, former director of surgical dressings, is an active monitor and worker now. Mrs. Carl E. Pickhardt, who took over the sewing activities for refugees at the end of the last war period, is now chairman of knitting.

Mrs. Herbert Felton, former head monitor, now lives in Boston, as does Mrs. Wm. A. Young, formerly of the knitting committee. Mrs. Thomas Crimmins, of the knitting committee in the last war, is now in Camden, Maine. Mrs. Maude Phelps now lives in Brattleboro, Vt. She was on the packing committee earlier.

Mrs. Ellery Peabody, another former vice president, in memory of whose soldier son, Ellery Peabody, Jr., a beautiful stained-glass window adorns the West Newton Unitarian Church, has died.

Mrs. L. A. Kimberley, formerly of the knitting committee, Mrs. Edwin Dodge, Mrs. Wilson, wife of a one-time Newton mayor, Mrs. Hastings, Mrs. George Larcomb, Mrs. George Bond, Mrs. George Newhall, Mrs. Wisner, Mrs. Josiah Bacon, Mrs. Elizabeth Harris, Mrs. Alexander Bennett and Miss Elizabeth Thurston have all died in the years between the two world wars.

Mrs. Gardner Jones now lives

in Brookline, Mrs. Joseph Lovett in Boston, Mrs. Lizzie Potter Goodman in Brighton. Miss Torrey, aunt of Miss Helen Potter, still lives here in West Newton. Mrs. Charles Swaine Thomas is not able to attend Red Cross now. Others in the former sewing group who still reside in Newton include Mrs. Edith Marsh Talbot, Mrs. Bentley, Mrs. Hartel, Mrs. Friend, Mrs. Whitteley and Mrs. Gow.

Mrs. Frazier and her daughter, Mrs. Alvah Steadman, who was chairman of sewing in the former war days, have both passed on.

Miss Mary Elder is again in the sewing group.

Mrs. Stanley Bolster, Mrs. Clarence Haskell and Mrs. Fred Sawyer are Red Cross workers once more.

Of those who have died in the years between the two world conflicts there should also be named Mrs. Daniel Wing, Mrs. A. S. Pratt, Mrs. Frank Remick and Mrs. Clarence Weaver.

Mrs. Cliff Rogers Clapp, formerly on the sewing committee, still lives here. Her aviator son died in service.

Mrs. J. P. Holmes is now in Walpole and Miss Ethel Howland lives in Brookline. Mrs. Joseph Eddy lives now in Florida.

Two photographs, one of the sewing and another of the surgical units, taken in the same workrooms now being used at the Second Congregational Church in West Newton, are the prized possessions of some of the members. Interest in this survey of workers who have volunteered for Red Cross work in two world wars was aroused when present fellow workers were shown copies of these photographs, taken by George Hastings, an old-time photographer then in Newtonville and latterly in Watertown until his death a few years ago. By some coincidence, the photographer of the present Red Cross village units in Newton, William L. Tisdell, of the Boston Globe, is a night reporter staff, met Mr. Hastings some years ago and found his photographic knowledge valuable and his personal reminiscences and character most interesting.

These two photographs referred to were brought to the West Newton workrooms by Mrs. Herbert Cole, who was in the sewing group then and is again a loyal worker, and by Mrs. Sidney B. Thomas, formerly treasurer of the Soldiers' Aid Society of West Newton, who then as now worked on surgical dressings. Mrs. Thomas' citation from the Fund of the French Wounded is of interest to allied workers today.

Others in the West Newton surgical dressing group two decades ago, identified in the photograph and still living in the Newton, include Mrs. F. S. Hardy, Mrs. Charles E. Benson, Mrs. Grace F. Rice, Miss Josephine Carpenter, Mrs. H. F. Cate and Mrs. Fred Felton.

Of the mother-and-daughter combinations, Miss Louise and Miss Carrie Lovett are carrying

on still. Their mother, Mrs. George T. Lovett, died during the earlier World War activities. Miss Louise Lovett was head monitor then and both the Misses Lovett are regular attendants at the Thursday sewing group sessions now.

Mrs. Maud C. Scudder, whose mother, the late Mrs. Abby Scudder, was a faithful member of the sewing group previously, fell on the ice in the first snowstorm in November, 1940, on her way to Red Cross, then meeting at the Newton Unitarian Church, breaking her hip. Nothing daunted, she reappeared for work with the surgical dressings group as soon as she was able after her long hospitalization and convalescence.

Mrs. Ernest R. Cooper, until recently in this war chairman of sewing at West Newton, is now sewing chairman at Newton headquarters. Miss Mary Esther Cooper was a monitor in the surgical dressings unit in West Newton until she became a staff assistant on Roll Call and broadcasting at the Metropolitan Boston Chapter. Another daughter, Miss Elisabeth Cooper, is at the information center on anti-aircraft.

Of the other family combinations, Mrs. S. H. Whidden, who was in the first World War group, is an aunt of Mrs. Robert Whidden who is a member of the present surgical unit.

Mrs. F. H. Fowle and Mrs. Daniel Whipple are the new co-chairmen of sewing.

Of the younger generation, there are a few of the younger and young matron age, but it is, for the most part, the gallant older generation which is still carrying on through two World Wars.

Whether assisting on Red Cross days in West Newton, or at production headquarters in Newtonville or elsewhere, no doubt all of those formerly active and still living are doing what they are still able to do in active Red Cross work, or knitting at home, or contributing financially to the Red Cross roll call. In the past as in the present, many women have and are helping in all three ways, in production, knitting and through membership.

All in all, it is an amazing record of continued loyalty to Red Cross and faith in the future, as well as the past of the America we all love. It is the mothers and wives and sisters of the men in military service who are thus carrying on behind the lines, making surgical dressings for the wounded soldiers, sailors or marines in combat, and for bombed civilians, and making knitted garments and wearing apparel for all other unfortunate victims of war wherever located.

The American Red Cross is a humanitarian society for civilian war service and its volunteers are the women of the country. These comprise a powerful army of dutiful women, whose love of country is combined in service with love for their own near and dear ones in uniform, in the service of their own or allied forces.

The West Newton unit of the Newton Chapter of the Metropolitan Boston Red Cross, is but a typical example of American Red Cross groups all over the land.

This survey is intended as a tribute to the older generation by younger members of the West Newton unit, who was only in high school and college during the last war, and whose patriotic activities then included only a little slow, painful knitting, selling war savings stamps and soliciting for various philanthropic organizations.

A salute to the gallant generation still carrying on a solemn tribute in memory of those who have died since rendering service to the American Red Cross, and a plea to the mothers and younger generation of matrons and unmarried young women to follow their good example and rally to the Red Cross Roll Call—and to volunteer work at one of the numerous Red Cross surgical or sewing or knitting units.

## To Call Ten Men In January Draft

The selection of ten men by Newton draft boards will complete the January quota for the city of Newton. Board 112 has been asked to send four men on Jan. 12th for induction at the Boston induction station. Board 113 was ordered to send six men on Jan. 7th. Board 114 has received no orders for January induction, indicating that its quota has been filled by enlistments.

Eleven men were sent by Boards 112 and 113 to the induction station on Dec. 14th and reports have been received that but three of this group passed their qualifying tests, two out of the six men from Board 112 and one out of five men from Board 113. The case of one other selectee of Board 113 is still pending. No word was received regarding the one registrant sent by board 114 for examination last week.

## Rotary Club

Regular meeting was held on Monday at 12:15 at the Brae Burn Golf Club with President Charles Meeker presiding. Singing was led by Cecil Clark with Lou Hatterment playing the piano.

A letter was read by Roy Edwards from Lieutenant Colonel Ray Lang telling the need of turnings of the new officers ready quarters at Camp Edwards. John Languey stated that there is sand available at three city yards for any who cared to go and get it for use as purposes.

The speaker, Bradford Washburn, director of the new England Museum of Natural History in Boston, was introduced by President Charles Meeker. He first spoke of Alaska and stated that it consists of about 300,000 square miles with only a little over 100,000 population. The city of Newton, he said that it is one of the busiest places he knows about and no leaning on snows as some are doing here, and wonderful progress is being made toward defense. It is located just about one-half the distance between Seattle and Tokyo.

The temperature varies greatly for in November the average in Juneau was between 38-50 degrees while in about one and three-quarters hours trip to Fairbanks it dropped to 50-60 degrees below zero.

He spoke of the work being done at the New England Museum of Natural History and stated that it is not helped financially by the City of Boston but depends entirely on memberships and some endowments. Last year nearly 125,000 persons enjoyed the programs given.

He said the building was built in 1860 and there have been very few changes over the years. He hoped that they would have a new building before many more years as is needed. New modern exhibits are taking the place of some ancient collections; special lecture courses for the public; field trips for boys and girls; and counselors visited approximately 15,000 in summer camps this past summer. There are also movies and lectures on Saturday afternoons for children.

## Women's Club Activities

### Coming Events

#### Waban Woman's Club

A novel method of teaching geography and foreign culture will be offered the school children of Newton when on January 13, 1942, a play entitled "Marco Polo" will be presented in the Newton High School by the Junior Program, Inc. of Newton.

The program is sponsored by the Waban Woman's Club and has the endorsement of the school authorities. Mr. Julius Warren, Superintendent of Schools, has pledged his enthusiastic cooperation. Mrs. Fraser Forgie of the Newton Guidance Department, is serving on the Committee as correlation chairman. School classes will study the historical background of the play and art classes will make posters.

The play, written and directed by Saul Lancourt, represents a synthesis in stage technique of the musical arts of opera, the dance of ballet, and straight drama. It will be staged by the Junior Programs Inc., and will include opera singers known through their Victor records and concert appearances and well known dancers in choreography by the eminent Ruth St. Denis.

So that the children may more readily visualize the culture of Italy and China, the story of the play is based on the life of the 13th Century Italian, Marco Polo, and his adventures in China. As a backdrop there is a huge map accurately reproducing the features of authentic 13th Century maps depicting the world as it was known before the days of Columbus. To lighten its dramatic qualities lights gleam in the map as reference is made to each part of the journey. Throughout two elaborately staged acts, in which the story is dramatically portrayed, authentic songs and dances of ancient China and Venice are skillfully injected.

## Local Oil Company Has Xmas Party

On Monday evening the C. A. Breed Company of Newton, Timken dealers in this territory and the largest general burner service organization in Boston, had their annual Christmas party, entertainment and dance at the Newton Centre Woman's Club.

About 125 employees and guests enjoyed the evening with modern and old time dancing, followed by a supper at midnight. During the evening the dancing was constantly interrupted by numerous skits put on by A. L. Coleman, G. J. O'Neill, R. L. Spague, James Taubey, Russell Barnstead, and A. M. Gear. Boston Night Club entertainers also helped in the general hilarity. Gifts were distributed by Santa Claus who appeared minus his pants, having lost them earlier in the Fall when Mr. Ickes publicized his ill advised oil shortage scare.

C. A. Breed gave out Defense Bonds and cash prizes during the evening to members of the organization who had shown special aptitude in various branches of their work during the past season.

About 40 guests were present from various fuel companies in Boston with whom the C. A. Breed Company is associated in servicing fuel oil equipment.

Arrangements were in charge of Doris Martin, Winifred Robinson, George O'Neill, Joseph McKenney and Pete Coleman.

## School Quintet Wins at Quincy

The Newton High School varsity basketball team opened its season on last Friday evening journeying to Quincy to take the Granite City quintet by a 29 to 17 score. The locals led from the start with Bob Flagg at center setting the pace with eight points and Bill Sharp tallying seven. Harold Martin caged six points and shone defensively for Coach Beverly Wilson's team.

## Day Jr. High

A gay medley of Christmas music was the overture played by the orchestra at the assembly Friday morning, Dec. 19. The program opened with a group of six carols. Groups of musicians from the orchestra played the carols through the audience and the audience joined them on the second playing.

## Trumpets

were played by Robert Weeks, Warren Oliver and Albert Sears, a flute solo by Frank Bate-man, violins by Barkev Kaligian, Dorothy Knox, Margaret McKinnon, Roland Farnham and John Lamiet, trombones by Harry E. Chelcher, George Eyleshymer and Ben Clark, and saxophones, by Joe Beauregard, John Duff and William Crafts.

The carols were followed by a xylophone solo by Willard Boulter and three clarinets and a saxophone by Robert Snow, William Crafts, Roger Mergendahl and Joe Beauregard.

## City League Basketball To Start Jan. 5th

The Newton City Basketball League will get under way on Jan. 5, with eight teams participating. Director John E. Leary of the Newton Recreation Department announced this week.

Final arrangements for the opening will be made at a meeting of managers on Friday, at 7:15 p. m., at the Newton Center Recreation Building.

Each team will play 14 games to be held in the Bigelow Junior High School Gym, Newton, on Monday, Tuesday, Wednesday and Thursday evening. Last year's teams to return to the league are the Newton Y. M. C. A. V. A. Anderson, manager; the Italian American Catholic Club, Al Colletti, manager; the Black Hawks, Peter Leone, manager. The Newton Highlands Boys' Club will return after an absence of one year.

Newcomers will include St. Bernard's, Paul Riley, manager; Shamrock's, John Rigby, manager and Numees. The eighth team will be picked on Friday evening.

League officials will include Howard Ferguson, John (Red) Joyce, Wendell Thornton, John (Pepper) Martin, Beverly Wilson, Vic Knappman and John Shaughnessy.

## Numees Win Sixth Victory

The Numees of the Newtonville Methodist Church defeated the very strong Waltham Boys' Club quintet last Friday night, 49-39.

With the score close all the way, the Numees led by the spectacular shooting by Ray Holmes and Wayne Underhill ably assisted by Bill McCormick on the defense.

Bill McCormick on the defense took the contest with ten points to spare. The Numees set a new record when they sank 15 out of 16 free throws from the foul line.

John Mazzarini and Fred DeMarco were outstanding for the Waltham Club. The Boys' Club is made up of boys from St. Charles, St. Mary's and Waltham High School. Last Friday night's club was one of their best.

On Saturday night the Numees motored to Brockton to play a Brockton A. C. touted as a strong club along the South Shore. Brockton started off by scoring the first two field goals but once the Numees started to click their passing and shooting attack was too much for the Brockton team.

Wayne Underhill chalked up 22 points, Ray Holmes 17 and Bob Davidson 12. Bill McCormick was outstanding on defense taking rebound after rebound. Russell Keefe, captain and star for Watertown High School last year, made his debut for the Numees and looked most impressive. Ray Burrill and Don Pearson were the best for Brockton. The Numees played their best game of the present season. Brockton will return to Newton some time in January.

The Numees will rest for a week and then resume play. On Monday night, December 29th they will play the Somerville "Camco's" in Somerville. On the 30th they will play the Villazon T. T. and during the week they will meet Dedham and Brookline High School, returning to their own gym for the New Year when they meet the powerful "Braintree" Woods quintet at 8:00 o'clock on Friday night, January 2nd.

The Newtonville Jrs. will open at the Newton Y. M. C. A. this Saturday afternoon at 2:00 o'clock facing St. John's of Watertown. Bill Hanson, Tom Carr, Russell

Croby, Leverett and Chester Brimblecom, Warren Underhill, Arvin Teschner and Bob Taylor should be among the likely starters.

The Seniors open on Wednesday evening, January 7th at 8:00 o'clock against Second Church of West Newton.

Bob Davidson, Wayne Underhill, Ray Holmes, Cooper Enderlin, Bill McCormick, and Russell Keefe will make up the first five.

## Father Installs Son As Rector At Newtonville

Rt. Rev. James DeWolf Perry, bishop of Rhode Island, conducted the installation service at the St. John's Episcopal Church, Newtonville, last Sunday morning at which his son, Rev. J. DeWolf Perry, Jr., was installed as rector. Rev. Mr. Perry announced that the church would be open at all times for passersby to "come in and say their prayers and intercessions for peace."

Bishop Perry opened the installation service by reading the letter of installation prepared by Bishop Henry Knox Sherrill, Episcopal Bishop of Massachusetts. Mr. Perry was formally accepted as rector by Elisha Avery, senior warden, who presented him with the keys of the church. Bishop Perry presented his son with a Bible.

The new rector prayed for success in his work and pledged himself to "faithful administration of all that had been entrusted to him." It has been a pleasure and a privilege to welcome my father this morning," he said. "At the invitation of Bishop Sherrill he has come here. It does not make a rector, this service, any more than the baptismal service makes one a child of God, but we come here today to receive his blessing on the work we are undertaking at this time."

Bishop Perry delivered the sermon on the subject "The Central Place of the Ministry." He concluded with a brief memorial service for the founders and clergy of the church who have died.

Mr. Perry was born in New Haven, Conn., Nov. 24, 1908, and was graduated from Harvard in 1932, received his theological degree from Virginia Seminary in 1936. Since 1938 he has been rector of the Church of St. Mary of the Harbor at Provincetown. He succeeds Rev. Raymond Lang who resigned recently on being commissioned as a major in the chaplain service of the U. S. Army at Camp Edwards.

ducted into the regular army with the National Guard. They had been given an opportunity to complete their school work while in camp. On Monday, Dec. 22, they received their diplomas. This year five seniors and one junior have enlisted in the armed forces and were informed that they could not receive their diplomas.

Members voted at the meeting of the local Kiwanis Club last Tuesday to increase the dues for 1942 to \$20.00 per year. This will allow increased activity in underprivileged child assistance, which work the local club has been extremely active in for years. The committee reported that the Christmas Party given the children of the Peabody Home was a grand success, and was attended by many of the local club members. Over 100 pounds of candy was donated to the children at the Peabody Home and to the children at the Working Boys' Home.

John A. Janse presented a roasting pig. George VanBuskirk, Manager of the Paramount Theatre, was the winner. He presented the pig to the military boys camped in the telephone building on Elm st.

President Raymond Green called attention to the installation of officers for 1942, which will be held at the Latin Quarter on January 7th. The committee announced that nearly 100 tickets had already been taken.

The speaker was Neil Leonard, who is Campaign Chairman of the Newton Community Chest. Mr. Leonard outlined the importance of the Community Fund, particularly in the face of war and the Red Cross had become part of the Fund Agencies. The quota for Newton is now \$285,000, which is an increase of about \$100,000 over what we have raised in the past. Mr. Leonard has a wonderful campaign organization ready to go into the field and says he feels confident that the needy will be let down.

## Elect New School Teacher

At the meeting of the Newton School Committee on Monday evening, a new teacher was elected and the resignation of two clerks were accepted. Miss Madeleine G. Carroll was elected as a teacher and will be in charge of the Ward School to fill the vacancy caused by the transfer of another teacher to the junior high school. Miss Caswell is a graduate of the Bridgewater State Normal School. Her election will become effective on February 2, 1942.

Ellen Cuniff, a clerk in the cafeteria department has accepted a Civil Service position in Washington, D. C., and Frances W. Hanlon has accepted a position at Massachusetts Institute of Technology.

A leave of absence for the remainder of the school year was granted to Harry J. Patterson, a teacher at the Trade School, who has been assigned by the State Department of Education to foreman training work in industrial plants for the office of Production Management.

## Newton Families

Mr. and Mrs. Thomas E. Donnelly of 6 Ridge ave., Newton Centre, have the distinction of living in a house with purple glass windows of the kind you see on Beacon Hill. They also have a salt box house which is rather uncommon in this vicinity.

Mr. Donnelly is a graduate of Boston University and the Suffolk

Law School with an office in Newton. Most important of all in any account of the Donnellys, however, are their four children, Maureen, seven, and Thomas, Jr., six, who are in the third and second grades respectively, of the Sacred Heart School; James, four, and Brenda, two and one-half.

Boy Scouts Distribute Unique Season's Greeting Card Extending Thanks of Chest Agencies to Newton Residents

"The Seasons Greetings to You who have helped extend the spirit of giving throughout the past year."

This was the message received by 18,000 Newton residents just before the Christmas holidays. It came from the Newton Community Chest and its member agencies.

Delivered by Boy Scouts, a cheery but inexpensive greeting card brought warmth and happiness to the thousands who have made the Chest work possible by their contributions.

The card bears, on its first page, the blue star and red feather—symbol of the 1942 Greater Boston United War Fund in which the Newton Community Chest participated.

A gay decoration of holly and Christmas bells on the inner page calls attention to a message on the privilege of living in Newton—a privilege made possible because "good citizens share responsibility as well as privileges." "Every year you and over 17,000 other men and women participate in the Newton Community Chest. Over 2000 are campaign workers, giving time, abundant and valuable time, as well as money—by assuming these responsibilities of citizenship, by opening your heart to human needs, you make Newton the privileged community it is."

And we are determined that it will remain so, the kind of a community we want to live in. We are determined that all needs, which there are many, will be met. For no community is so privileged that there is no poverty, sickness, youth problems, and despair—or which there are no children in the Community Chest."

Listed on the reverse side are names of the 14 chest agencies, with an invitation to visit them, and a reminder that more than 1000 Newton boys now in service are being provided with recreational facilities by the United Service Organizations aided by the 1942 United Campaign.

It is pointed out by Chest directors that the card represents the thanks of the agencies and the neighbors who have been helped through them.

"These thanks are being expressed constantly throughout the year," said Kenneth Backman, member of the committee which prepared the greeting card. "People from all walks of life call up the Chest office, visit it and write letters expressing gratitude. We felt that for a trifling cost we could do no better service at this season than let those who contribute to the Chest know the good accomplished by their gifts."

boards urging the pupils to remind their parents about the drive. Three hundred posters will also be distributed to local gas stations and placed in store windows and advertisements to be printed in local newspapers.

The following committee has been appointed by Commander Parker to conduct the collection: Albert K. Commander Parker also named the following committee to plan the Post: A. H. Rangow, chairman, Elmer E. Ellsworth and Charles E. Coogan.

## Wellesley Tops Newton Sextet

The Newton High hockey team was downed 1 to 0 by Wellesley High in the first inter-league game. The orange and black last Saturday afternoon at the Boston Arena. Coach Evan Johnson's out of fit fought gallantly to overcome the deficit but without avail. Wellesley tallied on a long shot less than a minute after play in the second period began. The puck slithered off Bill Jasso's stick into the corner of the cage as he attempted to clear them.

In the last period Newton's starting forward line of Ray Hunting, Ray Eusden and Everett Olds pressed repeatedly with Charlie French and Guy Munroe, co-captains, on the defense turning back Wellesley's threats.

Newton still holds a tie for fourth place in the Greater Boston League circuit as the loss does not figure in the league standing. This week Saturday the locals meet Waltham High at the Boston Arena in another inter-league contest.

ton Centre had been installed so that his office may be notified immediately of the "yellow warning." He may then flash word to the 21 schools throughout the city over seven trunk lines.

Chairman Harold W. Knowlton appointed a committee of three, C. Raymond Cabot, Ralph Taber and Francis P. Frazier, to meet with the superintendent and civilian defense council to deal with plans for the evacuation or retention of children in the event an air raid should take place during school hours. Supt. Warren stated that the trend nationally was for the retention of pupils. It was believed that in many instances conditions surrounding individual situations should be the deciding factor.

Meanwhile plans of the Newton Committee on Public Safety are being made for the installation of air raid signals. The committee has received a report of tests made by the Gamewell Company of Newton. Upper Falls. Other tests are to be made shortly by another equipment concern as the problem of delivery of materials has become a factor. It is believed that Newton will need an installation system of seven or eight sirens to cover the entire city.

The Newton Police Department, through Chief Michael T. Hughes, has issued an order for strict enforcement of parking regulations so that in the event of snowstorms there will be as little interference with plowing as possible. The police department has been seriously handicapped by cars being left out all night and in view of the present war emergency precautions are necessary for civilian defense.

## Commander Appeals To Employers

Captain George F. Henrikus, commander of Company C, 23rd Infantry, State Guard of Newton, appealed today to employers of members of that unit to make every effort to find way of easing the financial burden caused by their call to active service for guard duty last week in Somerville.

Captain Henrikus asked that, if at all possible, the men be given full pay and, if that were not possible, the difference between their state pay and their regular wages. Some employers, he added, already have assured their employees they would receive full pay for the three days they were on duty. The company performed guard duty over two drawbridges and a large railroad freight yard from midnight Wednesday to 10 a. m. Saturday.

In his appeal, the commander said: "Since C Company was organized on a temporary basis in January (it was accepted by the state on March 17) these men have given unselfishly of their time and labor. They have received not one cent for their Armory duty. Many of them, especially the non-commissioned officers, have given two or more nights a week. Practically all of them have gone to the state rifle range. They did all this to make themselves better soldiers. They purchased summer uniforms out of their own pockets when it appeared the state issue would be late in arriving. In short, they did everything they could to perfect themselves in the new mechanics of warfare, to the end they might better serve you and your neighbor, if called on.

"Last Wednesday they responded to the call cheerfully. There was no grumbling. All took the attitude: 'There's a job to do; let's do it right.' Day and night, in cold and once in a chilling rain, they walked their posts, guarding the bridges through which vital supplies had to pass and railroad tracks over which needed foods rolled into New England. They were protecting you. For that service, the state will pay them \$1.55 a day. At this particular time of the year any

financial sacrifice means hardship to many of these men and their families. I think if you understand just what they did do that you will gladly co-operate to make their lot just a bit easier.

"At the present time I anticipate no further calls of this nature, at least not in the near future. Please try to pay your employees in full or, failing that, help them over the rough spots in some manner which will not bring hardship to yourself.

"These men are trying to do their bit. I ask you to help them. At this critical moment the city, state and nation needs them. By helping them financially, you will be doing your part in our nation's defense plan."

## Pomroy House Presents Christmas Dramatization

A dramatization of the "Legend of the Christmas Rose," by Selma Lagerlof, was presented last Friday evening at the Underwood School hall by members of the Rebecca M. Pomroy House. The dramatization was arranged by Mrs. Margaret Shipman Jamieson, coach. ## White Resigns As Secretary to Senator Lodge

The announcement of the appointment of Maxwell W. Robb of Brookline as chief secretary to Senator Henry Cabot Lodge this week revealed the resignation from that position of Thomas W. White of 1173 Easton st., Newton Upper Falls. Mr. White has been chief secretary and political adviser to Senator Lodge since the latter's election five years ago. He will return to Massachusetts to be free to direct Senator Lodge's campaign for second term in next year's election.

**Larger Than Elephants**  
New-born blue whales are far larger than full-grown elephants. They measure some 25 feet in length, weigh about eight tons and grow very rapidly, reaching a length of about 60 feet during the first year, while still nursing.

**Origin of Roman Numerals**  
The origin of the Roman numerals V and X is not definitely known. It has been suggested that V or 5 represents the open hand with the fingers, except the thumb, held together. X or 10 is possibly double V.

**Restoring Cut Flowers**  
Cut flowers, slightly withered, can be restored by pouring a weak solution of camphor into the water in which the flowers stand.
